A. Selected Financial Data

The following table presents selected financial information. Our financial statements are stated in United States Dollars and are prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP); the application of which conforms in all material respects for the periods presented with US GAAP, except as disclosed in footnotes to the financial statements.

1 Under US GAAP, contingently-cancelable (and escrowed) common shares would not have been included in the calculation of the weighted average number of shares used to determine EPS. We have no such shares.

2 Under Canadian GAAP, mineral properties may be carried at cost and written-off or written-down if the properties are abandoned, sold, or if management decides not to pursue the properties. Under US GAAP, mineral properties are carried at the lesser of cost and net realizable value based on periodic review supported by independent reports. In 2003, we changed our accounting policy to conform to the US GAAP method and therefore there are no differences between our presentation under Canadian and US GAAP and SEC regulations in our financial statements.

3 Under US GAAP, long-term investments would be written down to market value on an individual basis and charged to a contra-equity account for unrealized losses on investments.

All monetary amounts in this annual report are expressed in United States dollars unless otherwise indicated.

D. Risk Factors

An investment in our common shares is speculative and subject to a number of risks. Only those persons who can bear the risk of the entire loss of their investment should participate. An investor should carefully consider the risks described below and the other information that we file with the SEC and with Canadian securities regulators before investing in our common shares. The risks described below are not the only ones faced. Additional risks that we are aware of or that we currently believe are immaterial may become important factors that affect our business in the future. If any of the following risks occur, or if others occur, our business, operating results, and financial condition could be seriously harmed and our investors may lose all of their investment.

RISKS RELATING TO OUR BUSINESS

Our metals exploration efforts are highly speculative in nature and may be unsuccessful.

As a pre-feasibility stage company, our work is speculative and involves unique and greater risks than are generally associated with other businesses. We cannot know if our properties contain commercially viable ore bodies or reserves until additional evaluation work concludes that development of and production from the ore body is technically, economically, and legally feasible.

There is no known body of commercial ore on the NorthMet Project and there is no certainty that the expenditures made to complete the Definitive Feasibility Study, or otherwise will establish the existence of a commercial orebody. The development of mineral deposits involves uncertainties, which careful evaluation, experience, and knowledge cannot eliminate. Although the discovery of an ore body may result in substantial rewards, few properties explored are ultimately developed into producing mines. It is impossible to ensure that the current pre-feasibility programs we have planned will result in a profitable commercial mining operation. Significant capital investment is required to achieve commercial production from successful exploration efforts.

We are subject to all of the risks inherent in the mining industry, including, without limitation, the following:

- Success in discovering and developing commercially viable quantities of minerals is the result of a number of factors, including the quality of management, the interpretation of geological data, the level of geological and technical expertise and the quality of land available for exploration;

- Exploration for minerals is highly speculative and involves substantial risks, even when conducted on properties known to contain significant quantities of mineralization, and most exploration projects do not result in the discovery of commercially mineable deposits of ore;

- Operations are subject to a variety of existing laws and regulations relating to exploration and development, permitting procedures, safety precautions, property reclamation, employee health and safety, air and water quality standards, pollution and other environmental protection controls, all of which are subject to change and are becoming more stringent and costly to comply with;

- A large number of factors beyond our control, including fluctuations in metal prices and production costs, inflation, the proximity and liquidity of precious metals and energy fuels markets and processing equipment, government regulations, including regulations relating to prices, taxes, royalties, land tenure, land use, importing and exporting of minerals and environmental protection, and other economic conditions, will affect the economic feasibility of mining;

- Substantial expenditures are required to establish proven and probable ore reserves through drilling, to determine metallurgical processes to extract the metals from the ore and, in the case of new properties, to construct mining and processing facilities; and

- If we proceed to the development stage of a mining operation, our mining activities could be subject to substantial operating risks and hazards, including metal bullion losses, environmental hazards, industrial accidents, labor disputes, encountering unusual or unexpected geologic formations or other geological or grade problems, encountering unanticipated ground or water conditions, cave-ins, pit-wall failures, flooding, rock falls, periodic interruptions due to inclement weather conditions or other unfavorable operating conditions and other acts of God. Some of these risks and hazards are not insurable or may be subject to exclusion or limitation in any coverage which we obtain or may not be insured due to economic considerations.

As a result of all of these factors, we may run out of money, in which case we will have to suspend or cease operations which could result in the loss of your investment.

We have had no production history and we do not know if we will generate revenues in the future. If we do not, you may lose your investment.

While we were incorporated in 1981, we have no history of producing minerals. We have not developed or operated any mines, and we have no operating history upon which an evaluation of our future success or failure can be made. We currently have no mining operations of any kind. Our ability to achieve and maintain profitable mining operations is dependent upon a number of factors, including:

- our ability to locate an economically feasible mineral property; and
- our ability to either attract a partner to operate, or to successfully build and operate mines, processing plants and related infrastructure ourselves.

We are subject to all the risks associated with establishing new mining. We may not successfully establish mining operations or profitably produce metals at any of our properties. As such, we do not know if we will ever generate revenues. If we do not generate revenues, you may lose your investment in our common stock.

We have a history of losses which we expect to continue into the future. If we do not begin to generate revenues or find alternate sources of capital, we will either have to suspend or cease operations, in which case you will lose your investment.

As a pre-feasibility stage company that with no holdings in any producing mines, we continue to incur losses and expect to incur losses in the future. As of January 31, 2006, we had an accumulated deficit of $34,067,125. We may not be able to achieve or sustain profitability in the future. If we do not begin to generate revenues or find alternate sources of capital, we may either have to suspend or cease operations, in which case you will lose your investment.

We may not be able to raise the funds necessary to explore our mineral properties. If we are unable to raise such additional funds, we will have to suspend or cease operations in which case you will lose your investment.

We estimate that approximately $13,000,000 will be required to fund our operations for the next 12 months, which will be primarily used to advance our NorthMet Project. We may need to seek additional financing from the public or private debt or equity markets to continue our business activities. We have completed several private placements with certain investors during fiscal 2006, however, we do not know that these investors will continue to advance funds to us or that our efforts to obtain financing will be successful.

We will need to seek additional financing to complete our development of NorthMet. Sources of such external financing include future equity offerings, advance payments by potential customers to secure long-term supply contracts, grants and low-cost debt from certain state financial institutions, and commercial debt secured by the NorthMet project. The failure to obtain such additional financing could have a material adverse effect on our results of operations and financial condition. We may not be able to secure the financing necessary to sustain exploration and development activities in the future. If we cannot raise the money necessary to continue to explore and develop our property, we will have to suspend or cease operations and you could lose your investment.

Our actual mineral resources may not conform to our established estimates.

The figures for mineral resources stated in this Annual Report are estimates and no assurances can be given that the anticipated tonnages and grades will be achieved or that the indicated level of recovery will be realized. Market fluctuations and the prices of metals may render resources uneconomic. Moreover, short-term operating factors relating to the mineral deposits, such as the need for the orderly development of the deposits or the processing of new or different grades of ore, may cause a mining operation to be unprofitable in any particular accounting period.

There is no assurance that any of our mineral resources will ever be classified as reserves under the disclosure standards of the SEC.

Item 4.D of this Annual Report discusses our mineral resources in accordance with Canadian National Instrument 43-101. Resources are classified as "measured resources", "indicated resources" and "inferred resources" under NI 43-101. However, U.S. investors are cautioned that the SEC does not recognize these resource classifications. There is no assurance that any of our mineral resources will be converted into reserves under the disclosure standards of the United States Securities and Exchange Commission.

Our future activities could be subject to environmental laws and regulations which may have a materially adverse effect on our future operations, in which case our operations could be suspended or terminated and you could lose your investment.

We, like other pre-feasibility stage companies doing business in the United States and Canada, are subject to a variety of federal, provincial, state and local statutes, rules and regulations designed:

- to protect the environment, including the quality of the air and water in the vicinity of exploration, development, and mining operations;
- to remediate the environmental impacts of those exploration, development, and mining operations;
- to protect and preserve wetlands and endangered species; and
- to mitigate negative impacts on certain archeological and cultural sites.

We are required to obtain various governmental permits to conduct exploration at our properties. Obtaining the necessary governmental permits is often a complex and time-consuming process involving numerous U.S. or Canadian federal, provincial, state, and local agencies. The duration and success of each permitting effort is contingent upon many variables not within our control. In the context of obtaining permits or approvals, we must comply with known standards, existing laws, and regulations that may entail greater or lesser costs and delays depending on the nature of the activity to be permitted and the interpretation of the laws and regulations implemented by the permitting authority. The failure to obtain certain permits or the adoption of more stringent permitting requirements could have a material adverse effect on our business, operations, and properties and we may be unable to proceed with our exploration and development programs which will result in the loss of your investment.

Federal legislation and implementing regulations adopted and administered by the U.S. Environmental Protection Agency, Forest Service, Bureau of Land Management, Fish and Wildlife Service, Mine Safety and Health Administration, and other federal agencies, and legislation such as the Federal Clean Water Act, Clean Air Act, National Environmental Policy Act, Endangered Species Act, and Comprehensive Environmental Response, Compensation, and Liability Act, have a direct bearing on U.S. exploration, development and mining operations. Due to the uncertainties inherent in the permitting process, we cannot be certain that we will be able to obtain required approvals for proposed activities at any of our properties in a timely manner, or that our proposed activities will be allowed at all.

The process in obtaining federal and local regulatory approvals is increasingly cumbersome, time-consuming, and expensive, and the cost and uncertainty associated with the permitting process could have a material effect on exploring, developing or mining our properties. Moreover, compliance with statutory environmental quality requirements described above may require significant capital outlays, significantly affect our earning power, or cause material changes in our intended activities. Environmental standards imposed by federal, state, or local governments may be changed or become more stringent in the future, which could materially and adversely affect our proposed activities. As a result of these matters, our operations could be suspended or cease entirely, in which case you could lose your investment.

Because the price of metals fluctuate, if the price of metals for which we are exploring decreases below a specified level, it may no longer be profitable to explore for those metals and we will cease operations.

Prices of metals are determined by some of the following factors:

- expectations for inflation;
- the strength of the United States dollar;
- global and regional supply and demand; and
- political and economic conditions and production costs in major metals producing regions of the world.

The aggregate effect of these factors on metals prices is impossible for us to predict. In addition, the prices of metals are sometimes subject to rapid short-term and/or prolonged changes because of speculative activities. The current demand for and supply of various metals affect the prices of copper, nickel, cobalt, platinum, palladium and gold, but not necessarily in the same manner as current supply and demand affect the prices of other commodities. The supply of these metals primarily consists of new production from mining. If the prices of copper, nickel, cobalt, platinum, palladium and gold are, for a substantial period, below our foreseeable costs of production, we could cease operations and you could lose your entire investment.

We may not have adequate, if any, insurance coverage for some business risks that could lead to economically harmful consequences to us.

Our businesses are generally subject to a number of risks and hazards, including:

- industrial accidents;
- railroad accidents;
- labor disputes;
- environmental hazards;
- electricity stoppages;
- equipment failure; and
- severe weather and other natural phenomena.

These occurrences could result in damage to, or destruction of, mineral properties, production facilities, transportation facilities, or equipment. They could also result in personal injury or death, environmental damage, waste of resources or intermediate products, delays or interruption in mining, production or transportation activities, monetary losses and possible legal liability. The insurance we maintain against risks that are typical in our business may not provide adequate coverage. Insurance against some risks (including liabilities for environmental pollution or certain hazards or interruption of certain business activities) may not be available at a reasonable cost or at all. As a result, accidents or other negative developments involving our mining, production or transportation facilities could have a material adverse effect on our operations.

The mining industry is an intensely competitive industry, and we may have difficulty effectively competing with other mining companies in the future.

We face intense competition from other mining and producing companies. In recent years, the mining industry has experienced significant consolidation among some of our competitors, as a result these companies may be more diversified than us. We cannot assure you that the result of current or further consolidation in the industry will not adversely affect us.

In addition, because mines have limited lives we must periodically seek to replace and expand our reserves by acquiring new properties. Significant competition exists to acquire properties producing or capable of producing copper and other metals.

We may experience delays, higher than expected costs, difficulties in obtaining environmental permits and other obstacles when implementing our capital expenditure projects.

We are investing heavily to further increase our production capacity, logistics capabilities and to expand the scope of minerals we produce. Our expansion and mining projects are subject to a number of risks that may make them less successful than anticipated, including:

- we may encounter delays or higher than expected costs in obtaining the necessary equipment or services to build and operate our projects; and

- adverse mining conditions may delay and hamper our ability to produce the expected quantities of minerals.

If we are unable to successfully manage these risks, our growth prospects and profitability may suffer.

RISKS RELATED TO THE OWNERSHIP OF OUR STOCK

We may experience volatility in our stock price, which could negatively affect your investment, and you may not be able to resell your shares at or above the price you purchased your shares.

Our common shares are listed for trading on the TSX Venture Exchange and, since June 26, 2006, on the American Stock Exchange. Our shareholders may be unable to sell significant quantities of the common shares into the public trading markets without a significant reduction in the price of the shares, if at all. The market price of our common shares may be affected significantly by factors such as changes in our operating results, the availability of funds, fluctuations in the price of metals, the interest of investors, traders and others in small pre-feasibility stage public companies such as us and general market conditions. In recent years the securities markets have experienced a high level of price and volume volatility, and the market price of securities of many companies, particularly small capitalization pre-feasibility companies similar to us, have experienced wide fluctuations, which have not necessarily been related to the operating performances, underlying asset values, or the future prospects of such companies. There can be no assurance that future fluctuations in the price of our shares will not occur.

A large number of shares will be eligible for future sale and may depress our stock price.

Our shares that are eligible for future sale may have an adverse effect on the price of our stock. As of January 31, 2006 there were 100,173,173 shares of our common stock outstanding. The average trading volume for the three months prior to January 31, 2006 was less than 100,000 shares per day. Sales of substantial amounts of common stock, or a perception that such sales could occur, and the existence of options or warrants to purchase shares of common stock at prices that may be below the then current market price of the common stock, could adversely affect the market price of our common stock and could impair our ability to raise capital through the sale of our equity securities.

Your ownership interest, voting power and the market price of our common stock may decrease because we have issued, and may continue to issue, a substantial number of securities convertible or exercisable into our common stock.

We have issued common stock and options, and warrants to purchase our common stock to satisfy our obligations and fund our operations (see Item 5.A). In the future, because we currently do not have a source of revenue, we will likely issue additional shares of common stock, options, warrants, preferred stock or other securities exercisable for or convertible into our common stock to raise money for our continued operations or as non-cash incentives to our own and our subsidiaries' directors, officers, insiders, and key employees. If additional sales of equity occur, your ownership interest and voting power in us will be diluted and the market price of our common stock may decrease.

Under our “rolling” Stock Option Plan which was adopted on October 3, 2003, approved by our shareholders on May 28, 2004, and accepted by the TSX-Venture Exchange on June 29, 2004, options may be granted equal in number to 10% of the issued and outstanding capital of the Company at the time of grant of the stock option. As of January 31, 2006 we could issue options to purchase up to 10,017,317 shares. Under our bonus share incentive plan (the “Bonus Plan”) for our directors and key employees approved by the disinterested shareholders at the Company’s shareholders’ meeting held on May 28, 2004 we may issue an addition 6,890,000 shares upon achieving certain milestones. On November 4, 2004, the Company adopted, and the shareholders approved, a revised Bonus Plan limiting the aggregate shares that may be issued under the Bonus Plan and the Company’s Amended Stock Option plan to not more than 20% of the Company’s issued and outstanding capital at the time of the issuance of options and bonus shares.

Upon any issuances or exercise of options issued, the ownership interests and voting power of existing shareholders may be further diluted.

We have a Shareholders Rights Plan Agreement and certain employment and management contracts that contain provisions designed to discourage a change of control.

A Shareholders Rights Plan between us and shareholders effective as of December 3, 2003 and certain employment and management agreements contain provisions that could discourage an acquisition or change of control without our board of directors’ approval. Under the Shareholders Rights Plan, if a shareholder individually or in concert with other shareholders acquires 20% or more of our common shares outstanding without complying with the Shareholder Rights Plan or without the approval of our Board of Directors, all holders of record will have a right to one common share for each share owned. Each right entitles the holder to a certain number of shares, as calculated under the Rights Plan. We have also entered into agreements with certain key employees and officers that contain severance provisions in the event of a take-over bid. The Rights Plan and the preceding agreements may make it more difficult for a third party to acquire control of us, even if such a change of control is more beneficial to shareholders.

Because we believe that we will be classified as a passive foreign investment company (a PFIC), U.S. holders of our common stock may be subject to United States federal income tax consequences that are worse than those that would apply if we were not a PFIC.

Because we believe that we will be classified as a passive foreign investment company (a PFIC), U.S. holders of our common stock may be subject to United States federal income tax consequences that are worse than those that would apply if we were not a PFIC, such as ordinary income treatment plus a charge in lieu of interest upon a sale or disposition of shares of our common stock even if the shares were held as a capital asset. See “Certain United States Federal Income Tax Consequences.”

Our registered and records office is located at our legal counsel's offices situated at 1040 - 999 West Hastings Street, Vancouver, B.C. V6C 2W2. Our agent in the U.S. is Poly Met Mining, Inc. whose office is located at P.O. Box 475, County Road 666,Hoyt Lakes, Minnesota 55750-0475.

We are a reporting issuer in the following Canadian provinces: Alberta, British Columbia, and Ontario. Our common shares have been listed on the TSX Venture Exchange (TSX V) (formerly the Vancouver Stock Exchange) since April 13, 1984 under the symbol "POM" and also trade on the Over the Counter Bulletin Board ("OTCBB") under the symbol "POMGF" in the United States. Since June 26, 2006 our common shares have been listed on the American Stock Exchange (AMEX) under the symbol "PLM".

During the years ended January 31, 2006, 2005, and 2004 we spent $11.120 million, $1.623 million and $0.091 million respectively to acquire property and perform pre-feasibility work primarily on our NorthMet Project located in Minnesota, USA. In addition, during the years ended January 31, 2006 and 2005, we issued shares valued at $7.564 million and $0.229 million, respectively, in optioning and purchasing a nearby crushing and grinding plant and associated infrastructure (the Erie Plant). We did not issue any shares during 2004 in connection with the acquisition of the Erie Plant.

All of these expenses were incurred at our NorthMet Project located in the State of Minnesota and were funded from the proceeds of equity financings. With the exception of the Erie Plant acquisition, until the completion of Definitive Feasibility Study , we will expense all expenditures.

B. Business Overview

We are a pre-feasibility stage company engaged in the exploration and future development of natural resource properties. Our primary mineral property is the NorthMet Project, a polymetallic project located in northeastern Minnesota, USA.

In the years ended January 31, 2006, 2005 and 2004, we conducted exploration and acquisition activities only and did not conduct any operations that generated revenues. Thus, we rely principally on equity financings to fund out projects and expenditures.

Since 2003, we have focused on commencing commercial production on our NorthMet Project. Our efforts have been on four main areas:

1. Acquiring a large processing facility and associated infrastructure located approximately six miles west of our NorthMet deposit. Under an agreement dated February 14, 2004, we paid Cliffs Erie LLC, a subsidiary of Cleveland Cliffs, Inc. of Cleveland, Ohio ("Cliffs"), $500,000 and 1,000,000 of our common shares to acquire the exclusive option to purchase the Erie Plant, including certain property, plant and equipment from Cliffs at any time until June 30, 2006 subject to the payment of an additional $5.0 million within six months of completion of the Definitive Feasibility Study. During the fiscal year ended January 31, 2006, we and Cliffs agreed to expand the scope of the assets to be acquired from Cliffs and on November 15, 2005, we exercised this revised option by paying Cliffs an additional 6,200,547 of our common shares, $1.0 million in cash, and a promissory note for $2.4 million.

2. Environmental permitting. To commence commercial production at NorthMet, various regulatory approvals are needed. Thus, on January 11, 2005, we submitted initial documentation to the Minnesota Department of Natural Resources (the "Minnesota DNR"), the United States Forest Service (the "USFS") and the United States Army Corps of Engineers (the "USACE"). These documents and data provided the information required for preparation of a Draft Scoping Environmental Assessment Worksheet (the "EAW").

On March 14, 2005, we reached an agreement with the Minnesota DNR, USFS and USACE who agreed to cooperate in preparing a single Environmental Impact Statement (the “EIS”) under state guidelines issued by the Minnesota DNR.

On October 25, 2005, the Minnesota DNR issued the Final Scoping EAW and related Final Scoping Decision after a period of public review and comment. These documents define the scope of the EIS and were used to develop a request for proposal (the “RFP”) for third-party preparation of an EIS that will involve public participation. On April 3, 2006 the Minnesota DNR selected the independent EIS contractor. The draft EIS is scheduled to be published in November 2006. Following a period of public review and comment, publication of the final EIS is scheduled by the Minnesota DNR for April 2007 and the determination of adequacy is targeted to be before June 30, 2007.

3. Engineering and feasibility. We retained Bateman Engineering Pty. of Brisbane, Australia (“Bateman”) to complete a review of the Scoping Study for the NorthMet Project and to lead the Definitive Feasibility Study (the “DFS”) as the coordinating consultant. As part of the DFS, Bateman is responsible for:

    - Completing the process design and detail engineering and estimates for the plant and infrastructure,
    - Reviewing environmental permitting,
    - Geo-statistical review of the ore body,
    - Mine planning and scheduling of ore and waste, and;
    - Assessing marketing of the metals to be mined.

Bateman has sub-contracted some of the work to other specialist companies. In 2005, we received reports from Hellmann & Schofield, a geologic consulting firm, and Australian Mine and Development, a mine engineering firm, both of which are based in Australia, that provided a review of the geologic and mine model and mine planning. This work is currently in the process of being updated, with the updated information to be the basis of the DFS. We anticipate that the DFS will be published before the end of September 2006.

As part of the data assembly that is being used to support the DFS, we have conducted an extensive program of drilling including infill and geotechnical core drilling that will enhance the quality of our geologic analysis and understanding, enable us to optimize the mine design, and has provided us with material that has been used in pilot plant testing to optimize the process design.

Our 2005 drill program focused on areas that are expected to be mined in the first 10 years of operations. The objectives of the program were to:

- provide a bulk sample for metallurgical pilot plant test work,
- gather geotechnical information for pit design,
- enhance the geological model through in-fill drilling,
- collect data to support environmental permitting, and
- increase confidence in the resource estimate categorization resulting from reduced drill hole and sample spacing.

During the 2005 program we drilled 109 holes totaling 77,166 feet making the cumulative holes drilled to 310 diamond and reverse circulation holes for an aggregate 261,227 feet. In addition to this latest drill program, we recompiled all prior work begun by U.S. Steel in 1969, thus, increasing the number of samples taken from nearly 12,000 to 17,194. Our latest program added 12,806 samples, making the total 30,000.

Moreover, drill spacing in the area to be mined in the first five years has been reduced to an average of 311 feet (from 427 feet) while the 20 year mine plan spacing has been reduced to an average of 360 feet (from 400 feet).

4. Financing and corporate development. During the fiscal year ended January 31, 2006, we completed a series of equity private placements that raised $22.2 million, net of expenses. Subsequent to the fiscal year end, we obtained approximately $12 million from the exercise of stock options and stock purchase warrants. These funds will be used to complete our DFS, acquisition of the plant facilities from Cliffs, and for general corporate purposes, including detailed engineering prior to starting construction on our NorthMet Project.

We have also continued to strengthen our management team at both the corporate level and at our facilities in Minnesota. During the period ended January 31, 2006, we appointed Douglas Newby as our Chief Financial Officer and also retained a part-time financial controller for our Minnesota operations.

C. Organizational Structure

We have two wholly owned subsidiaries: (1) Fleck Minerals Inc., incorporated in Ontario, Canada, and (2) Poly Met Mining Inc., incorporated in Minnesota, USA.

D. Property, Plant and Equipment

Plant

Our Erie Plant comprises a large crushing, grinding and milling facility that was built by LTV Steel in the mid-1950s and processed low grade iron ore known as taconite that was transported to the facility by railroad from local mines. Since the mid-1960s the plant was operated by Cliffs on behalf of LTV Steel and processed approximately 100,000 tons per day of taconite ore. The plant was shut down in 2000 when LTV Steel filed for bankruptcy protection since when it has been maintained initially by Cliffs and, since November 15, 2005, by us. The plant did not operate during the period ended January 31, 2006. The plant is located approximately six miles west of our NorthMet deposit, about five miles north-northwest of the town of Hoyt Lakes, itself located about fifteen miles west of Virginia, Minnesota. The plant covers approximately 6,400 acres, or approximately 10.0 square miles.

Before 2000, Cliffs had undertaken numerous programs to update and modernize control systems in the Erie Plant. The plant is generally in good physical condition and was operating at or near full capacity prior to its closure. We have examined the plant in detail and have restarted certain pieces of equipment and believe it to be serviceable.

Equipment

All of our material fixed assets are located at the Erie Plant and includes: two rail dump pockets each with a 60” gyratory crusher, 3 x seven-foot standard cone crushers, 6 x seven-foot short-head crushers, 30 mill circuits each comprising one 12’x 14' rod mill and one 12’x 14' ball mill, 3 x 12'x 24' regrind mills, flotation cells, maintenance facilities and spare parts, extensive conveyors, feeders, bins, auxiliary facilities and offices, established infrastructure including a 250 MVA high voltage electrical substation, water supply, roads, tailings basins and rail facilities.

We are currently in the environmental process to obtain all necessary permits required to operate the Erie Plant and all the material fixed assets, as listed above.

Property - NorthMet Project, Minnesota, USA

Cautionary Note to U.S. Investors

TO CLARIFY, WE HAVE NO PROPERTIES THAT CONTAIN "RESERVES" AS DEFINED BY THE SEC AND WE HAVE PROVIDED THE FOLLOWING PROPERTY INFORMATION IN ACCORDANCE WITH NATIONAL INSTRUMENT 43-101.

(a) History

The NorthMet Project is located immediately south of the historic Mesabi Iron Range in northeastern Minnesota. Mining in the Iron Range dates back to the 1850's when high grade iron ore known as hematite was first mined commercially. During the 1940s and 50s, with reserves of hematite dwindling, the iron industry began to focus on taconite, a lower-grade iron ore. Six large crushing, grinding, milling facilities were built by various iron and steel companies to process the taconite, including the Erie Plant that we acquired in November 2005.

Following the discovery of copper and nickel in the 1940s, in the 1960s United States Steel Corporation ("US Steel") staked ground at what was then called Dunka Road, now called NorthMet. At that time, the market did not recognize platinum group metals (PGMs) or gold and the market for PGMs was small because there was no reliable method to assay low grades of these metals. US Steel investigated the deposit as a high-grade, underground copper-nickel resource, but considered it to be uneconomic based on its inability to produce separate, clean nickel and copper concentrates with the metallurgical processes available at that time.

In 1987, the Minnesota Natural Resources Research Institute ("NRRI") published data suggesting that a large resource of platinum group minerals or PGM's may be in the base of the Duluth Complex. In 1989, we acquired a 20-year renewable mining lease over the property from US Steel Corporation and commenced an investigation into the potential for mining and recovery of copper, nickel, and PGM's. We conducted a program to re-assay the previous drill core for PGM's. We entered into joint venture agreements with Nerco and Argosy Mining, which assisted in identifying and quantifying potential PGM values. However, the challenge of producing separate concentrates of saleable copper and nickel remained.

In the mid-90's, we began investigating the use of hydrometallurgical processes, including bio-leaching and pressure oxidation. In 1998 we focused on a hydrometallurgical extractive technology, which led to the development of the PlatSol™ Process. This process uses autoclaves, which are high temperature, high pressure, oxygen enriched vessels, to oxidize the sulfidic ores and leach the metals therein. This technology has been used commercially in the copper, nickel and precious metals industries since the 1980s.

In July 2000, we entered into a joint venture arrangement with North Limited ("North"), a major Australian mining company, to advance the NorthMet Project to commercial production. Under the joint venture arrangement, North had the opportunity to earn an 87.5% interest in the PolyMet Project by producing a feasibility study and funding 100% of the total capital costs to develop the project.

In August 2000, Rio Tinto Limited ("Rio Tinto") completed an on-market takeover of North. Subsequently, Rio Tinto decided not to proceed with the NorthMet project and we exercised our 30-day pre-emptive right, under a "change of control" clause, to terminate the joint venture arrangement. Consequently, we regained a 100% interest in the NorthMet Project.

Following completion of the metallurgical pilot plant work in November 2000, we commissioned a pre-feasibility study on the project that was completed in April 2001. The pre-feasibility study included a 50,000 metric tonne per day (55,000 short tpd) operation and assumed the construction of a new, stand-alone processing plant including metal smelters to produce copper, nickel and cobalt metals on site. The study found the economics of the NorthMet Project were unacceptably low owing to the capital cost of building a new plant facility combined with low metal prices prevailing at that time. No further work was done until March 2004, when new management took over our company and commenced a detailed review of the project.

The new management team believed that the Erie Plant had the potential to substantially reduce the capital cost and to simplify the permitting process which could improve the project economics.

As of January 31, 2006, we have expended $14.225 million on the acquisition of the Erie Plant. During the two years ended January 31, 2006 we expended and additional $12.743 million on pre-feasibility work at the deposit and plant. Since inception, we have a cumulative deficit of $34.067 million, most of which has been incurred directly and indirectly in connection with our NorthMet Project. These expenditures supported drilling, sampling, assaying, environmental, metallurgical testing, and the pre-feasibility studies.

The following diagram illustrates the location of the NorthMet Project.

Figure No. 1
NorthMet Project Map

(b) Location/Access/Climate

The NorthMet Project land position covers a total of 10,560 acres or 16.5 square miles comprising two areas: the NorthMet mine site totaling 4,160 acres or 6.5 square miles of patented mineral rights and the Erie plant site totaling 6,400 acres or 10.0 square miles of freehold land located approximately six miles west of the mine site. The property is located in St. Louis County in the Mesabi Range District about 60 miles north of Duluth, Minnesota. The Project is easily accessible via state and county roads. The surfaced Hoyt Road links the plant to the town of Hoyt Lakes, itself approximately fifteen miles east of Virginia, Minnesota which is located on State Highway 53. The mine site is accessible by an all-season gravel road from the plant site and a private railroad crosses the property immediately south of the deposit and runs to the plant site. There is a high-voltage power line supplied by Minnesota Power that supplies the plant site and there is ready access to industrial electric power at the mine site. Two other railway lines are located within ten miles and connect with three ports on Lake Superior and into the US national and Trans-Canadian railroad system.

The northern Minnesota climate is continental, characterized by wide variations in temperature. The temperature in the nearby town of Babbit averages -14ºC (7ºF) in January and 19ºC (66ºF) in July. The average annual precipitation is 28 inches with approximately 30% during the months from November to April and 70% from May through October.

(c) Claims and ownership

(i) NorthMet Lease

Pursuant to an agreement dated January 4, 1989, subsequently amended and assigned, we lease certain lands in covering 4,162 acres or 6.5 square miles located in St. Louis County, Minnesota, known as the NorthMet Project, from RGGS Land & Minerals Ltd., L.P. During the year ended January 31, 2005, US Steel assigned the lease to RGGS Land & Minerals Ltd., L.P. The current term of the renewable lease is 20 years and calls for future annual lease payments of $150,000 in January 2007 through 2009.

We can, at our option, terminate the lease at any time by providing written notice to the lessor at least 90 days prior to the effective termination date or can indefinitely extend the 20 year term by continuing to making the annual lease payment of $150,000 on each successive anniversary date.

The lease payments are considered advance royalty payments and will be deducted from future production royalties payable to the lessor, which range from 3% to 5% based on the net smelter return that we receive. Our recovery of the advance royalty payments is subject to the lessor receiving an amount not less than the amount of the annual lease payment due for that year.

(ii) The Erie Plant

By a Memorandum of Understanding dated December 5, 2003 and an option agreement dated February 14, 2004, we obtained an option ("Cliffs Option") to acquire certain property, plant, and equipment ("Cliffs Assets") from Cleveland Cliffs of Cleveland, Ohio ("Cliffs") located near our NorthMet Project. As consideration for the exclusive Cliffs Option, we paid $500,000 prior to January 31, 2004 and issued to Cliffs 1,000,000 common shares on March 30, 2004, valued at $229,320 to maintain our exclusive rights until June 30, 2006. The option gave us exclusive rights until June 30, 2006 subject to the payment of an additional $5 million to Cliffs with six months of completion of a bankable feasibility study.

On September 15, 2005 we reached an agreement with Cliffs on the terms for the early exercise of our option to acquire 100% ownership of large portions of the former LTV Steel Mining Company ore processing plant in northeastern Minnesota (the "Asset Purchase Agreement").

On November 15, 2005, we consummated the Asset Purchase Agreement and completed the acquisition thereunder. The property, plant, and equipment assets we now own include land, crushing, milling, and flotation capacity, complete spare parts, plant site buildings, real estate, tailings impoundments and mine work shops, as well as access to extensive mining infrastructure.

The consideration for the Asset Purchase Agreement was $1.0 million in cash, the issuance of 6,200,547 of our common shares (issued on November 15, 2005, at fair market value of $7,564,444), and a note for the balance of $2.4 million that will be paid in quarterly installments of $250,000 for a total of $2.5 million, which includes interest of $100,000. The quarterly payments are due starting on March 31, 2006 and every three months thereafter. As of June 30, 2006 the first two payments have been made. As of January 31, 2006, $20,515 of accrued interest has been capitalized as part of the cost of the NorthMet Project assets.

The Erie Plant

As set forth under the Asset Purchase Agreement, we have assumed certain ongoing site-related environmental and reclamation obligations of Cliffs in connection with the Erie Plant. Once we obtain our permit to mine and Cliffs is released from its obligations by certain state agencies, we will be directly obligated to comply with applicable environmental and reclamation obligations. Prior to Cliffs acquisition of the plant from LTV Steel and prior to our acquisition of the plant from Cliffs, both Cliffs and we undertook environmental assessments and concluded that there were no material liabilities other than the ultimate closure and reclamation of the site. Until operating permits are granted to us, Cliffs remains the named party of record for such obligations although, as part of the Asset Purchase Agreement, we have indemnified Cliffs for such costs. As of January 31, 2006 we estimate that liability to be approximately $12.445 million and, based on the expected timing of such payments, our cost of capital, and anticipated inflation rates, we made a provision of $2.511 million in our financial statements for that date.

Under the terms of the agreement Cliffs will have the right to participate on a pro-rata based on their ownership of 6.2% of our outstanding common shares in future cash equity financings.

As of January 31, 2006, we do not have any producing mines, thus, we are not yet utilizing the Erie Plant.

The Erie Plant comprises a large crushing, grinding and million facility that was built by LTV Steel in the mid-1950s and processed low grade iron ore known as taconite that was transported to the facility by railroad from local mines. Since the mid-1960s the plant was operated by Cliffs on behalf of LTV Steel and processed approximately 100,000 tons per day of taconite ore. The plant was shut down in 2000 when LTV Steel filed for bankruptcy protection since when it has been maintained initially by Cliffs and, since November 15, 2005, by us. The plant did not operate during the period ended January 31, 2006.

The plant is located approximately six miles west of our NorthMet deposit, about five miles north-northwest of the town of Hoyt Lakes, itself located about fifteen miles west of Virginia, Minnesota. The plant covers approximately 6,400 acres, or approximately 10.0 square miles, and is powered by electricity from local power lines.

The total plant facilities include two rail dump pockets, each with a 60” gyratory crusher, 3 x seven-foot standard cone crushers, 6 x seven-foot short-head crushers, 30 mill circuits each comprising one 12’x 14' rod mill and one 12’x 14' ball mill, 3 x 12'x 24' regrind mills, flotation cells, maintenance facilities and spare parts, extensive conveyors, feeders, bins, auxiliary facilities and offices, established infrastructure including a 250 MVA high voltage electrical substation, water supply, roads, tailings basins and rail facilities.

Until the plant was closed in 2000, Cliffs had undertaken numerous programs to update and modernize control systems. The plant is generally in good physical condition and was operating at or near full capacity prior to its closure. We have examined the plant in detail and have restarted certain pieces of equipment and believe it to be serviceable.

We plan to use less than one third of the historic productive capacity to crush and grind material that we expect to mine from the NorthMet deposit. We intend to construct new facilities to recover copper metal, nickel and cobalt concentrates, and precious metal precipitates. These new facilities replace the equivalent facilities used historically to recover iron from the taconite, which are not applicable to our anticipated metal products.

We are currently completing a DFS in connection with these plans, which we expect to be completed before the end of September 2006. A scoping study completed in 2004 for a 27,500 ton per day facility indicated a capital cost of $235 million. Since then we have expanded the scale and scope of the plant and will likely be affected by the general cost of inflation in mining equipment supplies. Assuming the completed DFS is positive and the timely receipt of the operating permits, we anticipate commencing construction in the third quarter of 2007 and commencing production approximately one year later.

(d) Permitting and Environmental

The environmental review process in the State of Minnesota is reasonably well-defined. Various permits from state and federal authorities will be necessary. An Environmental Impact Statement will be required, with the Minnesota Department of National Resources as the lead agency.

Two winter wildlife studies, wetland and plant species evaluations, and preliminary geohydrology and rock geochemistry studies were completed in 1999, 2000, and 2001. These environmental studies are important to future permitting efforts.

We commenced the permitting process in early 2004. As of January 31, 2006, we had spent approximately $3.146 million on environmental and permitting activities and we anticipate spending an additional $5.0 million to complete this work.

On February 7, 2006, we announced that the St. Louis County Board of Commissioners had approved our plan to mitigate approximately 1,200 acres of wetlands that would be disturbed by our mining operations on the NorthMet property. Under this plan, we will restore to wetlands status approximately 3,260-acres of drained, partially drained, and existing wetlands primarily on tax-forfeited land in the southwestern corner of St. Louis County, Minnesota, the county in which the project is located.

On March 28, 2006, we executed a formal wetlands restoration agreement with St. Louis County that will create a "wetlands bank" to be share with St. Louis County that will provide a new source of revenue from tax-forfeited acreage that historically has produced little public revenue.

The St. Louis County wetlands restoration project will require the approval by the DNR as well as the USACE.

This approach replaces the former plan to swap land with the USFS that would have required us to acquire a much larger area of designated wetlands that typically costs significantly more per acre than tax-forfeit land.

(e) History of Exploration

Prospectors first discovered copper and nickel near Ely, Minnesota about 20 miles north of NorthMet in the 1940's. Subsequently, the Bear Creek Mining Company conducted a regional exploration program resulting in the discovery of the Babbitt deposit (northeast of NorthMet). US Steel staked an exploration program in the Duluth Complex in the late 1960's and over the next few years drilled 112 core holes into the NorthMet property (then called Dunka Road).

In 1987, the Minnesota NRRI published data suggesting the presence of a large resource of PGM's in the base of the Duluth Complex and, in 1989 we commenced an investigation into the potential for mining and recovery of copper, nickel, and PGM's. We re-assayed pulps and rejects from the previous US Steel drilling to obtain data on the PGM's.

In the early 1990's we leased the NorthMet property first to Nerco Minerals and later to Argosy Mining which continued to delineate the contained PGM's and drilled a few additional core holes.

From 1998 to present, we have conducted four drilling programs totaling 196 holes for approximately 126,700 ft. of core and reverse circulation drilling. The fourth program comprising 109 holes totaling 77,200 feet was completed in the fiscal year ended January 31, 2005 and, combined with earlier drilling, brings the total to 310 diamond and reverse circulation holes aggregating to more than 261,000 feet. In addition, we have meticulously recompiled all prior work started by US Steel in 1969, increasing the number of samples from nearly 12,000 to 17,194. The 2005 program added 12,806 samples, bringing the total to 30,000 samples.

Cautionary Note to United States Investors Concerning Estimates of Measured, Indicated and Inferred Resources

This section uses the terms ”measured resources,” ”indicated resources,” and ”inferred resources.” We advise United States investors that while these terms are recognized and required by Canadian regulations (under National Instrument 43-101 Standards of Disclosure for Mineral Projects), the SEC does not recognize them. **United States investors are cautioned not to assume that any part or all of the mineral deposits in these categories will ever be converted to reserves.** In addition, ”inferred resources” have a great amount of uncertainty as to their existence and economic and legal feasibility. It cannot be assumed that all or any part of an Inferred Mineral Resource will ever be upgraded to a higher category. Under Canadian Rules, estimates of Inferred Mineral Resources may not form the basis of Feasibility or Pre-Feasibility Studies, or economic studies except for a Preliminary Assessment as defined under 43-101. **United States investors are cautioned not to assume that part or all of an inferred resource exists, or is economically or legally mineable.**

The resource estimates included in the Pre-feasibility Study of April 2001 and prepared by Independent Mining Consultants Inc. of Tucson (“IMC”) are shown in the table below.

	Ktonnes	%	Average Grades							
	Above	Of	NSR	CuEq	Cu	Ni	Co	Pd	Pt	Au

The drilling to date has been adequate to complete the pre-feasibility level work and is supporting the detailed planning for the DFS.

(f) Geology and Mineralization

The geology of northeastern Minnesota is predominantly Precambrian in age. Approximately 1.1 billion years ago, intra-continental rifting resulted in mafic volcanics and associated intrusions along a portion of the Midcontinent Rift System, which extends through the Lake Superior Region to Kansas. The Midcontinent Rift consists of three parts: thick lava flows, intrusive rock and overlying sedimentary rock. There are three major intrusive complexes: the Coldwell Complex of Ontario, the Mellen Complex along the south shore of Lake Superior and the Duluth complex along the north shore.

The Duluth Complex hosts the NorthMet mineralization. The Complex extends in an arcuate belt from Duluth to the northeastern tip of Minnesota. Emplacement of the intrusion appears to have been along a system of northeast-trending normal faults that form half-grabens stepping down to the southeast. The magma was intruded as sheet-like bodies along the contact between the Early Proterozoic sedimentary rocks of the Animikie Group and the basaltic lava flows of the North Shore Volcanic Group.

The Duluth Complex is represented by the Partridge River Intrusion which overlays the Biwabik Iron Formation - the Partridge River Intrusion can be sub-divided into seven lithologic units:

- Unit 7 and Unit 6 – texturally homogeneous plagioclase-rich troctolite, each with a persistent ultramafic base. Unit 6 contains a mineralized horizon in the southwestern portion of NorthMet which is relatively enriched in PGM’s relative to copper. Units 6 and 7 are each about 400 ft. thick and form the shallowest units.

- Unit 5 – coarse grained anorthositic troctolite (300 ft.) grading down to Unit 4.

- Unit 4 – homogeneous augite troctolite and troctolite, with a less persistent ultramafic horizon. The contact between 4 and 5 is difficult to establish and the two units may actually be a single unit.

- Unit 3 – the most easily recognized unit because of its mottled appearance due to olivine oikocrysts. It is fine grained troctolitic anorthosite to anorthositic troctolite. Average thickness is 250 ft. but locally can be up to 500 ft.

- Unit 2 – homogeneous troctolite with abundant ultramafic units and a generally persistent basal ultramafic. This unit shows the most variation in thickness and may be absent entirely.

- Unit 1 – the most heterogeneous unit, both texturally and compositionally. Grain size is generally coarser at the top of the unit and fines downward. The unit contains abundant inclusions of the footwall rock and is noritic towards the base. This is the main sulfide bearing unit. Two ultramafic layers are generally present. Unit 1 is probably the result of multiple pulses of magma injection. Average thickness is about 450 ft.

The general trend of the sedimentary rocks at the NorthMet deposit is to strike to the east-northeast and to dip to the southeast about 15-25°, and the Partridge River Intrusion appears to follow this general trend. Two east-northeast trending faults have been identified through the construction of cross sections. The faults are steeply dipping and normal in character; offset ranges from negligible to 600 ft. down to the southeast. A third major fault has been identified in the western portion of the area and can be traced to the Northshore Mine in the north. Movement on this fault is down to the east. Numerous other faults can be identified in the cross-sections, but offset is small and they lack continuity. The cross-sectional view shows considerable offset in the more southerly fault, and less offset on the more northerly fault. This relationship can vary over the strike of the deposit.

There are two types of mineralization related to the rift system: hydrothermal and magmatic. The hydrothermal deposits include native copper in basalts and sedimentary interbeds, such as on the Keewenaw Peninsula, sediment-hosted copper sulfide and native copper, represented by the White Pine Mine of Michigan, copper sulfide veins in volcanics and polymetallic veins (silver-nickel-cobalt) in volcanics. The magmatic deposits include copper-nickel-PGM mineralization and titanium-iron mineralization in the Duluth complex, uranium and rare earth elements in carbonatites and Cu-Mo in breccia pipes. More locally the magmatic deposits lie along the northwestern contact of the Duluth Complex with the underlying sediments and Giants Range Batholith. NorthMet and the Babbit (or Minnamax) deposits are the largest of the copper-nickel- PGM mineralization.

The majority of the rock at NorthMet is unaltered, with a minor alteration found along fractures and micro-fractures, consisting of serpentine, chlorite and magnetite replacing olivine, uralite and biotite replacing pyroxene, and sausserite and sericite replacing plagioclase. Sulfide mineralization does not appear to be directly related to the alteration.

The metals of interest at NorthMet are copper, nickel, cobalt, platinum, palladium, gold and lesser amounts of rhodium and ruthenium. In general, the metals are positively correlated with copper mineralization, cobalt being the main exception. Mineralization occurs in four horizons throughout the NorthMet property. Three of these horizons are within basal Unit 1 and in some drill holes the horizons are indistinguishable from each other. The thickness of each of the three horizons varies from 5 to more than 200 feet. Unit 1 mineralization is found throughout the deposit. A less extensive mineralization zone is found in Unit 6 and it is relatively enriched in PGM’s compared to Unit 1.

Sulfide mineralization consists of chalcopyrite, cubanite, pyrrhotite and pentlandite with minor bornite, violarite, pyrite, sphalerite, galena, talnakhite, mackinawite and valleriite. Sulfide minerals occur mainly as blebs interstitial with plagioclase, olivine and augite grains, but also occur within plagioclase and augite grains, as intergrowths with silicates, or as fine veinlets. The percentage of sulfides varies from trace to about 5%. Palladium, platinum and gold are associated with the sulfides.

The NorthMet deposit has been identified over a length of approximately 2.5 miles, has been found to a depth of more than 1,000 feet, and is several hundred feet thick. It is covered by a thin layer of glacial till but otherwise reaches to the subsurface.

The NorthMet property is without known reserves, as defined by the U.S. securities laws.

(g) Exploration and Development Plans

We believe that we have completed exploration work required for the initial phases of production at NorthMet, however, we may need to conduct further in-fill drilling during the anticipated life of the project. The exploration work is being compiled in the DFS which is considering the commercial viability of an open-pit mine. The DFS is contemplating construction of a project mining an average of approximately 70,000 tons of rock per day and processing approximately 32,000 tons per day through the Erie Plant. The finely ground material from the Erie Plant would then be processed through a new hydrometallurgical plant to produce copper metal, nickel-cobalt concentrates, and a precious metals precipitate.

(h) Regulations and Government Rules

The mining industry has been subject to increasing government controls and regulations in recent years. We have obtained all necessary permits for exploration work performed to date and anticipate no material problems obtaining the necessary permits to proceed with further development.

ITEM 5. OPERATING AND FINANCIAL REVIEW AND PROSPECTS

(a) Operating Results

This discussion and analysis should be read in conjunction with our consolidated financial statements. Our reporting currency is the United States dollar and our financial statements are prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP); however, there are no material differences between U.S. GAAP and Canadian GAAP with regard to our financial statements. All amounts in this discussion and in the consolidated financial statements are expressed in United States dollars, unless identified otherwise.

Summary of Events During the Fiscal Year Ended January 31, 2006

During the fiscal year ended January 31, 2006, we continued to advance our NorthMet Project including environmental and permitting matters, a phase I drilling program which extracted metallurgical ore samples, a phase II drilling program to complete the planned 90,000 feet of in-fill drill required to add definition to the resource, process design, an integrated pilot plant to demonstrate the process, upgrading resource models, a new mine plan and negotiations with prospective industry partners for strategic off-take agreements.

Also during the year, we commissioned and received two National Instrument 43-101 technical reports. The first reported a revised resource model based on a geological and drill-hole database, which has been updated and contains over 17,000, validated assayed intervals. The second described a revised mine plan showing an improved ore extraction schedule compared to previously published reports.

The goals for the 2005 drill program were met which included:

- a 40 ton bulk sample for metallurgical pilot plant test work representing the 10 year mining envelope was successfully processed at SGS Lakefield Laboratories in Ontario during the latter part of 2005;
- compilation of geotechnical information for pit slope design and pit slope stability studies by Golder Associates;
- enhancement of the comprehensive geological model through in-fill drilling, a new detailed geological and assay model which incorporates all completed work from 2005, the results of which continue to contribute to the ongoing resource evaluation and pit design work;
- confirmation of continuity of metal grades;
- collection of data supporting the environmental permitting; and
- the improvement in the confidence of the resource estimate categorization, resulting from reduced drill hole and sampling space.

On November 15, 2005, we completed the early exercise of our option with Cleveland Cliffs, Inc. through our Minnesota subsidiary, Poly Met Mining, Inc. We now own 100% of the Erie Plant. Under the asset acquisition agreement we signed a note for $2.4 million from Cliffs and paid an addition $1.0 million in cash, in addition to the $500,000 we paid to acquire the exclusive option in 2004. . We also issued 6,200,547 of our common shares to Cliffs, in addition to the 1,000,000 shares issued previously to Cliffs as part of the option payment. Upon receipt of certain operating permits, we will assume from Cliffs ongoing site-related environmental and reclamation obligations and we have indemnified Cliffs for certain on-going liabilities at the Erie Plant prior to receipt of permits. The remaining cash component of the payment of $2.4 million plus interest will be paid from working capital in ten quarterly installments of $250,000.

With a total of 7,200,547 shares, as of January 31, 2006, Cliffs now holds approximately 6.2% of our common stock outstanding. Cliffs continues to have the right to participate on a pro-rata basis in future equity financings. We have the first right of refusal to acquire Cliff’s shares should Cliffs wish to dispose of its interest.

Our NorthMet Project is in the closing stages of its DFS and is scheduled to begin commercial operations in mid 2008. We have decided to expand the scope of the DFS to cover an initial mining rate of 32,000 short tons (29,500 metric tonnes) per day, which is the size which is being permitted. At this production rate, the project will provide full-time employment for at least 400 people. The NorthMet project will produce London Metal Exchange- or Comex-grade copper cathode on site and concentrates for sale off-site comprising: nickel- and cobalt-hydroxides and a platinum, palladium and gold precipitate.

The NorthMet Project commenced environmental permitting activities in February 2004 and is currently undergoing intense state and federal environmental review. We submitted an environmental assessment worksheet to the State of Minnesota regulators in August 2005. This EAW step provides essential information to advance the state’s environmental review process and leads directly to the environmental impact statement and permits to build. The EIS process was simplified on March 14, 2005 when we reached a memorandum of understanding (“MOU”) with federal and state regulators to cooperate in preparing a single EIS on the NorthMet Project. Signatories to the MOU include the U.S. Army Corps of Engineers (“USACE”), U.S. Forest Service (“USFS”), Minnesota Department of Natural Resources (“MDNR”) and our U.S. based subsidiary, Poly Met Mining, Inc. The MOU provides that the lead state and federal agencies will be the MDNR and USACE, respectively, and that the USFS will be involved as a cooperating agency. Since a large component of our plan involves the reactivation of the “brown fields” LTVSMC plant and infrastructure, the permitting process has been dramatically simplified compared to a “green fields” project.

The Minnesota Pollution Control Agency will also be substantially involved in air and water permitting.

The lead agencies will jointly develop a scope of work for EIS preparation and evaluate MDNR's selection of a third party contractor which will be hired by the state at our expense to prepare the EIS.

We continue to negotiate with several major companies for the off-take of the nickel-cobalt hydroxide.

Change in Accounting Policy

Variable Interest Entities. Effective February 1, 2005, we adopted the recommendations of Canadian Institute of Chartered Accountants ("CICA") Handbook Accounting Guideline 15 (AcG-15), Consolidation of Variable Interest Entities, effective for annual and interim periods beginning on or after November 1, 2004. Variable interest entities (VIEs) refer to those entities that are subject to control on a basis other than ownership of voting interests. AcG-15 provides guidance for identifying VIEs and criteria for determining which entity, if any, should consolidate them. Adoption of this accounting policy has not affected our financial statements.

Impairment of Long-Lived Assets. We have adopted CICA Section 3063 "Impairment of Long-Lived Assets". This statement establishes standards for the recognition, measurement and disclosure or the impairment of non-monetary long-lived assets, including property, plant and equipment, intangible assets with finite useful lives, deferred pre-operating costs and long-term prepaid assets. The adoption of this standard did not have a material impact on our financial position or results of operations.

Year ended January 31, 2006 compared with the year ended January 31, 2005

Overall. Our focus for the fiscal year ended January 31, 2006, was to advance the feasibility study, to complete a drill program, conduct pilot plant testing, and advance the environmental and permitting process at the NorthMet project. We expanded our operations in Minnesota by retaining several key consultants to assist in the completion of the environmental study and permitting requirements of the project. We raised $22.2 million in new equity and we acquired the Cliffs Assets from Cliffs.

Loss for the year. We recorded a loss in the year ended January 31, 2006 of $15,929,537 ($0.22 per share) compared to a loss of $3,776,337 ($0.07 per share) in 2005 and a loss of $146,800 ($0.00 per share) in 2004. The increase in the net loss for the year was primarily attributable to the increased level of work, our accounting policy of expensing the costs of pre-feasibility work related to the NorthMet Project of $11,120,145 ($1,622,983 in the fiscal year ended January 31, 2005), and an increase in general and administrative costs including non-cash stock compensation expense of $3,523,324 ($992,658 in the fiscal year ended January 31, 2005).

Pre-feasibility costs. During 2006 we expended $11,120,145 in exploration, pre-feasibility and lease payments compared to $1,622,983 in 2005 and 91,616 in 2004. The substantial increase was a result of our direct participation in the environmental and permitting advancement at the NorthMet Project.

Administrative fees and wages. Our administrative fees and wage expense for the year ended January 31, 2006 was $207,650 representing an increase of approximately 97% compared to administrative fees and wage expense of $105,449 for the year ended January 31, 2005. The increase is primarily the result of increased compensation paid to employees.

Consulting fees. Consulting fees for the year ended January 31, 2006 was $388,900 representing an increase of approximately 5% compared to consulting fees of $370,815 for the year ended January 31, 2005. The increased in consulting fees during the fiscal year ended January 31, 2006, is due to the hiring of several consultants for investor relations and communications activities and financial and accounting services.

Interest Income. Interest income for the year ended January 31, 2006 was $148,036 representing an increase of approximately 6,565% compared to interest income of $2,221 for the year ended January 31, 2005. The interest income earned during the fiscal year ended January 31, 2006, is primarily from higher cash balances held on deposit during the most recent period.

Management fees. Management fees for the year ended January 31, 2006 was $129,483 representing a decrease of approximately 8% compared to management fees of $141,270 for the year ended January 31, 2005. The management fees incurred during the fiscal year ended January 31, 2006, derive from payments made for management services.

Stock-based compensation expense. Stock-based compensation expense for the year ended January 31, 2006 was $3,523,324 representing an increase of approximately 255%% compared to stock-based compensation expense of $992,658 for the year ended January 31, 2005. The stock-based compensation expense incurred during the fiscal year ended January 31, 2006 is the result of issuing 3,580,000 options to directors, officers, consultants, and employees, which is 1,035,000 more options than the 2,545,000 options issued during the year ended January 31, 2005, combined with a greater value per option based on the Black-Scholes calculation. These additional incentive options were part of our overall plan to lin corporate development and shareholder value.

Year ended January 31, 2005 compared with the year ended January 31, 2004

Overall. Our focus for the year ended January 31, 2005, was to further advance the environmental and permitting process and to commence a diameter core drill program at the NorthMet project. We expanded our operations in Minnesota by retaining several key consultants to assist in the completion of the environmental study and permitting requirements of the project. In addition we initiated negotiations to secure off take partnership agreements.

Loss for the year. We recorded a loss in the year ended January 31, 2005 of $3,776,337 ($0.07 per share) compared to a loss of $146,800 ($0.00 per share) in 2004 and a loss of $471,679 ($0.01 per share) in 2003. The increase in the net loss for the year was primarily attributable to the increased level of work, our accounting policy of expensing the costs of pre-feasibility work related to the NorthMet Project of $1,622,983 ($91,616 in the fiscal year ended January 31, 2004), and an increase in general and administrative costs including non-cash stock compensation expense of $992,658 ($55,048 in the fiscal year ended January 31, 2004).

Pre-feasibility costs. During 2005 we expended $1,622,983 in exploration, pre-feasibility and lease payments compared to $91,616 in 2004 and 112,318 in 2003. The substantial increase was a result of our direct participation in the environmental and permitting advancement at the NorthMet Project.

Administrative fees and wages. Our administrative fees and wage expense for the year ended January 31, 2005 was $105,449 representing an increase of approximately 228% compared to administrative fees and wage expense of $32,120 for the year ended January 31, 2004. The increase is primarily the result of increased corporate activity.

Consulting fees. Consulting fees for the year ended January 31, 2005 was $370,815 representing an increase of approximately 1,643% compared to consulting fees of $21,278 for the year ended January 31, 2004. The increase in consulting fees is mainly due to the hiring of several consultants in response to increased corporate activity.

Interest Income. Interest income for the year ended January 31, 2005 was $2,221 as compared to interest expense of $380 for the year ended January 31, 2004. The interest income earned during the fiscal year ended January 31, 2005, is primarily from maintaining higher cash balances during the period.

Management fees. Management fees for the year ended January 31, 2005 was $141,270 representing an increase of approximately 170% compared to management fees of $52,388 for the year ended January 31, 2004. The increase in management fees incurred during the fiscal year ended January 31, 2005, is the result of payments to for increased management services based on increased corporate activity.

Stock-based compensation expense. Stock-based compensation expense for the year ended January 31, 2005 was of $992,658 representing an increase of approximately 1,703% compared to stock-based compensation expense of $55,048 for the year ended January 31, 2004. The stock-based compensation expense incurred during the fiscal year ended January 31, 2005 is the result of issuing 2,545,000 options to directors, officers, consultants, and employees, which is 46,500 fewer options than the 2,591,500 options issued during the year ended January 31, 2004. However, the per-option expense based the Black-Scholes calculation was significantly greater in the fiscal year ended January 31, 2005. These additional incentive options were issued as part of our overall plan to line up corporate development and shareholder value.

Year ended January 31, 2004 compared with the year ended January 31, 2003

Overall. Our primary objective for the fiscal year ended January 31, 2004 was to achieve certain milestones with respect to the NorthMet project. We were successful in obtaining the option to acquire the Cliffs-Erie facility, which if exercised will significantly reduce the capital costs for the project. In addition an independent scoping study on the NorthMet project was completed integrating the Cliffs-Erie facility and its impact on the overall pre-feasibility capital costs. Expenditures of $500,000 were made to obtain the option to acquire the Cliffs-Erie facility. During March 2004, upon receipt of regulatory approval of the option agreement, we issued 1,000,000 common shares to maintain the exclusive rights under the option until June 30, 2006.

With our focus on the NorthMet project, we reached an agreement for the sale of Marathon leases and related land for proceeds of $250,000.

Loss for the year. We recorded a loss in the year ended January 31, 2004 of $146,800 ($0.00 per share) compared to a loss of $471,679 ($0.01 per share) in 2003 and a loss of $1,155,762 in 2002 ($0.02 per share). The decrease in the net loss for the year was primarily attributable to the decreased level of work, at our NorthMet project.

Pre-feasibility costs. During 2004 we expended $91,616 in exploration, pre-feasibility and lease payments compared to $112,318 in 2003 and $606,162 in 2002. The decrease was a result of reduced work during the period leading up to the hiring of a new management team.

Administrative fees and wages. Our administrative fees and wage expense for the year ended January 31, 2004 was $32,120 representing a decrease of approximately 78% compared to administrative fees and wage expense of $143,146 for the year ended January 31, 2003. The decrease is primarily the result of a substantial reduction in operations and activity.

Consulting fees. Consulting fees for the year ended January 31, 2004 was $21,278 representing a decrease of approximately 22% compared to consulting fees of $27,267 for the year ended January 31, 2003. The decrease in consulting fees is mainly due to reduced corporate activity during our transition to our new management team.

Interest expense. Interest expense for the year ended January 31, 2004 was $380 as compared to interest expense of $589 for the year ended January 31, 2003. The interest expense during the fiscal year ended January 31, 2004, is primarily from short-term overdraft fees.

Foreign Currency

The impact of foreign currency fluctuations between the U.S. dollar and the Canadian dollar are not material on us. We currently do not engage in any hedging activities intended to minimize the effect of currency fluctuations.

Substantially all cash and equivalents are held in Canadian currency.

As at January 31, 2006, we had working capital of $9,070,555 (2005 - $1,273,660) consisting primarily of cash $11,671,427 (2005 - $510,871). We will facilitate debt financing to Cliffs for the exercise of the Cliffs Option, for the current portion of $1,000,000 (2005 - $Nil) and the remaining balance of $1,420,515 long term (2005 - $Nil) from working capital.

As at January 31, 2006, we, in addition to its obligation to Cliffs as described herein, have obligations to issue shares under our Bonus Share Plan. We have received shareholder approval for the Bonus Shares of Milestones 1 - 4 and regulatory approval for Milestones 1 and 2. Milestones 3 and 4 are subject to regulatory approval, which will be sought when we are closer to completing these Milestones. To date 1,590,000 shares have been issued to achieve Milestone 1. The bonus shares allocated for Milestones 1 thru 4 are valued using our closing trading price on November 5, 2003 of CDN$0.19 per share, the date of the approval of the bonus plan by the board of directors.

As part of certain employment and management contracts, we have agreed to severance allowances for key employees and management in the event of a take-over bid. These allowances will be based upon our implied market capitalization at the time, calculated by multiplying the number of shares outstanding on a fully diluted basis by the take-over bid price per share. If the market capitalization is CDN$100 million, the total severance payment would be CDN$1,000,000 and would increase CDN$600,000 for every additional CDN$25 million of implied market capitalization, with no maximum.

As a result of the recent private placements as described above, our current available cash and working capital will be adequate to meet our current obligations, maintain our property lease, fund completion of our DFS, administrative costs, and payments to Cliffs for the next 12 months. To advance the NorthMet project further, additional funding will be required and there are no assurances that we will be able to complete the necessary financings or obtain a joint venture in order to carry out such further work. See Risk Factors.

As we are in the pre-feasibility stage, we do not have revenues from operations and, except for income from cash and cash equivalents, we rely on equity funding for our continuing financial liquidity. We will continue to evaluate alternative sources of capital to meet our cash requirements, including issuing additional equity securities and entering into other financing arrangements and we are hopeful that we will be successful in this regard. There can be no assurance, however, that we will be able to continue to raise funds, on terms favorable to us, in which case it may be unable to continue to advance the NorthMet project. Should we be unable to realize on its assets and discharge its liabilities in the normal course of business, the realizable value of its assets may be materially less than the amounts recorded on the balance sheets. We do not have any arrangements or commitments in place for any additional financing.

Debt

Pursuant to the Asset Purchase Agreement between Cliffs and our wholly owned subsidiary Poly Met Mining Inc., dated September 15, 2005, Poly Met Mining, Inc. signed a note payable to Cliffs in the amount of $2,400,000. The note is interest bearing at the annual simple rate of four percent (4%) and will be paid in ten quarterly installments equal to $250,000 for total repayment of $2,500,000 including interest. The first payment was made on March 31, 2006 and the note will mature on September 30, 2008. As at January 31, 2006, the outstanding long term debt was as follows:

Note payable	$ 2,400,000
Accrued interest	20,515
Total debt	2,420,515
Less current portion	(1,000,000)
Long term debt	$ 1,420,515

We anticipate using the funds recently acquired through equity financing transactions to meet our payment obligations under the promissory note held by Cliffs.

Pursuant to the Asset Purchase Agreement, we also agreed to indemnify Cliffs for the liability for final reclamation and closure of the Erie Plant and to assume these liabilities upon receipt of operating permits and approval by the DNR.

Federal, state and local laws and regulations concerning environmental protection affect our operations. Under current regulations, we are obligated to indemnify Cliff's requirement to meet performance standards to minimize environmental impact from operations and to perform site restoration and other closure activities. Our provisions for future site closure and reclamation costs are based on known requirements. It is not currently possible to estimate the impact on operating results, if any, of future legislative or regulatory developments. Our estimate of the present value of the obligation to reclaim the NorthMet Project is based upon existing reclamation standards as of January 31, 2006 and Canadian GAAP. Once we obtain our permit to mine the environmental and reclamation obligations will be direct liable to the governing bodies.

Our estimates are based upon a January 31, 2006 liability estimate of $12,444,478, an annual inflation rate of 3.80%, a discount rate of 9.00% and a mine life of 28.5 years, commencing in mid-2008 and a reclamation period of 3 years. Accretion of the liability until the commencement of commercial production will be capitalized to the NorthMet Project assets.

2 By an agreement dated January 4, 1989 and a subsequent amendment, we entered into a lease agreement with US Steel on certain lands in St. Louis County, Minnesota. The current term of the lease is 20 years and calls for total lease payments of $1,475,000. All lease payments have been paid or accrued to January 31, 2005. The agreement requires future annual lease payments of $150,000 from January 4, 2006 to 2009.

We can, at our option, terminate the lease at any time by giving written notice to the lessor not less than 90 days prior to the effective termination date or can extend the 20-year term by continuing to make $150,000 annual lease payments on each successive anniversary date.

The lease payments are considered advance royalty payments and shall be deducted from future production royalties payable to the lessor, which range from 3% to 5% based on the net smelter return received. Our recovery of the advance royalty payments is subject to the lessor receiving an amount not less than the amount of the annual lease payment due for that year.

During the year ended January 31, 2005, USX assigned the lease to RGGS Land & Minerals Ltd., L.P.

Summary of Bonus Plan

On November 5, 2003, we adopted a bonus share incentive plan (the “Bonus Plan”) for our directors and key employees. The Bonus Plan was initially approved at our Annual General and Special Meeting held on May 28, 2004. Thereafter the Bonus Plan was submitted in a revised form in response to comments received from the TSX-VE and approved thereafter by our shareholders at their Extraordinary General Meeting held on November 4, 2004.

The issuance of bonus shares is seen to be a true incentive to key members of the management team as opposed to the granting of more conventional stock options. If the milestones are not accomplished, the bonus shares are not granted.

We have determined to limit the aggregate number of shares that may be issued under the Bonus Plan and our incentive stock option plan to not more than 20% of our issued shares from time to time. Accordingly, we received approval for the issuance of up to a total of 2,890,000 shares of our common stock with respect to Milestones 1 and 2 as per the following:

Milestone 1: Execution of an option agreement with Cleveland Cliffs for the use or purchase of what is referred to as the Cliffs-Erie Facility. This consists of real property located near Hoyt Lakes, Minnesota (the “Erie Site”), on which are located various ore processing facilities formerly operating by LTV Steel Mining Company as part of that company’s taconite mining and processing operations (the “Property”). The Property will be used to process mineral products from our NorthMet property, in nearby Babbitt, Minnesota. This Milestone was negotiated in September 2003 and a final agreement was signed in February 2004. Accordingly, the number of shares issuable was 1,590,000 shares of which 1,500,000 were issued to the following directors on March 15, 2005:

Name of Director	**No. of Common Shares**
William Murray	600,000

W. Ian L. Forrest	300,000

Milestone 2: Negotiation and completion of an off-take agreement with one or more senior metals producers for the purchase of the nickel hydroxide concentrate produced from the NorthMet Property, and/or an equity investment in us by such a producer or producers.

C. Board Practices

Term

All of our directors hold office until the next annual meeting of shareholders and until their successors have been elected and qualified. Our officers are elected by the shareholders at each annual meeting of shareholders and hold office until death, resignation, removal from office, or upon a successor having been elected. For the periods each person has served in his respective office, see Item 6(A) Directors and Senior Management.

Employment Agreements

Under an employment agreement between us and Mr. William Murray, dated March 17, 2004, Mr. Murray has the right to receive a severance allowance in the event of a take-over bid as defined in Section 13 of the *Securities Act* (British Columbia), and where the rule requires that the offeror take up and pay for more than 50% of our issued shares. The severance allowance will be based on our implied market capitalization under the take-over-bid, calculated by multiplying the price actually paid under the take-over bid by the number our common shares issued on a fully diluted basis at the time of the take-over bid (the "Severance Allowance") to be calculated as follows:

(a) if the implied market capitalization is at least CDN$50,000,000 but less than CDN$75,000,000, Mr. Murray will receive a Severance Allowance of CDN$200,000;
(b) if the implied market capitalization is at least CDN$75,000,000 but less than CDN$100,000,000, Mr. Murray will receive a Severance Allowance of CDN$400,000; and thereafter;
(c) for every increase in the implied market capitalization of CDN$25,000,000, the Severance Allowance will increase by an additional CDN$400,000.

Notwithstanding the aforementioned provisions, if we terminate the employment agreement with Mr. Murray for any reason other than cause, under the terms of the agreement, Mr. Murray will be entitled to receive 200% of all compensation to be paid for the remaining balance of the term of the agreement which expired on March 17, 2006.

Under an employment agreement between us and Mr. Douglas Newby, dated November 22, 2005, Mr. Newby has the right to receive a severance allowance in the event of a take-over bid as defined in Section 13 of the *Securities Act* (British Columbia), and where the rule requires that the offeror take up and pay for more than 50% of our issued shares. The severance allowance will be based on our implied market capitalization under the take-over-bid, calculated by multiplying the price actually paid under the take-over bid by the number our common shares issued on a fully diluted basis at the time of the take-over bid (the "Severance Allowance") to be calculated as follows:

(a) if the implied market capitalization is at least CDN$50,000,000 but less than CDN$75,000,000, Mr. Newby will receive a Severance Allowance of CDN$50,000;
(b) if the implied market capitalization is at least CDN$75,000,000 but less than CDN$100,000,000, Mr. Newby will receive a Severance Allowance of CDN$100,000; and thereafter;
(c) for every increase in the implied market capitalization of CDN$25,000,000, the Severance Allowance will increase by an additional CDN$100,000.

Audit Committee

Our audit committee consists of George Molyviatis, W. Ian L. Forrest, and David Dreisinger, all of whom are independent under AMEX guidelines. The audit committee oversees our audit procedures, reviews the audited and unaudited financial statements and disclosures, oversees our internal systems of accounting and management controls, makes recommendations to our board of directors as to the selection and appointment of our auditors, and ensures an open outlet to protect individuals who report concerns from retaliatory action. Our Audit Committee Charter is attached as Appendix 1 of the attached Exhibit 12.1.

Compensation Committee

The Compensation Committee, consisting of George Molyviatis, W. Ian L. Forrest, and David Dreisinger, recommends to the board, compensation levels of our executive officers. See "Report on Executive Compensation" below for further details.

Report on Executive Compensation

As part of its responsibilities, the compensation committee reviews our overall compensation plan and the policies to ensure they are consistent with our goals of attracting and retaining the best available personnel, align employees' interests with ours, and suitably pay for performance. In establishing remuneration levels and in granting stock options, the compensation committee evaluates an executive's performance, level of expertise, responsibilities, length of service with us, and comparable levels of remuneration paid to executives of other companies of comparable size and development within the industry.

Statement of Corporate Governance Practices

Corporate governance relates to the activities of the board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the board and who are charged with managing our day-to-day business. Our board is committed to sound corporate governance practices, which are in the interests of our shareholders and contribute to effective and efficient decision-making. As a Tier 1 company listed on the TSX-V, we are required to comply with the guidelines for improved corporate governance in Canada as adopted by the TSX (the "Exchange Guidelines"). Our approach to corporate governance in the context of 14 specific Exchange Guidelines is set out in the attached Exhibit 11.2.

ITEM 10. ADDITIONAL INFORMATION

B. Memorandum and Articles of Association

Incorporation

We incorporated under the name Fleck Resources Ltd. pursuant to the Corporation Act (British Columbia) by registration of its memorandum in British Columbia, Canada, under Certificate of Incorporation #BC0228310 on March 4, 1981. We changed our name to PolyMet Mining Corp. on June 10, 1998. We do not have any stated "objects" or "purposes" as such are not required by the corporate laws of the Province of British Columbia. Rather, we are, by such corporate laws, entitled to carry on any activities whatsoever that are not specifically precluded by other statutory provisions of the Province of British Columbia.

Powers and Functions of the Directors

The powers and functions of the directors are set forth in our Articles, the current version of which were adopted on October 6, 2004, and in the Business Corporations Act (British Columbia). They provide that:

(a) a director who holds office or possesses any property, right, or interest that could result, directly or indirectly, in the creation of a duty of interest that materially conflicts with his duty or interest as a director must disclose the nature and extent of the conflict and abstain from voting on the approval of the proposed contract or transaction, unless all the directors have a disclosable interest, in which case the director may vote on such resolution, and moreover, may be liable to account to us for any profit that accrued under such an interest contract or transaction;

(b) a director is not deemed to be interested in a proposed contract or transaction merely because it relates to the remuneration of a director in that capacity. The directors may, in the absence of an independent quorum, vote compensation to themselves;

(c) there are no specific limitations on the exercise by the directors of our borrowing powers;

(d) there are no provisions for the retirement or non-retirement of directors under an age limit; and

(e) there is no requirement for a director to hold any shares in us.

Rights and Restrictions Attached to the Shares

As all of our authorized and issued shares are of one class of common shares, there are no special rights or restrictions of any nature or kind attached to any of the shares, including any dividend rights. All authorized and issued shares rank equally in respect to the declaration and receipt of dividends and rights to share in any profits or surplus upon our liquidation, dissolution or winding-up. Each share has attached to it one non-cumulative vote. Shareholders are not liable to further capital calls made by us. There is no specific sinking fund provision or any provision discriminating against any existing or prospective holder of shares as a result of such shareholder owning a substantial number of shares.

Alteration of Share Rights

The rights of holders of our issued common shares may be altered by special resolution, which requires the approval of the holders of two-thirds or more of the votes cast at a meeting of our shareholders called and held in accordance with applicable law.

Annual General Meetings

Annual General Meetings are called and scheduled upon decision by the Board of Directors. Pursuant to the *Business Corporations Act* (British Columbia), we are required to hold an annual meeting in each year, not more than 15 months after the date of the most recent annual meeting. The directors may call a meeting of the shareholders whenever they see fit. All meetings of the shareholders may be attended by registered shareholders or persons who hold powers of attorney or proxies given to them by registered shareholders.

Foreign Ownership Limitations

Our Articles and charter documents do not contain limitations prohibiting non-residents, foreigners or any other group from holding or voting shares.

Change of Control

There are no provisions in our Articles or charter documents that currently have the effect of delaying, deferring or preventing a change in the control in us, or that would operate with respect to any proposed merger, acquisition or corporate restructuring involving us or any of our subsidiaries.

Share Ownership Reporting Obligations

There are no provisions in our Articles requiring share ownership to be disclosed.

Securities legislation in Canada requires that shareholder ownership must be disclosed once a person owns beneficially or has control or direction over greater than 10% of the issued shares of a corporation, such as us. This threshold is higher than the 5% threshold under U.S. securities legislation at which shareholders must report their share ownership.

C. Material Contracts

Cleveland Cliffs Option, Minnesota, U.S.A.

For a complete description on the acquisition of the Erie Plan, see Item 4(D)(c)(ii).

D. Exchange Controls

There are no governmental laws, decrees or regulations in Canada relating to restrictions on the export or import of capital, or affecting remittance of interest, dividends or other payments to non-resident holders of common shares of the Corporation. Any remittances of dividends to United States residents are, however, subject to a 15% withholding tax (5% if the shareholder is a company owning at least 10% of the outstanding common shares) pursuant to the reciprocal tax treaty between Canada and the United States. See the section of this Form 20-F entitled “Taxation.”

Except as provided in the Investment Canada Act (the “ICA”), which has provisions which govern the acquisition of a control block of voting shares by a person who is not a Canadian resident (a “non-Canadian”) of a company carrying on a Canadian business, there are no limitations specific to the rights of non-Canadians to hold or vote the common shares under the laws of Canada or the Province of British Columbia or in the charter documents of the Corporation.

E. Taxation

The following summary of the material Canadian federal income tax considerations generally applicable to our common shares reflects our opinion. The tax consequences to any particular holder of common shares will vary according to the status of that holder as an individual, trust, corporation, or member of a partnership, the jurisdiction in which that holder is subject to taxation, the place where that holder is resident and, generally, according to that holder’s particular circumstances. This summary is applicable only to holders who are residents of the United States, have never been a resident of Canada, deal at arm’s length with us, hold their common shares as capital property, and who will not use or hold the common shares in carrying on business in Canada. Special rules, which are not discussed in this summary, may apply to a United States holder that is an issuer that carries on business in Canada and elsewhere.

This summary is based upon the provisions of the Income Tax Act of Canada and the regulations thereunder (collectively, the "Tax Act, or ITA") and the Canada-United States Tax Convention as amended by the Protocols thereto (the "Tax Convention") as of the date of the Annual Report and the current administrative practices of Revenue Canada, Customs, Excise and Taxation. This summary does not take into account Canadian provincial income tax consequences.

This summary is not exhaustive of all possible income tax consequences. It is not intended as legal or tax advice to any particular holder of common stock and should not be so construed. Each holder should consult his own tax advisor with respect to the income tax consequences applicable to him in his own particular circumstances.

North American Free Trade Agreement (Canada). The Investment Act was amended with the North American Free Trade Agreement (NAFTA) to provide for special review thresholds for Americans (including "American-controlled "entities" as defined in the Investment Act). Under the Investment Act, as amended, an investment in our common shares by an American would be reviewable only if it was an investment to acquire control of us and the value of our assets was equal to or greater than a specified amount (the "Review Threshold"), which increases in stages. The Review Threshold is currently $150 million.

Disposition of Common Shares. If a non-resident of Canada were to dispose of our common shares to a Canadian corporation which deals or is deemed to deal on a non-arm's length basis with the non-resident and that, and immediately after the disposition is connected with us (i.e., holds shares representing more than 10% of the voting power and more than 10% of the market value of all of our shares issued and outstanding), the amount by which the fair market value of any consideration (other than any shares of the purchaser corporation) exceeds the paid-up capital of the common shares sold will be deemed to be taxable as a dividend paid by the purchasing corporation, either immediately or eventually by means of a deduction in computing the paid-up capital of the purchasing corporation, and subject to withholding taxes as described below.

Under the Tax Act, a gain from the sale of common shares by a non-resident will not be subject to Canadian tax, provided the shareholder (and/or persons who do not deal at arm's length with the shareholder) has not held a "substantial interest" in us (25% or more of the shares of any class of our stock) at any time in the five years preceding the disposition. Generally, the Tax Convention will exempt from Canadian taxation any capital gain realized by a resident of the United States, provided that the value of the common shares is not derived principally from real property situated in Canada.

Dividend. In the case of any dividends paid to non-residents, we withhold the Canadian tax and remit only the net amount to the shareholder. By virtue of Article X of the Tax Convention, the rate of tax on dividends paid to residents of the United States is generally limited to 15% of the gross dividend (or 5% in the case of certain corporate shareholders owning at least 10% of our voting shares upon ratification of the Protocol amending the treaty. In the absence of the Tax Convention provisions, the rate of Canadian withholding tax imposed on non-residents is 25% of the gross dividend. Stock dividends received by non-residents from us are taxable by Canada as ordinary dividends and therefore the withholding tax rates will be applicable.

Where a holder disposes of common shares to us (unless we acquired the common shares in the open market in the manner in which shares would normally be purchased by any member of the public), this will result in a deemed dividend to the U.S. holder equal to the amount by which the consideration we paid by exceeds the paid-up capital of such stock. The amount of such dividend will be subject to withholding tax as described above.

Capital Gains. A non-resident of Canada is not subject to tax under the ITA in respect of a capital gain realized upon the disposition of a share of a class that is listed on a prescribed stock exchange unless the share represents "taxable Canadian property" to the holder thereof. Our common shares will be taxable Canadian property to a non-resident holder if, at any time during the period of five years immediately preceding the disposition, the non-resident holder, persons with whom the non-resident holder did not deal at arm's length, or the non-resident holder and persons with whom he/she did not deal at arm's length owned 25% or more of our issued shares of any class or series. In the case of a non-resident holder to whom our shares represent taxable Canadian property and who is resident of the United States, no Canadian tax will be payable on a capital gain realized on such shares by reason of the Tax Convention unless the value of such shares is derived principally from real property situated in Canada or the non-resident holder previously held the shares while resident in Canada. We believe that the value of our common shares is not derived from real property situated inside Canada.

Certain United States Federal Income Tax Consequences. The following is a discussion of certain possible United States Federal income tax consequences, under the law, generally applicable to a U.S. Holder (as defined below) of our common shares. This discussion does not address all potentially relevant Federal income tax matters and it does not address consequences peculiar to persons subject to special provisions of Federal income tax law, such as tax-exempt organizations, qualified retirement plans, financial institutions, insurance companies, real estate investment trusts, regulated investment companies, broker-dealers, and shareholders who acquired their stock through the exercise of employee stock options or otherwise as compensation. In addition, this discussion does not cover any state, local or foreign tax consequences.

The following discussion is based upon the sections of the Internal Revenue Code of 1986, as amended ("the Code"), Treasury Regulations, published Internal Revenue Service ("IRS") rulings, published administrative positions of the IRS and court decisions that are currently applicable, any or all of which could be materially and adversely changed, possibly on a retroactive basis, at any time. In addition, the discussion does not consider the potential effects, both adverse and beneficial, of possible legislation which, if enacted, could be applied, possibly on a retroactive basis, at any time. The following discussion is for general information only and is not intended to be, nor should it be construed to be, legal or tax advice to any holder or prospective holder of our common shares and no opinion or representation with respect to the United States Federal income tax consequences to any such holder or prospective holder is made. Accordingly, holders and prospective holders of our common shares should consult their own tax advisors about the federal, state, local, and foreign tax consequences of purchasing, owning and disposing of our common shares.

U.S. Holders. As used herein, the term "U.S. Holder" means a beneficial owner of our common shares that is, for U.S. federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation (or other entity taxable as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is includible in gross income subject to United States federal income tax regardless of its source, or (iv) a trust (a) the administration of which is subject to the primary supervision of a court in the United States and for which one or more U.S. persons have the authority to control all substantial decisions or (b) that has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person. If a partnership is a beneficial owner of our common shares, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner in a partnership that owns our common shares, you should consult your own tax advisor.

Distributions on Our Common Shares. Except as set forth below with regard to "excess distributions," U.S. Holders receiving dividend distributions (including constructive dividends) with respect to our common shares are required to include in gross income for United States Federal income tax purposes the gross amount of such distributions when received, to the extent that we have current or accumulated earnings and profits, without reduction for any Canadian income tax withheld from such distributions. Such Canadian tax withheld may be credited, subject to certain limitations, against the U.S. Holder's United States Federal Income tax liability or, alternatively, may be deducted in computing the U.S. Holder's United States Federal taxable income by those who itemize deductions. (See more detailed discussion at "Foreign Tax Credit" below). To the extent that distributions exceed our current or accumulated earnings and profits, they will be treated first as a return of capital up to the U.S. Holder's adjusted basis in the common shares and thereafter as gain from the sale or exchange of the common shares. Preferential tax rates for long-term capital gains are currently applicable to a U.S. Holder that is an individual, estate or trust. Dividends paid on our common shares will not generally be eligible for the dividends received deduction provided to corporations receiving dividends from certain United States corporations.

Classification As a Passive Foreign Investment Company. A non-U.S. corporation is classified as a passive foreign investment company (a "PFIC") for a taxable year if either: (i) at least 75% or more of its gross income is passive income or (ii) at least 50% of the value of its assets (based on an average of the quarterly values of the assets during the taxable year) is attributable to passive assets (which includes cash and any assets that produce, or are held for the production of, passive income). For at least as long as we do not generate income from our operations, we believe that we will be classified as a PFIC for United States federal income tax purposes. As a result, a U.S. Holder of our common shares will be subject to special tax rules with respect to any "excess distribution" that it receives and any gain it realizes from a sale or other disposition (including a pledge) of our common shares, unless it makes either a "mark-to-market" or "qualified electing fund" election as discussed below. Distributions a U.S. Holder receives in a taxable year that are greater than 125% of the average annual distributions such U.S. Holder received during the shorter of the three preceding taxable years or the U.S. Holder's holding period for the common shares will be treated as an excess distribution. In addition, a step-up in the tax basis of stock in a PFIC may not be available upon the death of an individual U.S. Holder.

Under these special tax rules: (i) the excess distribution or gain will be allocated ratably over the U.S. Holder's holding period for the common shares, (ii) the amount allocated to the current taxable year, and any taxable year prior to the first taxable year in which we were a PFIC, will be treated as ordinary income, and (iii) the amount allocated to each other year will be subject to the highest tax rate in effect for that year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to such year.

The tax liability for amounts allocated to years prior to the year of disposition or "excess distribution" cannot be offset by any net operating losses for such years and gains (but not losses) realized on the sale of common shares cannot be treated as capital, even if the U.S Holder holds the common shares as capital assets.

Alternatively, a U.S. Holder of "marketable stock" (as defined below) in a PFIC may make a mark-to-market election for stock of a PFIC to elect out of the tax treatment discussed in the two preceding paragraphs. If a U.S. Holder makes a mark-to-market election for common shares, the U.S. Holder will include in income each year an amount equal to the excess, if any, of the fair market value of the common shares as of the close of its taxable year over its adjusted basis in such common shares. A U.S. Holder is allowed a deduction for the excess, if any, of the adjusted basis of common shares over their fair market value as of the close of the taxable year. However, deductions are allowable only to the extent of any net mark-to-market gains on common shares included in the U.S. Holder's income for prior taxable years. Amounts included in a U.S. Holder's income under a mark-to-market election, as well as gain on the actual sale or other disposition of common shares, are treated as ordinary income. Ordinary loss treatment also applies to the deductible portion of any mark-to-market loss on common shares, as well as to any loss realized on the actual sale or disposition of common shares, to the extent that the amount of such loss does not exceed the net mark-to-market gains previously included for such common shares. A U.S. Holder's basis in common shares will be adjusted to reflect any such income or loss amounts.

The mark-to-market election is available only for "marketable stock," which is stock that is traded in other than de minimis quantities on at least 15 days during each calendar quarter on a qualified exchange, including the American Stock Exchange, or other market, as defined in applicable U.S. Treasury regulations. Our common shares are listed on the American Stock Exchange and, consequently, the mark-to-market election should be available to a U.S. Holder, provided that our common shares are traded in sufficient quantities.

In general, if a non-U.S. corporation is a PFIC, a holder of shares in that corporation may avoid taxation under the rules described above by making a "qualified electing fund" ("QEF") election to include in income its share of the corporation's income on a current basis, or a "deemed sale" election once the corporation no longer qualifies as a PFIC. However, a U.S. Holder may make a qualified electing fund election with respect to common shares only if we furnish certain tax information to the U.S. Holder annually, and we do not currently intend to prepare or provide such information.

Foreign Tax Credit. A U.S. Holder that pays (or has withheld from distributions) Canadian income tax with respect to the ownership of our common shares may be entitled, at the option of the U.S. Holder, to either a deduction or a tax credit for such foreign tax paid or withheld. Generally, it will be more advantageous to claim a credit because a credit reduces United States Federal income taxes on a dollar-for-dollar basis, while a deduction merely reduces the taxpayer's income subject to tax. This election is made on year-by-year basis and applies to all foreign income taxes (or taxes in lieu of income tax) paid by (or withheld from) the U.S. Holder during the year. There are significant and complex limitations which apply to the credit, among which is the general limitation that the credit cannot exceed the proportionate share of the U.S. Holder's United States income tax liability that the U.S. Holder's foreign source income bears to his/her or its worldwide taxable income. In the determination of the application of this limitation, the various items of income and deduction must be classified into foreign and domestic sources. Complex rules govern this classification process. The availability of the foreign tax credit and the application of the limitations on the credit are fact specific and holders and prospective holders of our common shares should consult their own tax advisors regarding their individual circumstances.

Our reports, registration statements and other information can also be inspected on EDGAR available on the SEC's website at www.sec.gov.

ITEM 11. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

We may be subject to foreign currency exchange rate risk, because we hold funds and financial instruments in Canadian dollars but report our financial information using the U.S. dollar. If we hold onto funds obtained from financings, currently our only means to obtain funds, and Canadian dollar depreciates in comparison to the U.S. the fair value of our funds will decrease and will be reported on our financial statements at this depressed conversion rate. If the Canadian dollar appreciates as compared to the U.S. dollar, however, fair value of any financial instruments or funds held will increase and be reported on our financial statements based on this favorable conversion rate. Our current exposure, however, is not sufficient to have a material effect on our results of operations and financial condition.

Moreover, we periodically access the capital markets with the issuance of new shares to fund operating expenses, and we do not maintain significant cash reserves over periods of time that could be materially affected by fluctuations in interest rates or foreign exchange rates.

ITEM 12. DESCRIPTION OF SECURITIES OTHER THAN EQUITY SECURITIES

Not Applicable.

ITEM 13. DEFAULT, DIVIDEND ARREARAGES AND DELINQUENCIES -

None.

ITEM 14. MATERIAL MODIFICATIONS TO THE RIGHT OF SECURITY HOLDERS AND USE OF PROCEEDS

Shareholder Rights Plan

Effective December 4, 2003, we adopted a Shareholder Rights Plan ("Rights Plan"), ratified by our shareholders on May 28, 2004. Under the Rights Plan, all common shares that we issued during the term of the Rights Plan will receive one right for no consideration for each share of common stock held, to holders of record on December 4, 2003. The term of the Rights Plan is 10 years, unless the rights are earlier redeemed or exchanged. The rights issued under the Rights Plan become exercisable only if a party acquires 20% or more of our common shares without complying with the Rights Plan or without the approval of our board of directors.

Each right entitles the registered holder thereof to purchase from us, on the occurrence of certain events, one common share at the price of CDN$50 per share, subject to adjustment (the "Exercise Price"). However, if a Flip-in Event (as defined in the Rights Plan) occurs, each Right would then entitle the registered holder to receive, upon payment of the Exercise Price, that number of common shares that have a market value at the date of that occurrence equal to twice the Exercise Price. The rights are not exercisable until the Separation Time as defined in the Rights Plan.

The Shareholder Rights Plan is filed as Exhibit 4.6.

ITEM 15. CONTROLS AND PROCEDURES

A. Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this Annual Report, an evaluation was performed under the supervision and with the participation of our management, including the chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15 of the Exchange Act, as amended). Based on that evaluation, our management, including the chief executive officer and chief financial officer, concluded that our disclosure controls and procedures were effective as of the end of the period covered by this Annual Report to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

B. Changes in Internal Controls

Our management, which includes the chief executive officer and chief financial officer, identified no changes in our internal control over financial reporting that occurred during the fiscal year ended January 31, 2006, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

The term "internal control over financial reporting" is defined as a process designed by, or under the supervision of, the our principal executive and principal financial officers, or persons performing similar functions, and effected by the our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

(1) Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and dispositions of assets;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of management and directors of the registrant; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

ITEM 16A. AUDIT COMMITTEE FINANCIAL EXPERT

In 1994 he joined Credit Suisse as Senior Vice-President and left in 1996 start-up Pegasus Securities, S.A., a Greek investment bank that he ran until 1999, when it was sold. Since then Mr. Molyviatis has been a private investor in several natural resource companies.

ITEM 16B. CODE OF ETHICS

We have adopted Code of Ethics, effective April 5, 2006, which applies to all our employees, including our directors and executive officers. We also encourage our directors, officers, employees and consultants to promptly to report any violations of the Code of Ethics.

The Code is filed as Exhibit 11.1.

[2] Fees paid to the Canadian Public Accountability Board.

Pre-Approval Policies and Procedures

All of the fees paid to our auditors, Staley, Okada & Partners, were pre-approved by our Audit Committee. This pre-approval involved a submission by our auditors to our Audit Committee of a scope of work to complete the audit and prepare tax returns, an estimate of the time involved, and a proposal for the fees to be charged for the audit. The Audit Committee reviewed this proposal with our management and after discussion with our auditors, pre-approved the scope of work and fees.

Report of Independent Registered Public Accounting Firm

To the Shareholders of PolyMet Mining Corp.:

We have audited the accompanying consolidated balance sheets of PolyMet Mining Corp. (the "Company") as at 31 January 2006 and 2005 and the related consolidated statements of shareholders' equity, loss and cash flows for each of the years in the three-year period ended 31 January 2006. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Canadian generally accepted auditing standards and with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as at 31 January 2006 and 2005, and the results of its operations and its cash flows for each of the years in the three-year period ended 31 January 2006, in accordance with Canadian generally accepted accounting principles.

1. Nature of Business

PolyMet Mining Corp. ("the Company") was incorporated in British Columbia, Canada on 4 March 1981 under the name Fleck Resources Ltd. The Company changed its name from Fleck Resources to PolyMet Mining Corp. on 10 June 1998.

The Company is engaged in the exploration and development, when warranted, of natural resource properties. The Company's primary mineral property is the NorthMet Project, a polymetallic project in northeastern Minnesota, USA. The realization of the Company's investment in the NorthMet Project and other assets is dependant upon various factors, including the existence of economically recoverable mineral reserves, the ability to obtain the necessary financing to complete the exploration and development of the NorthMet Project, future profitable operations, or alternatively upon disposal of the investment on an advantageous basis.

2. Significant Accounting Policies

a) Consolidation

These consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, PolyMet Mining Inc. and Fleck Minerals Inc. The purchase method of accounting is used to consolidate these subsidiaries.

PolyMet Mining Inc. was incorporated in Minnesota, U.S.A. to hold the NorthMet Lease (Note 5). Fleck Minerals Inc. is currently inactive.

b) Mineral Operations

The Company is in the pre-feasibility stage of developing its mineral properties and has not yet determined whether these properties contain ore reserves that are economically recoverable.

Exploration expenses incurred prior to determination of the feasibility of a mining operation, periodic option payments and administrative expenses are expended as incurred. Mineral property acquisition costs and exploration and development expenditures incurred subsequent to the determination of the feasibility of mining operation are deferred until the property is placed into production, sold, allowed to lapse or abandoned. Acquisition costs include cash and fair market value of common shares. These capitalized costs will be amortized over the estimated life of the property following commencement of commercial production or written off if the property is sold, allowed to lapse or abandoned or when an impairment of values has occurred.

Ownership in mineral interests involves certain inherent risks due to the difficulties of determining the validity of certain claims as well as the potential for problems arising from the frequently ambiguous conveyance history characteristic of many mineral interests. The Company has investigated ownership of its mineral interests and, to the best of its knowledge, ownership of its interests are in good standing.

2. Significant Accounting Policies - *Continued*

c) **Amortization**

The Company provides for amortization of its property, plant and equipment as follows:

Leasehold improvements - Straight-line over 10 years Furniture and equipment - Straight-line over 10 years Computers - Straight-line over 5 years

Property, plant and equipment related to the NorthMet Project will begin to be amortized at the time the project commences operations and will be over the life of the mine.

d) **Investments**

The Company carries its long-term portfolio investments at lower of cost or net realizable value. Investments are written down to net realizable value when there has been a loss in value of the investment, which is other than a temporary decline.

e) **Loss Per Share**

Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares outstanding during the year. The computation of diluted earnings per share assumes the conversion, exercise or issuance would have a dilutive effect on earnings per share. The dilutive effect of convertible securities is reflected in diluted earnings per share by application of the “if converted” method. The dilutive effect of outstanding options and warrants and their equivalents is reflected in diluted earnings per share by application of the treasury stock method.

f) **Conversion of Foreign Currency**

The accounts of the Company are prepared in U.S. funds and the company’s Canadian operations are translated into U.S. dollars as follows:

- Monetary assets and liabilities at year-end rates,
- All other assets and liabilities at historical rates, and
- Revenue and expense items at the average rate of exchange prevailing during the year.

Exchange gains and losses arising from these transactions are reflected in income or expense in the year**.**

g) **Environmental Expenditures**

The operations of the Company may in the future be affected from time to time in varying degrees by changes in environmental regulations, including those for future removal and site restoration costs. Both the likelihood of new regulations and their overall effect upon the Company vary greatly and are not predictable. The Company’s policy is to meet or, if possible, surpass standards set by relevant legislation, by application of technically proven and economically feasible measures**.**

2. Significant Accounting Policies - *Continued*

h) **Management's Estimates**

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reported years. Actual results could differ from those estimates.

i) **Share Capital**

i) The proceeds from the exercise of stock options and warrants are recorded as share capital in the amount for which the option or warrant enabled the holder to purchase a share in the Company.

ii) Share capital issued for non-monetary consideration is recorded at an amount based on fair market value.

j) **Stock-Based Compensation**

All stock-based awards made to employees and non-employees are measured and recognized using a fair value based method. For employees, the fair value of the options is measured at the date of the grant. For non-employees, the fair value of the options is measured on the earlier of the date at which the counterparty performance is complete or the date the performance commitment is reached or the date at which the equity instruments are granted if they are fully vested and non-forfeitable. For employees and non-employees, the fair value of the options is accrued and charged to operations, with the offsetting credit to contributed surplus, on a straight- line basis over the vesting period. If and when the stock options are ultimately exercised, the applicable amounts of contributed surplus are transferred to share capital.

k) **Cash and Cash Equivalents**

For purposes of reporting cash flows, the Company considers cash and cash equivalents to include amounts held in banks and highly liquid debt investments with remaining maturities at point of purchase of three months or less. The Company places its cash and cash investments with institutions of high credit worthiness. At times, such investments may be in excess of insurance limits.

2. Significant Accounting Policies - *Continued*

l) **Asset Retirement Obligations**

The recommendations of Canadian Institute of Chartered Accountants ("CICA") Handbook Section 3110, *Asset Retirement Obligations* ("CICA 3110"), became effective on 1 February 2004. This section requires the recognition of a legal liability for obligations relating to the retirement of property, plant and equipment and obligations arising from the acquisition, construction, development, or normal operation of those assets. Such asset retirement costs must be recognized at fair value, when a reasonable estimate of fair value can be estimated, in the year in which the liability is incurred. A corresponding increase to the carrying amount of the related asset, where one is identifiable, is recorded and amortized over the life of the asset. Where a related asset is not easily identifiable with a liability, the change in fair value over the course of the year is expensed. The amount of the liability is subject to re-measurement at each reporting year-end. The estimates are based principally on legal and regulatory requirements. It is possible that the Company's estimates of its ultimate reclamation and closure liabilities could change as a result of changes in regulations, changes in the extent of environmental remediation required, changes in the means of reclamation or changes in cost estimates. Changes in estimates are accounted for prospectively commencing in the year the estimate is revised.

m) **Variable Interest Entities**

Effective 1 February 2005, the Company adopted the recommendations of CICA Handbook Accounting Guideline 15 (AcG-15), Consolidation of Variable Interest Entities, effective for annual and interim periods beginning on or after 1 November 2004. Variable interest entities (VIEs) refer to those entities that are subject to control on a basis other than ownership of voting interests. AcG-15 provides guidance for identifying VIEs and criteria for determining which entity, if any, should consolidate them. Adoption of this accounting policy has not affected the Company's financial statements.

n) **Impairment of Long-Lived Assets**

The Company has adopted CICA Section 3063 "Impairment of Long-Lived Assets". This statement establishes standards for the recognition, measurement and disclosure or the impairment of non-monetary long-lived assets, included property, plant and equipment, intangible assets with finite useful lives, deferred pre-operating costs and long-term prepaid assets. The adoption of this standard did not have a material impact on the Company's financial position or results of operations.

o) **Comparative Figures**

Certain of the comparative figures have been reclassified to conform with the current year's presentation.

3. Financial Instruments

a) Fair value

The carrying value of cash, miscellaneous receivable, investments *(Note 4)* accounts payable and long-term debt approximates the fair value of these financial instruments due to their short-term maturity or capacity of prompt liquidation.

b) Interest rate risk

The Company is not exposed to significant interest rate risk due to the short-term maturity of its monetary current assets and current liabilities.

c) Currency risk

The Company is exposed to foreign currency fluctuations to the extent primary expenditures incurred by the Company are not denominated in Canadian dollars. As at 31 January 2006, the Company had investments in mineral properties that require the Company to make payments in US dollars (Notes 6 and 7). The Company's ability to make these payments will be affected by currency fluctuations.

4. Investments

Details are as follows**:**

	Market Value	31 January 2006	31 January 2005
American Platinum Inc.	$ —	$ 1	$ 1
Aloak Corp.	25	252	252
	$ 25	$ 253	$ 253

These investments represent minority interests of less than 10% in the respective companies.

5. Resource Property Agreements

NorthMet, Minnesota, U.S.A. - Lease

By an agreement dated 4 January 1989 and a subsequent amendment and assignment, the Company leases certain lands in St. Louis County, Minnesota from RGGS Land & Minerals Ltd., L.P. During the year ended 31 January 2005, United States Steel Corporation assigned the lease to RGGS Land & Minerals Ltd., L.P. The current term of the renewable lease is 20 years and calls for total lease payments of $1,475,000. All lease payments have been paid or accrued to 31 January 2006. The agreement requires future annual lease payments of $150,000 from 4 January 2006 to 2009.

The Company can, at its option, terminate the lease at any time by giving written notice to the lessor not less than 90 days prior to the effective termination date or can indefinitely extend the 20-year term by continuing to make $150,000 annual lease payments on each successive anniversary date.

The lease payments are considered advance royalty payments and shall be deducted from future production royalties payable to the lessor, which range from 3% to 5% based on the net smelter return received by the Company. The Company's recovery of the advance royalty payments is subject to the lessor receiving an amount not less than the amount of the annual lease payment due for that year.

Cleveland Cliffs Option, Minnesota, U.S.A.

By a Memorandum of Understanding dated 5 December 2003 and an option agreement dated 14 February 2004, the Company obtained an option ("Cliffs Option") to acquire certain property, plant and equipment ("Cliffs Assets") from Cleveland Cliffs of Cleveland, Ohio ("Cliffs") located near the Company's NorthMet Project. Under the terms of the agreement, Cliffs will maintain available designated elements of the facility while the Company develops its feasibility study on the NorthMet project.

As consideration for the exclusive Cliffs Option, the Company paid $500,000 prior to 31 January 2004 as required and issued to Cliffs 1,000,000 common shares on 30 March 2004, valued at $229,320 to maintain the exclusive rights until 30 June 2006.

On 14 September 2005 the Company reached an agreement in principle with Cliffs on the terms for the early exercise of the Company's option to acquire 100% ownership of large portions of the former LTV Steel Mining Company ore processing plant in northeastern Minnesota (the "Asset Purchase Agreement").

On 15 November 2005 the Company completed the acquisition under the Asset Purchase Agreement ("Purchase Agreement"). The property, plant and equipment assets now owned by the Company include land, crushing, milling and flotation capacity, complete spare parts, plant site buildings, real estate, tailings impoundments and mine work shops, as well as access to extensive mining infrastructure. The final allocation of the purchase price has not been agreed to between the parties. As the assets are not in use no amortization of these assets has been recorded to 31 January 2006.

The consideration for the Asset Purchase was $3.4 million in cash ($1,000,000 paid) and the issuance of 6,200,547 common shares (issued on 15 November 2005 at fair market value of $7,564,444) in the capital stock of the Company. The remaining cash component of the payment of $2.4 million will be paid in quarterly instalments of US$250,000 for a total of $2.5 million, which includes interest of $100,000 (Note 7). Interest accrued in the amount of $20,515 has been capitalized as part of the cost of the NorthMet Project assets.

The Company has assumed certain ongoing site-related environmental and reclamation obligations. These environmental and reclamation obligations are presently contracted under the terms of the Purchase Agreement with Cliffs. Once the Company obtains its permit to mine and Cliffs is released from its obligations by the State agencies, the environmental and reclamation obligations will be direct with the governing bodies. The present value of the asset retirement obligation in the amount of $2,510,687 (Note 8) has been recorded as an increase in the carrying amount of the NorthMet Project assets and will be amortized over the life of the asset.

Under the terms of the agreement Cliffs will have the right to participate on a pro-rata basis in future cash equity financings.

7. Long Term Debt

Pursuant to the Asset Purchase Agreement (Note 6) the Company's wholly owned subsidiary PolyMet Mining Inc. signed a note payable to Cliffs in the amount of $2,400,000. The note is interest bearing at the annual simple rate of four percent (4%) and shall be paid in quarterly instalments equal to $250,000 for total repayment of $2,500,000. As at 31 January 2006 the outstanding long term debt was as follows:

Note payable	$ 2,400,000
Accrued interest	20,515
Total debt	2,420,515
Less current portion	(1,000,000)
Long term debt	$ 1,420,515

8. Asset Retirement Obligation

As part of the consideration for the Cliffs Purchase Agreement (Note 6), the Company assumed, under contract to Cliffs, the liability for final reclamation and closure of the mine.

Federal, state and local laws and regulations concerning environmental protection affect the Company's operations. Under current regulations, the Company is contracted to indemnify Cliff's requirement to meet performance standards to minimize environmental impact from operations and to perform site restoration and other closure activities. The Company's provisions for future site closure and reclamation costs are based on known requirements. It is not currently possible to estimate the impact on operating results, if any, of future legislative or regulatory developments. The Company's estimate of the present value of the obligation to reclaim the NorthMet Project is based upon existing reclamation standards at January 31, 2006 and Canadian GAAP. Once the Company obtains its permit to mine the environmental and reclamation obligations will be direct with the governing bodies.

The Company's estimates are based upon a 31 January 2006 liability estimate of $12,444,478, an annual inflation rate of 3.80%, a discount rate of 9.00% and a mine life of 28.5 years, commencing in mid-2008 and a reclamation period of 3 years. Accretion of the liability until the commencement of commercial production will be capitalized to the NorthMet Project assets.

f) **Shareholder Rights Plan**

Effective 4 December 2003, the Company adopted a Shareholder Rights Plan ("Rights Plan"), which was approved by the Company's shareholders' on 27 May 2004. All common shares issued by the Company during the term of the Rights Plan will have one right represented for each common share held by the shareholder of the Company. The term of the Rights Plan is 10 years, unless the rights are earlier redeemed or exchanged. The Rights issued under the Rights Plan become exercisable only if a party acquires 20% or more of the Company's common shares without complying with the Rights Plan or without the approval of the Board of Directors of the Company.

Each Right entitles the registered holder thereof to purchase from the Company on the occurrence of certain events, one common share of the Company at the price of CDN$50 per share, subject to adjustment (the "Exercise Price"). However, upon certain events occurring (as defined in the Rights Plan), each Right would then entitle the registered holder to receive, upon payment of the Exercise Price, that number of common shares that have a market value at the date of that occurrence equal to twice the Exercise Price. The Rights are not exercisable until the Separation Time, as defined in the Rights Plan.

The tax benefit of the above noted tax assets have been offset by recognition of a valuation allowance in these financial statements.

13. Differences Between Canadian and United States Generally Accepted Accounting Principles

These consolidated financial statements are prepared in accordance with Canadian generally accepted accounting principles ("GAAP"). The U.S. Securities and Exchange Commission requires that financial statements of foreign companies contain a reconciliation presenting the statements on the basis of accounting principles generally accepted in the U.S. Any differences in accounting principles as they pertain to the accompanying consolidated financial statements are not material except as follows:

a) Under Canadian generally accepted accounting principles, long-term portfolio investments may be reported at a cost that is in excess of market value where it is reasonable to assume that the decline in market value may be of a temporary nature. Under U.S. generally accepted accounting principles, the investments are carried at market value on an individual basis and the adjustment is credited or charged to comprehensive income.

b) Under Canadian generally accepted accounting principles, mineral properties may be carried at cost and written-off or written-down if the properties are abandoned, sold or if management decides not to pursue the properties. Under U.S. generally accepted accounting principles, the Company would periodically review and obtain independent reports in determining adjustments to the mineral properties and records properties at net realizable value. The Company has not yet obtained an independent report and accordingly for U.S. purposes, the properties have been written off. In the past the Company followed the method described above. During 2003, the Company changed the accounting policy *(Note 2)*, therefore there are no differences between Canadian and United States generally accepted accounting principles.

c) Recent U.S. Accounting Pronouncements, which relate to the Company's current operations are summarized as follows:

In May 2003, the FASB issued SFAS 150, *"Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity"*. SFAS No. 150 establishes standards for classifying and measuring as liabilities certain financial instruments that embody obligations of the issuer and have characteristics of both liabilities and equity. The adoption of SFAS 150 did not have a material impact on the Company's financial statements.

In December 2004, the FASB issued SFAS No. 123R, *"Share Based Payment"*. SFAS 123R is a revision of SFAS No. 123 *"Accounting for Stock-Based Compensation"*, and supersedes APB Opinion No. 25, *"Accounting for Stock Issued to Employees"* and its related implementation guidance. SFAS 123R establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those equity instruments. Public entities that file as small business issuers will be required to apply SFAS 123R in the first interim or annual reporting period that begins after December 15, 2005. The adoption of this standard is not expected to have a material effect on the Company's results of operations or financial position.

13. Differences Between Canadian and United States Generally Accepted Accounting Principles - *Continued*

In December 2004, FASB issued SFAS No. 153, *"Exchanges of Non-monetary Assets - An Amendment of APB Opinion No. 29"*. The guidance in APB Opinion No. 29, *"Accounting for Non-monetary Transactions"*, is based on the principle that exchanges of non-monetary assets should be measured based on the fair value of the assets exchanged. The provisions of SFAS No. 153 are effective for non-monetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. Early application is permitted and companies must apply the standard prospectively. The adoption of this standard is not expected to have a material effect on the Company's results of operations or financial position.

In May 2005, the FASB issued SFAS 154, *"Accounting Changes and Error Corrections,"* which replaces APB Opinion No. 20, *"Accounting Changes,"* and supersedes FASB Statement No. 3,*"Reporting Accounting Changes in Interim Financial Statements - an amendment of APB Opinion No. 28." SFAS 154 requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. When it is impracticable to determine the period-specific effects of an accounting change on one or more individual prior periods presented, SFAS 154 requires that the new accounting principle be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practicable and that a corresponding adjustment be made to the opening balance of retained earnings for that period rather than being reported in an income statement. When it is impracticable to determine the cumulative effect of applying a change in accounting principle to all prior periods, SFAS 154 requires that the new accounting principle be applied as if it were adopted prospectively from the earliest date practicable. SFAS 154 shall be effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company does not expect the provisions of SFAS 154 will have a significant impact on its results of operations.*

In February 2006, the FASB issued SFAS No. 155, *"Accounting for Certain Hybrid Financial Instruments, an amendment of FASB Statements No. 133 and 140."* This statement permits fair value re-measurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation. It establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation. In addition, SFAS 155 clarifies which interest-only strips and principal-only strips are not subject to the requirements of Statement 133. It also clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives. SFAS 155 amends Statement 140 to eliminate the prohibition on a qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. This Statement is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. The adoption of this standard is not expected to have a material effect on the Company's results of operations or financial position.

13. Differences Between Canadian and United States Generally Accepted Accounting Principles - *Continued*

In March 2006, the FASB issued SFAS 156, *"Accounting for Servicing of Financial Assets—an amendment of FASB Statement No. 140"*. This statement amends FASB Statement No. 140, *"Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities"*, with respect to the accounting for separately recognized servicing assets and servicing liabilities. This statement: (1) requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a servicing contract in any of the following situations: (a) a transfer of the servicer's financial assets that meets the requirements for sale accounting, (b) a transfer of the servicer's financial assets to a qualifying special-purpose entity in a guaranteed mortgage securitization in which the transferor retains all of the resulting securities and classifies them as either available-for-sale securities or trading securities in accordance with FASB Statement No. 115, *"Accounting for Certain Investments in Debt and Equity Securities", (c) a*n acquisition or assumption of an obligation to service a financial asset that does not relate to financial assets of the servicer or its consolidated affiliates; (2) requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value, if practicable; (3) permits an entity to choose either of the following subsequent measurement methods for each class of separately recognized servicing assets and servicing liabilities: (a) *Amortization method*—Amortize servicing assets or servicing liabilities in proportion to and over the period of estimated net servicing income or net servicing loss and assess servicing assets or servicing liabilities for impairment or increased obligation based on fair value at each reporting date, or (b) *Fair value measurement method*—Measure servicing assets or servicing liabilities at fair value at each reporting date and report changes in fair value in earnings in the period in which the changes occur; (4) at its initial adoption, permits a one-time reclassification of available-for-sale securities to trading securities by entities with recognized servicing rights, without calling into question the treatment of other available-for-sale securities under Statement 115, provided that the available-for-sale securities are identified in some manner as offsetting the entity's exposure to changes in fair value of servicing assets or servicing liabilities that a servicer elects to subsequently measure at fair value; and (5) requires separate presentation of servicing assets and servicing liabilities subsequently measured at fair value in the statement of financial position and additional disclosures for all separately recognized servicing assets and servicing liabilities. An entity should adopt this statement as of the beginning of its first fiscal year that begins after September 15, 2006. The adoption of this standard is not expected to have a material effect on the Company's results of operations or financial position.

16. Contingent Liabilities and Commitments

a) The Company has instituted a share bonus plan as part of its employment, management and consulting contracts for key management and project personnel. This bonus plan adds incentive for key personnel to reach certain prescribed milestones required to reach commercial production at the NorthMet Project. As at 31 July 2005, the Company had received shareholder approval of the Bonus Shares for Milestones 1 - 4 and regulatory approval for Milestones 1 and 2. Milestones 3 and 4 are subject to regulatory approval, which will be sought when the Company is closer to completing these Milestones. To date 1,590,000 shares have been issued for the achievement of Milestone 1. The bonus shares allocated for Milestones 1 thru 4 are valued using the Company's closing trading price on 5 November 2003 of CDN$0.19 per share, the date of the approval of the bonus plan by the board of directors.

The summary of the share bonus plan is as follows:

	Bonus Shares	
Milestone 1	1,590,000	(i) issued –*Statement 2*
Milestone 2	1,300,000	(ii)
Milestone 3	2,400,000	(iii)

(i) Milestone 1 –Completion of an agreement with Cliffs-Erie LLC for the option to purchase of Cliffs-Erie facility to be used as a part of mining and processing operations for the NorthMet Project. These shares were issued in March 2005.

(ii) Milestone 2 – Negotiation and completion of an off-take agreement with a senior metals producer for the purchase of raw materials to be produced from the NorthMet Project.

(iii) Milestone 3 –Completion of a "bankable feasibility study" which indicates that commercial production from the NorthMet Project is viable.

(iv) Milestone 4 – Commencement of commercial production at the NorthMet Project at a time when the company has not less than 50% ownership interest.

16. Contingent Liabilities and Commitments *Continued*

b) As a part of certain employment and management contracts, the Company has agreed to severance allowances for key employees and management in the event of a take-over bid.

These allowances are based upon the Company's implied market capitalization at the time of the take-over bid, calculated by multiplying the number of shares outstanding on a fully diluted basis by the take-over bid price per share. The severance payments would be as follows:

Market Capitalization	Total Severance Payments Required
Less than CDN$50 million	CDN$Nil
Between CDN$50 and CDN$75 million	CDN$200,000
Between CDN$75 and CDN$100 million	CDN$400,000

Thereafter severance payments increase by CDN$600,000 for every additional CDN$25 million of implied market capitalization, with no maximum.

c) Pursuant to the Company's Asset Purchase Agreement with Cliffs (Note 6), for as long as Cliffs owns 1% or more of the Company's issued shares, Cliffs will have the right to participate on a pro-rata basis in future cash equity financings. 2.3 Shareholder Entitled to Certificate or Acknowledgment

Each shareholder is entitled, without charge, to (a) one share certificate representing the shares of each class or series of shares registered in the shareholder's name or (b) a non-transferable written acknowledgment of the shareholder's right to obtain such a share certificate, provided that in respect of a share held jointly by several persons, the Company is not bound to issue more than one share certificate and delivery of a share certificate for a share to one of several joint shareholders or to one of the shareholders' duly authorized agents will be sufficient delivery to all.

2.4 Delivery by Mail

Any share certificate or non-transferable written acknowledgment of a shareholder's right to obtain a share certificate may be sent to the shareholder by mail at the shareholder's registered address and

neither the Company nor any director, officer or agent of the Company is liable for any loss to the shareholder because the share certificate or acknowledgement is lost in the mail or stolen.

2.5 Replacement of Worn Out or Defaced Certificate or Acknowledgement

If the directors are satisfied that a share certificate or a non-transferable written acknowledgment of the shareholder's right to obtain a share certificate is worn out or defaced, they must, on production to them of the share certificate or acknowledgment, as the case may be, and on such other terms, if any, as they think fit:

(1) order the share certificate or acknowledgment, as the case may be, to be cancelled; and

(2) issue a replacement share certificate or acknowledgment, as the case may be.

2.6 Replacement of Lost, Stolen or Destroyed Certificate or Acknowledgment

If a share certificate or a non-transferable written acknowledgment of a shareholder's right to obtain a share certificate is lost, stolen or destroyed, a replacement share certificate or acknowledgment, as the case may be, must be issued to the person entitled to that share certificate or acknowledgment, as the case may be, if the directors receive:

(1) proof satisfactory to them that the share certificate or acknowledgment is lost, stolen or destroyed; and

(2) any indemnity the directors consider adequate.

2.7 Splitting Share Certificates

If a shareholder surrenders a share certificate to the Company with a written request that the Company issue in the shareholder's name two or more share certificates, each representing a specified number of shares and in the aggregate representing the same number of shares as the share certificate so surrendered, the Company must cancel the surrendered share certificate and issue replacement share certificates in accordance with that request.

2.8 Certificate Fee

There must be paid to the Company, in relation to the issue of any share certificate under Parts 2.5, 2.6 or 2.7, the amount, if any and which must not exceed the amount prescribed under the *Business Corporations Act*, determined by the directors.

2.9 Recognition of Trusts

Except as required by law or statute or these Articles, no person will be recognized by the Company as holding any share upon any trust, and the Company is not bound by or compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share or fraction of a share or (except as by law or statute or these Articles provided or as ordered by a court of competent jurisdiction) any other rights in respect of any share except an absolute right to the entirety thereof in the shareholder.

PART 3, ISSUE OF SHARES

3.1 Directors Authorized

Subject to the rights of the holders of issued shares of the Company, the Company may issue, allot, sell or otherwise dispose of the unissued shares, and issued shares held by the Company, at the times, to the persons, including directors, in the manner, on the terms and conditions and for the issue prices (including any premium at which shares with par value may be issued) that the directors may determine. The issue price for a share with par value must be equal to or greater than the par value of the share.

3.2 Commissions and Discounts

The Company may at any time, pay a reasonable commission or allow a reasonable discount to any person in consideration of that person purchasing or agreeing to purchase shares of the Company from the Company or any other person or procuring or agreeing to procure purchasers for shares of the Company.

The Company may pay such brokerage fee or other consideration as may be lawful for or in connection with the sale or placement of its securities.

3.4 Conditions of Issue

Except as provided for by the *Business Corporations Act*, no share may be issued until it is fully paid. A share is fully paid when:

(1) consideration is provided to the Company for the issue of the share by one or more of the following:

   (a) past services performed for the Company;

   (b) property;

   (c) money; and

(2) the value of the consideration received by the Company equals or exceeds the issue price set for the share under Part 3.1.

3.5 Share Purchase Warrants and Rights

PART 4, SHARE REGISTERS

4.1 Central Securities Register

As required by and subject to the *Business Corporations Act*, the Company must maintain in British Columbia a central securities register. The directors may, subject to the *Business Corporations Act*,

appoint an agent to maintain the central securities register. The directors may also appoint one or more agents, including the agent which keeps the central securities register, as transfer agent for its shares or any class or series of its shares, as the case may be, and the same or another agent as registrar for its shares or such class or series of its shares, as the case may be. The directors may terminate such appointment of any agent at any time and may appoint another agent in its place.

4.2 Closing Register

The Company must not at any time close its central securities register.

PART 5, SHARE TRANSFERS

5.1 Registering Transfers

A transfer of a share of the Company must not be registered unless:

(1) such transfer has been conducted in accordance with Part 27;

(2) an instrument of transfer, duly executed by the transferor or a duly authorized attorney of the transferor, in respect of the share has been received by the Company or its transfer agent;

(3) if a share certificate has been issued by the Company in respect of the share to be transferred, that share certificate has been surrendered to the Company or its transfer agent; and

(4) if a non-transferable written acknowledgment of the shareholder's right to obtain a share certificate has been issued by the Company in respect of the share to be transferred, that acknowledgment has been surrendered to the Company or its transfer agent; and

(5) there has been delivered to the Company or its transfer agent such other evidence, if any, as the Company or the transfer agent may require to prove the title of the transferor to transfer his shares and the right of the transferee to have the transfer registered.

5.2 Form of Instrument of Transfer

The instrument of transfer in respect of any share of the Company must be either in the form, if any, on the back of the Company's share certificates or in any other form that may be approved by the directors from time to time.

5.3 Transferor Remains Shareholder

Except to the extent that the *Business Corporations Act* otherwise provides, the transferor of shares is deemed to remain the holder of the shares until the name of the transferee is entered in a securities register of the Company in respect of the transfer.

5.4 Signing of Instrument of Transfer

If a shareholder, or his or her duly authorized attorney, signs an instrument of transfer in respect of shares registered in the name of the shareholder, the signed instrument of transfer constitutes a complete and sufficient authority to the Company and its directors, officers and agents to register the number of shares specified in the instrument of transfer or specified in any other manner, or, if no number is specified, all the shares represented by the share certificates or set out in the written acknowledgments deposited with the instrument of transfer:

(1) in the name of the person named as transferee in that instrument of transfer; or

(2) if no person is named as transferee in that instrument of transfer, in the name of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered.

5.5 Enquiry as to Title Not Required

Neither the Company nor any director, officer or agent of the Company is bound to inquire into the title of the person named in the instrument of transfer as transferee or, if no person is named as transferee in the instrument of transfer, of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered or is liable for any claim related to registering the transfer by the shareholder or by any intermediate owner or holder of the shares, of any interest in the shares, of any share certificate representing such shares or of any written acknowledgment of a right to obtain a share certificate for such shares.

5.6 Transfer Fee

There must be paid to the Company, in relation to the registration of any transfer, the amount, if any, determined by the directors.

5.7 Branch Securities Register

Subject to the provisions of the *Business Corporations Act*, the Company may keep or cause to be kept within or outside British Columbia by a trust company registered under the *Financial Institutions Act* (British Columbia) one or more branch securities registers, and such trust company may be appointed as the transfer agent of the Company for the purpose of issuing, countersigning, registering, transferring and certifying the securities of the Company.

PART 6, TRANSMISSION OF SHARES

6.1 Legal Personal Representative Recognized on Death

In case of the death of a shareholder, the legal personal representative, or if the shareholder was a joint holder, the surviving joint holder, will be the only person recognized by the Company as having any title to the shareholder's interest in the shares. Before recognizing a person as a legal personal representative, the directors may require proof of appointment by a court of competent jurisdiction, a grant of letters probate, letters of administration or such other evidence or documents as the directors consider appropriate.

6.2 Rights of Legal Personal Representative

The legal personal representative has the same rights, privileges and obligations that attach to the shares held by the shareholder, including the right to transfer the shares in accordance with these Articles, provided the documents required by the *Business Corporations Act* and the directors have been deposited with the Company.

PART 7, PURCHASE OF SHARES

7.1 Company Authorized to Purchase Shares

Subject to Part 7.2, the special rights and restrictions attached to the shares of any class or series and the *Business Corporations Act*, the Company may, if authorized by the directors, purchase or otherwise acquire any of its shares at the price and upon the terms specified in such resolution.

7.2 Purchase When Insolvent

The Company must not make a payment or provide any other consideration to purchase or otherwise acquire any of its shares if there are reasonable grounds for believing that:

(1) the Company is insolvent; or

(2) making the payment or providing the consideration would render the Company insolvent.

7.3 Sale and Voting of Purchased Shares

If the Company retains a share redeemed, purchased or otherwise acquired by it, the Company may sell, gift or otherwise dispose of the share, but, while such share is held by the Company, it:

(1) is not entitled to vote the share at a meeting of its shareholders;

(2) must not pay a dividend in respect of the share; and

(3) must not make any other distribution in respect of the share.

PART 8, BORROWING POWERS

8.1 Borrowing Powers

The Company, if authorized by the directors, may:

(1) borrow money in the manner and amount, on the security, from the sources and on the terms and conditions that they consider appropriate;

(2) issue bonds, debentures and other debt obligations either outright or as security for any liability or obligation of the Company or any other person and at such discounts or premiums and on such other terms as they consider appropriate;

(3) guarantee the repayment of money by any other person or the performance of any obligation of any other person; and

(1) create special rights or restrictions for, and attach those special rights or restrictions to, the shares of any class or series of shares, whether or not any or all of those shares have been issued; or

(2) vary or delete any special rights or restrictions attached to the shares of any class or series of shares, whether or not any or all of those shares have been issued.

9.3 Change of Name

The Company may by special resolution authorize an alteration of its Notice of Articles in order to change its name.

9.4 Other Alterations

If the *Business Corporations Act* does not specify the type of resolution and these Articles do not specify another type of resolution, the Company may by special resolution alter these Articles.

PART 10, MEETINGS OF SHAREHOLDERS

10.1 Annual General Meetings

Unless an annual general meeting is deferred or waived in accordance with the *Business Corporations Act*, the Company must hold its first annual general meeting within 18 months after the date on which it was incorporated or otherwise recognized, and after that must hold an annual general meeting at least once in each calendar year and not more than 15 months after the last annual reference date at such time and place as may be determined by the directors.

10.2 Resolution Instead of Annual General Meeting

If all the shareholders who are entitled to vote at an annual general meeting consent by a unanimous resolution under the *Business Corporations Act* to all of the business that is required to be transacted at that annual general meeting, the annual general meeting is deemed to have been held on the date of the unanimous resolution. The shareholders must, in any unanimous resolution passed under this Part 10.2, select as the Company's annual reference date a date that would be appropriate for the holding of the applicable annual general meeting.

10.3 Calling of Meetings of Shareholders

The directors may, whenever they think fit, call a meeting of shareholders.

10.4 Notice for Meetings of Shareholders

The Company must send notice of the date, time and location of any meeting of shareholders, in the manner provided in these Articles, or in such other manner, if any, as may be prescribed by ordinary resolution (whether previous notice of the resolution has been given or not), to each shareholder entitled to attend the meeting, to each director and to the auditor of the Company, unless these Articles otherwise provide, at least the following number of days before the meeting:

(1) if and for so long as the Company is a public company, 21 days;

(2) otherwise, 10 days.

10.5 Record Date for Notice

The directors may set a date as the record date for the purpose of determining shareholders entitled to notice of any meeting of shareholders. The record date must not precede the date on which the meeting is to be held by more than two months or, in the case of a general meeting requisitioned by shareholders under the *Business Corporations Act*, by more than four months. The record date must not precede the date on which the meeting is held by fewer than:

(1) if and for so long as the Company is a public company, 21 days;

(2) otherwise, 10 days.

If no record date is set, the record date is 5 p.m. on the day immediately preceding the first date on which the notice is sent or, if no notice is sent, the beginning of the meeting.

10.6 Record Date for Voting

The directors may set a date as the record date for the purpose of determining shareholders entitled to vote at any meeting of shareholders. The record date must not precede the date on which the meeting is to be held by more than two months or, in the case of a general meeting requisitioned by shareholders under the *Business Corporations Act*, by more than four months. If no record date is set, the record date is 5 p.m. on the day immediately preceding the first date on which the notice is sent or, if no notice is sent, the beginning of the meeting.

10.7 Failure to Give Notice and Waiver of Notice

The accidental omission to send notice of any meeting to, or the non-receipt of any notice by, any of the persons entitled to notice does not invalidate any proceedings at that meeting. Any person entitled to notice of a meeting of shareholders may, in writing or otherwise, waive or reduce the period of notice of such meeting.

10.8 Notice of Special Business at Meetings of Shareholders

If a meeting of shareholders is to consider special business within the meaning of Part 11.1, the notice of meeting must:

(1) state the general nature of the special business; and

(2) if the special business includes considering, approving, ratifying, adopting or authorizing any document or the signing of or giving of effect to any document, have attached to it a copy of the document or state that a copy of the document will be available for inspection by shareholders:

   (a) at the Company's records office, or at such other reasonably accessible location in British Columbia as is specified in the notice; and

   (b) during statutory business hours on any one or more specified days before the day set for the holding of the meeting.

PART 11, PROCEEDINGS AT MEETINGS OF SHAREHOLDERS

11.1 Special Business

At a meeting of shareholders, the following business is special business:

11.3 Quorum

Subject to the special rights and restrictions attached to the shares of any class or series of shares, the quorum for the transaction of business at a meeting of shareholders is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the meeting.

11.4 One Shareholder May Constitute Quorum

If there is only one shareholder entitled to vote at a meeting of shareholders:

(1) the quorum is one person who is, or who represents by proxy, that shareholder, and

(2) that shareholder, present in person or by proxy, may constitute the meeting.

11.5 Other Persons May Attend

The directors, the president (if any), the secretary (if any), the assistant secretary (if any), any solicitor for the Company, the auditor of the Company and any other persons invited by the directors are entitled to attend any meeting of shareholders, but if any of those persons does attend a meeting of shareholders, that person is not to be counted in the quorum and is not entitled to vote at the meeting unless that person is a shareholder or proxy holder entitled to vote at the meeting.

11.6 Requirement of Quorum

No business, other than the election of a chair of the meeting and the adjournment of the meeting, may be transacted at any meeting of shareholders unless a quorum of shareholders entitled to vote is present at the commencement of the meeting, but such quorum need not be present throughout the meeting.

11.7 Lack of Quorum

If, within one-half hour from the time set for the holding of a meeting of shareholders, a quorum is not present:

(1) in the case of a general meeting requisitioned by shareholders, the meeting is dissolved, and

(2) in the case of any other meeting of shareholders, the meeting stands adjourned to the same day in the next week at the same time and place.

11.8 Lack of Quorum at Succeeding Meeting

If, at the meeting to which the meeting referred to in Part 11.7(2) was adjourned, a quorum is not present within one-half hour from the time set for the holding of the meeting, the person or persons present and being, or representing by proxy, one or more shareholders entitled to attend and vote at the meeting constitute a quorum.

11.9 Chair

The following individual is entitled to preside as chair at a meeting of shareholders:

(1) the chair of the board, if any; or

If, at any meeting of shareholders, there is no chair of the board or president present within 15 minutes after the time set for holding the meeting, or if the chair of the board and the president are unwilling to act as chair of the meeting, or if the chair of the board and the president have advised the secretary, if any, or any director present at the meeting, that they will not be present at the meeting, the directors present must choose one of their number to be chair of the meeting or if all of the directors present decline to take the chair or fail to so choose or if no director is present, the shareholders entitled to vote at the meeting who are present in person or by proxy may choose any person present at the meeting to chair the meeting.

11.11 Adjournments

The chair of a meeting of shareholders may, and if so directed by the meeting must, adjourn the meeting from time to time and from place to place, but no business may be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

11.12 Notice of Adjourned Meeting

It is not necessary to give any notice of an adjourned meeting or of the business to be transacted at an adjourned meeting of shareholders except that, when a meeting is adjourned for 30 days or more, notice of the adjourned meeting must be given as in the case of the original meeting.

11.13 Decisions by Show of Hands or Poll

Subject to the *Business Corporations Act*, every motion put to a vote at a meeting of shareholders will be decided on a show of hands unless a poll, before or on the declaration of the result of the vote by show of hands, is directed by the chair or demanded by at least one shareholder entitled to vote who is present in person or by proxy. In determining the result of a vote by a show of hands, shareholders who are not present personally, but who are entitled to participate in the meeting as permitted under the *Business*

Corporations Act, may indicate their vote orally or otherwise in such manner as clearly evidences their vote and is accepted by the chair of the meeting.

11.14 Declaration of Result

The chair of a meeting of shareholders must declare to the meeting the decision on every question in accordance with the result of the show of hands or the poll, as the case may be, and that decision must be entered in the minutes of the meeting. A declaration of the chair that a resolution is carried by the necessary majority or is defeated is, unless a poll is directed by the chair or demanded under Part 11.13, conclusive evidence without proof of the number or proportion of the votes recorded in favour of or against the resolution.

11.15 Motion Need Not be Seconded

No motion proposed at a meeting of shareholders need be seconded unless the chair of the meeting rules otherwise, and the chair of any meeting of shareholders is entitled to propose or second a motion.

11.16 Casting Vote

In case of an equality of votes, the chair of a meeting of shareholders does not, either on a show of hands or on a poll, have a second or casting vote in addition to the vote or votes to which the chair may be entitled as a shareholder.

11.17 Manner of Taking Poll

Subject to Part 11.18, if a poll is duly demanded at a meeting of shareholders:

(1) the poll must be taken:

(a) at the meeting, or within seven days after the date of the meeting, as the chair of the meeting directs; and

(b) in the manner, at the time and at the place that the chair of the meeting directs;

(2) the result of the poll is deemed to be the decision of the meeting at which the poll is demanded; and

(3) the demand for the poll may be withdrawn by the person who demanded it.

11.18 Demand for Poll on Adjournment

A poll demanded at a meeting of shareholders on a question of adjournment must be taken immediately at the meeting.

11.19 Chair Must Resolve Dispute

In the case of any dispute as to the admission or rejection of a vote given on a poll, the chair of the meeting must determine the dispute, and his or her determination made in good faith is final and conclusive.

11.20 Casting of Votes

On a poll, a shareholder entitled to more than one vote need not cast all the votes in the same way.

11.21 Demand for Poll

No poll may be demanded in respect of the vote by which a chair of a meeting of shareholders is elected.

11.22 Demand for Poll Not to Prevent Continuance of Meeting

The demand for a poll at a meeting of shareholders does not, unless the chair of the meeting so rules, prevent the continuation of a meeting for the transaction of any business other than the question on which a poll has been demanded.

11.23 Retention of Ballots and Proxies

The Company must, for at least three months after a meeting of shareholders, keep each ballot cast on a poll and each proxy voted at the meeting, and, during that period, make them available for inspection during normal business hours by any shareholder or proxyholder entitled to vote at the meeting. At the end of such three month period, the Company may destroy such ballots and proxies.

11.24 Meetings by Telephone or Other Communications Medium

A shareholder or proxy holder who is entitled to participate in a meeting of shareholders may do so in person, or by telephone or other communications medium, if all shareholders and proxy holders participating in the meeting are able to communicate with each other; provided however, that nothing in this Part shall obligate the Company to take any action or provide any facility to permit or facilitate the use of any communications medium at a meeting of shareholders. If one or more shareholders or proxy holders participate in a meeting of shareholders in a manner contemplated by this Part:

(1) each such shareholder or proxy holder shall be deemed to be present at the meeting; and

(2) the meeting shall be deemed to be held at the location specified in the notice of meeting.

Subject to any special rights or restrictions attached to any shares and to the restrictions imposed on joint shareholders under Part 12.3:

(1) on a vote by show of hands, every person present who is a shareholder or proxy holder and entitled to vote on the matter has one vote; and

(2) on a poll, every shareholder entitled to vote on the matter has one vote in respect of each share entitled to be voted on the matter and held by that shareholder and may exercise that vote either in person or by proxy.

12.2 Votes of Persons in Representative Capacity

A person who is not a shareholder may vote at a meeting of shareholders, whether on a show of hands or on a poll, and may appoint a proxy holder to act at the meeting, if, before doing so, the person satisfies the chair of the meeting, or the directors, that the person is a legal personal representative or a trustee in bankruptcy for a shareholder who is entitled to vote at the meeting.

12.3 Votes by Joint Holders

If there are joint shareholders registered in respect of any share:

(1) any one of the joint shareholders may vote at any meeting, either personally or by proxy, in respect of the share as if that joint shareholder were solely entitled to it; or

(2) if more than one of the joint shareholders is present at any meeting, personally or by proxy, and more than one of them votes in respect of that share, then only the vote of the joint shareholder present whose name stands first on the central securities register in respect of the share will be counted.

12.4 Legal Personal Representatives as Joint Shareholders

Two or more legal personal representatives of a shareholder in whose sole name any share is registered are, for the purposes of Part 12.3, deemed to be joint shareholders.

12.5 Representative of a Corporate Shareholder

If a corporation, that is not a subsidiary of the Company, is a shareholder, that corporation may appoint a person to act as its representative at any meeting of shareholders of the Company, and:

(1) for that purpose, the instrument appointing a representative must:

(a) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice for the receipt of proxies, or if no number of days is specified, two business days before the day set for the holding of the meeting; or

(b) be provided, at the meeting, to the chair of the meeting or to a person designated by the chair of the meeting;

(2) if a representative is appointed under this Part 12.5:

(a) the representative is entitled to exercise in respect of and at that meeting the same rights on behalf of the corporation that the representative represents as that corporation could exercise if it were a shareholder who is an individual, including, without limitation, the right to appoint a proxy holder; and

(b) the representative, if present at the meeting, is to be counted for the purpose of forming a quorum and is deemed to be a shareholder present in person at the meeting.

Evidence of the appointment of any such representative may be sent to the Company by written instrument, fax or any other method of transmitting legibly recorded messages.

12.6 Proxy Provisions Do Not Apply to All Companies

Parts 12.7 to 12.15 do not apply to the Company if and for so long as it is a public company or a pre-existing reporting company which has the Statutory Reporting Company Provisions as part of its Articles or to which the Statutory Reporting Company Provisions apply.

12.7 Appointment of Proxy Holders

Every shareholder of the Company, including a corporation that is a shareholder but not a subsidiary of the Company, entitled to vote at a meeting of shareholders of the Company may, by proxy, appoint one or more (but not more than five) proxy holders to attend and act at the meeting in the manner, to the extent and with the powers conferred by the proxy.

12.8 Alternate Proxy Holders

A shareholder may appoint one or more alternate proxy holders to act in the place of an absent proxy holder.

A person who must not be appointed as a proxy holder unless the person is a shareholder, although a person who is not a shareholder may be appointed as a proxy holder if

(1) the person appointing the proxy holder is a corporation or a representative of a corporation appointed under Part 12.5;

(2) the Company has at the time of the meeting for which the proxy holder is to be appointed only one shareholder entitled to vote at the meeting; or

(3) the shareholders present in person or by proxy at and entitled to vote at the meeting for which the proxy holder is to be appointed, by a resolution on which the proxy holder is not entitled to vote but in respect of which the proxyholder is to be counted in the quorum, permit the proxy holder to attend and vote at the meeting.

12.10 Deposit of Proxy

A proxy for a meeting of shareholders must:

(1) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice, or if no number of days is specified, two business days before the day set for the holding of the meeting; or

(2) unless the notice provides otherwise, be provided, at the meeting, to the chair of the meeting or to a person designated by the chair of the meeting.

A proxy may be sent to the Company by written instrument, fax or any other method of transmitting legibly recorded messages.

12.11 Validity of Proxy Vote

A vote given in accordance with the terms of a proxy is valid notwithstanding the death or incapacity of the shareholder giving the proxy and despite the revocation of the proxy or the revocation of the authority under which the proxy is given, unless notice in writing of that death, incapacity or revocation is received:

(1) at the registered office of the Company, at any time up to and including the last business day before the day set for the holding of the meeting at which the proxy is to be used; or

(2) by the chair of the meeting, before the vote is taken.

12.14 Revocation of Proxy Must Be Signed

An instrument referred to in Part 12.13 must be signed as follows:

PART 13, DIRECTORS

13.1 First Directors; Number of Directors

The number of directors, excluding additional directors appointed under Part 14.8, is set at:

(1) if the Company is a public company, the greater of three and the most recently set of:

(a) the number of directors set by ordinary resolution (whether or not previous notice of the resolution was given); and

(b) the number of directors set under Part 14.4;

(2) if the Company is not a public company:

(a) the number of directors most recently established by ordinary resolution (whether or not previous notice of the resolution was given); and

(b) the number of directors set under Part 14.4.

13.2 Change in Number of Directors

If the number of directors is set under Parts 13.1(1)(a) or 13.1(2)(a):

(1) the shareholders may elect or appoint the directors needed to fill any vacancies in the board of directors up to that number;

(2) if the shareholders do not elect or appoint the directors needed to fill any vacancies in the board of directors up to that number contemporaneously with the setting of that number, then the directors may appoint, or the shareholders may elect or appoint, directors to fill those vacancies.

13.3 Directors' Acts Valid Despite Vacancy

An act or proceeding of the directors is not invalid merely because fewer than the number of directors set or otherwise required under these Articles is in office.

13.4 Qualifications of Directors

A director is not required to hold a share in the capital of the Company as qualification for his or her office but must be qualified as required by the *Business Corporations Act* to become, act or continue to act as a director.

13.3 Remuneration of Directors

The directors are entitled to the remuneration for acting as directors, if any, as the directors may from time to time determine. If the directors so decide, the remuneration of the directors, if any, will be determined by the shareholders. That remuneration may be in addition to any salary or other remuneration paid to any officer or employee of the Company as such, who is also a director.

13.4 Reimbursement of Expenses of Directors

The Company must reimburse each director for the reasonable expenses that he or she may incur in and about the business of the Company.

13.5 Special Remuneration for Directors

If any director performs any professional or other services for the Company that in the opinion of the directors are outside the ordinary duties of a director, or if any director is otherwise specially occupied in or about the Company's business, he or she may be paid remuneration fixed by the directors, or, at the option of that director, fixed by ordinary resolution, and such remuneration may be either in addition to, or in substitution for, any other remuneration that he or she may be entitled to receive.

13.6 Gratuity, Pension or Allowance on Retirement of Director

Unless otherwise determined by ordinary resolution, the directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any director who has held any salaried office or place of profit with the Company or to his or her spouse or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.

PART 14, ELECTION AND REMOVAL OF DIRECTORS

14.1 Election at Annual General Meeting

At every annual general meeting and in every unanimous resolution contemplated by Part 10.2:

(1) the shareholders entitled to vote at the annual general meeting for the election of directors must elect, or in the unanimous resolution appoint, a board of directors consisting of the number of directors for the time being set under these Articles; and

(2) all the directors cease to hold office immediately before the election or appointment of directors under paragraph (1), but are eligible for re-election or re-appointment.

14.2 Consent to be a Director

No election, appointment or designation of an individual as a director is valid unless:

(1) that individual consents to be a director in the manner provided for in the *Business Corporations Act*;

(2) that individual is elected or appointed at a meeting at which the individual is present and the individual does not refuse, at the meeting, to be a director; or

(3) with respect to first directors, the designation is otherwise valid under the *Business Corporations Act*.

14.3 Failure to Elect or Appoint Directors

If:

(1) the Company fails to hold an annual general meeting, and all the shareholders who are entitled to vote at an annual general meeting fail to pass the unanimous resolution contemplated by Part 10.2, on or before the date by which the annual general meeting is required to be held under the *Business Corporations Act*; or

(2) the shareholders fail, at the annual general meeting or in the unanimous resolution contemplated by Part 10.2, to elect or appoint any directors;

then each director then in office continues to hold office until the earlier of:

(3) the date on which his or her successor is elected or appointed; and

(4) the date on which he or she otherwise ceases to hold office under the *Business Corporations Act* or these Articles.

14.4 Places of Retiring Directors Not Filled

If, at any meeting of shareholders at which there should be an election of directors, the places of any of the retiring directors are not filled by that election, those retiring directors who are not re-elected and who are asked by the newly elected directors to continue in office will, if willing to do so, continue in office to complete the number of directors for the time being set pursuant to these Articles until further new directors are elected at a meeting of shareholders convened for that purpose. If any such election or continuance of directors does not result in the election or continuance of the number of directors for the time being set pursuant to these Articles, the number of directors of the Company is deemed to be set at the number of directors actually elected or continued in office.

14.5 Directors May Fill Casual Vacancies

Any casual vacancy occurring in the board of directors may be filled by the directors.

14.6 Remaining Directors Power to Act

The directors may act notwithstanding any vacancy in the board of directors, but if the Company has fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the directors may only act for the purpose of appointing directors up to that number or of summoning a meeting of shareholders for the purpose of filling any vacancies on the board of directors or, subject to the *Business Corporations Act*, for any other purpose.

14.7 Shareholders May Fill Vacancies

If the Company has no directors or fewer directors in office than the number set pursuant to these Articles as the quorum of directors, then failing the filling of any vacancies as set forth in Part 14.6, the shareholders may elect or appoint directors to fill any vacancies on the board of directors.

14.8 Additional Directors

Notwithstanding Parts 13.1 and 13.2, between annual general meetings or unanimous resolutions contemplated by Part 10.2, the directors may appoint one or more additional directors, but the number of additional directors appointed under this Part 14.8 must not at any time exceed:

(1) one-third of the number of first directors, if, at the time of the appointments, one or more of the first directors have not yet completed their first term of office; or

(2) in any other case, one-third of the number of the current directors who were elected or appointed as directors other than under this Part 14.8.

Any director so appointed ceases to hold office immediately before the next election or appointment of directors under Part 14.1(1), but is eligible for re-election or re-appointment.

14.9 Ceasing to be a Director

A director ceases to be a director when:

(1) the term of office of the director expires;

(2) the director dies;

(3) the director resigns as a director by notice in writing provided to the Company or the solicitor for the Company; or

(4) the director is removed from office pursuant to Parts 14.10 or 14.11.

14.10 Removal of Director by Shareholders

The Company may remove any director before the expiration of his or her term of office by special resolution. In that event, the shareholders may elect, or appoint by ordinary resolution, a director to fill the resulting vacancy. If the shareholders do not elect or appoint a director to fill the resulting vacancy contemporaneously with the removal, then the directors may appoint or the shareholders may elect, or appoint by ordinary resolution, a director to fill that vacancy.

14.11 Removal of Director by Directors

The directors may remove any director before the expiration of his or her term of office if the director is convicted of an indictable offence, or if the director ceases to be qualified to act as a director of a company and does not promptly resign, and the directors may appoint a director to fill the resulting vacancy.

PART 15, ALTERNATE DIRECTORS

15.1 Appointment of Alternate Director

Any director (an "appointor") may by notice in writing received by the Company appoint any person (an "appointee") who is qualified to act as a director to be his or her alternate to act in his or her place at meetings of the directors or committees of the directors at which the appointor is not present unless (in the case of an appointee who is not a director) the directors have reasonably disapproved the appointment of such person as an alternate director and have given notice to that effect to his or her appointor within a reasonable time after the notice of appointment is received by the Company.

15.2 Notice of Meetings

Every alternate director so appointed is entitled to notice of meetings of the directors and of committees of the directors of which his or her appointor is a member and to attend and vote as a director at any such meetings at which his or her appointor is not present.

15.3 Alternate for More Than One Director Attending Meetings

A person may be appointed as an alternate director by more than one director, and an alternate director:

(1) will be counted in determining the quorum for a meeting of directors once for each of his or her appointors and, in the case of an appointee who is also a director, once more in that capacity;

(2) has a separate vote at a meeting of directors for each of his or her appointors and, in the case of an appointee who is also a director, an additional vote in that capacity;

(3) will be counted in determining the quorum for a meeting of a committee of directors once for each of his or her appointors who is a member of that committee and, in the case of an appointee who is also a member of that committee as a director, once more in that capacity;

(4) has a separate vote at a meeting of a committee of directors for each of his or her appointors who is a member of that committee and, in the case of an appointee who is also a member of that committee as a director, an additional vote in that capacity.

15.4 Consent Resolutions

Every alternate director, if authorized by the notice appointing him or her, may sign in place of his or her appointor any resolutions to be consented to in writing.

15.5 Alternate Director Not an Agent

Every alternate director is deemed not to be the agent of his or her appointor.

15.6 Revocation of Appointment of Alternate Director

An appointor may at any time, by notice in writing received by the Company, revoke the appointment of an alternate director appointed by him or her.

15.7 Ceasing to be an Alternate Director

The appointment of an alternate director ceases when:

(1) his or her appointor ceases to be a director and is not promptly re-elected or re-appointed;

(2) the alternate director dies;

(3) the alternate director resigns as an alternate director by notice in writing provided to the Company or the solicitor for the Company;

(4) the alternate director ceases to be qualified to act as a director; or

(5) his or her appointor revokes the appointment of the alternate director.

15.8 Remuneration and Expenses of Alternate Director

The Company may reimburse an alternate director for the reasonable expenses that would be properly reimbursed if he or she were a director, and the alternate director is entitled to receive from the Company such proportion, if any, of the remuneration otherwise payable to the appointor as the appointor may from time to time direct.

PART 16, POWERS AND DUTIES OF DIRECTORS

16.1 Powers of Management

The directors must, subject to the *Business Corporations Act* and these Articles, manage or supervise the management of the business and affairs of the Company and have the authority to exercise all such powers of the Company as are not, by the *Business Corporations Act* or by these Articles, required to be exercised by the shareholders of the Company.

16.2 Appointment of Attorney of Company

The directors may from time to time, by power of attorney or other instrument, under seal if so required by law, appoint any person to be the attorney of the Company for such purposes, and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the directors under these Articles and excepting the power to fill vacancies in the board of directors, to remove a director, to change the membership of, or fill vacancies in, any committee of the directors, to appoint or remove officers appointed by the directors and to declare dividends) and for such period, and with such remuneration and subject to such conditions as the directors may think fit. Any such power of attorney may contain such provisions for the protection or convenience of persons dealing with such attorney as the directors think fit. Any such attorney may be authorized by the directors to sub-delegate all or any of the powers, authorities and discretions for the time being vested in him or her.

PART 17, DISCLOSURE OF INTEREST OF DIRECTORS & SENIOR OFFICERS

17.1 Obligation to Account for Profits

A director or senior officer who holds a disclosable interest (as that term is used in the *Business Corporations Act*) in a contract or transaction into which the Company has entered or proposes to enter is liable to account to the Company for any profit that accrues to the director or senior officer under or as a result of the contract or transaction only if and to the extent provided in the *Business Corporations Act*.

17.2 Restrictions on Voting by Reason of Interest

A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter is not entitled to vote on any directors' resolution to approve that contract or transaction, unless all the directors have a disclosable interest in that contract or transaction, in which case any or all of those directors may vote on such resolution.

17.3 Interested Director Counted in Quorum

A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter and who is present at the meeting of directors at which the contract or transaction is considered for approval may be counted in the quorum at the meeting whether or not the director votes on any or all of the resolutions considered at the meeting.

17.4 Disclosure of Conflict of Interest or Property

A director or senior officer who holds any office or possesses any property, right or interest that could result, directly or indirectly, in the creation of a duty or interest that materially conflicts with that

individual's duty or interest as a director or senior officer, must disclose the nature and extent of the conflict as required by the *Business Corporations Act*.

17.5 Director Holding Other Office in the Company

A director may hold any office or place of profit with the Company, other than the office of auditor of the Company, in addition to his or her office of director for the period and on the terms (as to remuneration or otherwise) that the directors may determine.

17.6 No Disqualification

No director or intended director is disqualified by his or her office from contracting with the Company either with regard to the holding of any office or place of profit the director holds with the Company or as vendor, purchaser or otherwise, and no contract or transaction entered into by or on behalf of the Company in which a director is in any way interested is liable to be voided for that reason.

17.7 Professional Services by Director or Officer

Subject to the *Business Corporations Act*, a director or officer, or any person in which a director or officer has an interest, may act in a professional capacity for the Company, except as auditor of the Company, and the director or officer or such person is entitled to remuneration for professional services as if that director or officer were not a director or officer.

17.8 Director or Officer in Other Corporations

A director or officer may be or become a director, officer or employee of, or otherwise interested in, any person in which the Company may be interested as a shareholder or otherwise, and, subject to the *Business Corporations Act*, the director or officer is not accountable to the Company for any remuneration or other benefits received by him or her as director, officer or employee of, or from his or her interest in, such other person.

PART 18, PROCEEDINGS OF DIRECTORS

18.1 Meetings of Directors

The directors may meet together for the conduct of business, adjourn and otherwise regulate their meetings as they think fit, and meetings of the directors held at regular intervals may be held at the place, at the time and on the notice, if any, as the directors may from time to time determine.

18.2 Voting at Meetings

Questions arising at any meeting of directors are to be decided by a majority of votes and, in the case of an equality of votes, the chair of the meeting does not have a second or casting vote.

18.3 Chair of Meetings

The following individual is entitled to preside as chair at a meeting of directors:

(1) the chair of the board, if any;

(2) in the absence of the chair of the board, the president, if any, if the president is a director; or

(3) any other director chosen by the directors if:

(a) neither the chair of the board nor the president, if a director, is present at the meeting within 15 minutes after the time set for holding the meeting;

(b) neither the chair of the board nor the president, if a director, is willing to chair the meeting; or

(c) the chair of the board and the president, if a director, have advised the secretary, if any, or any other director, that they will not be present at the meeting.

18.4 Meetings by Telephone or Other Communications Medium

A director may participate in a meeting of the directors or of any committee of the directors in person or by telephone if all directors participating in the meeting, whether in person or by telephone or other communications medium, are able to communicate with each other. A director may participate in a meeting of the directors or of any committee of the directors by a communications medium other than telephone if all directors participating in the meeting, whether in person or by telephone or other communications medium, are able to communicate with each other and if all directors who wish to participate in the meeting agree to such participation. A director who participates in a meeting in a manner contemplated by this Part 18.4 is deemed for all purposes of the *Business Corporations Act* and these Articles to be present at the meeting and to have agreed to participate in that manner.

18.5 Calling of Meetings

A director may, and the secretary or an assistant secretary of the Company, if any, on the request of a director must, call a meeting of the directors at any time.

18.6 Notice of Meetings

Other than for meetings held at regular intervals as determined by the directors pursuant to Part 18.1, reasonable notice of each meeting of the directors, specifying the place, day and time of that meeting must be given to each of the directors and the alternate directors by any method set out in Part 24.1 or orally or by telephone.

18.7 When Notice Not Required

It is not necessary to give notice of a meeting of the directors to a director or an alternate director if:

(1) the meeting is to be held immediately following a meeting of shareholders at which that director was elected or appointed, or is the meeting of the directors at which that director is appointed; or

(2) the director or alternate director, as the case may be, has waived notice of the meeting.

18.8 Meeting Valid Despite Failure to Give Notice

The accidental omission to give notice of any meeting of directors to, or the non-receipt of any notice by, any director or alternate director, does not invalidate any proceedings at that meeting.

18.9 Waiver of Notice of Meetings

Any director or alternate director may send to the Company a document signed by him or her waiving notice of any past, present or future meeting or meetings of the directors and may at any time withdraw that waiver with respect to meetings held after that withdrawal. After sending a waiver with respect to all future meetings and until that waiver is withdrawn, no notice of any meeting of the directors need be given to that director and, unless the director otherwise requires by notice in writing to the Company, to his or her alternate director, and all meetings of the directors so held are deemed not to be improperly called or constituted by reason of notice not having been given to such director or alternate director.

18.10 Quorum

The quorum necessary for the transaction of the business of the directors may be set by the directors and, if not so set, is deemed to be set at a majority of the directors then in office or, if the number of directors is set at one, is deemed to be set at one director, and that director may constitute a meeting.

18.11 Validity of Acts Where Appointment Defective

Subject to the *Business Corporations Act*, an act of a director or officer is not invalid merely because of an irregularity in the election or appointment or a defect in the qualification of that director or officer.

18.12 Consent Resolutions in Writing

A resolution of the directors or of any committee of the directors consented to in writing by all of the directors entitled to vote on it, whether by signed document, fax, email or any other method of transmitting legibly recorded messages, is as valid and effective as if it had been passed at a meeting of the directors or of the committee of the directors duly called and held. Such resolution may be in two or more counterparts which together are deemed to constitute one resolution in writing. A resolution passed in that manner is effective on the date stated in the resolution or on the latest date stated on any counterpart. A resolution of the directors or of any committee of the directors passed in accordance with this Part 18.12 is deemed to be a proceeding at a meeting of directors or of the committee of the directors and to be as valid and effective as if it had been passed at a meeting of the directors or of the committee of the directors that satisfies all the requirements of the *Business Corporations Act* and all the requirements of these Articles relating to meetings of the directors or of a committee of the directors.

PART 19, EXECUTIVE AND OTHER COMMITTEES

19.1 Appointment and Powers of Executive Committee

The directors may, by resolution, appoint an executive committee consisting of the director or directors that they consider appropriate, and this committee has, during the intervals between meetings of the board of directors, all of the directors' powers, except:

(1) the power to fill vacancies in the board of directors;

(2) the power to remove a director;

(3) the power to change the membership of, or fill vacancies in, any committee of the directors; and

(4) such other powers, if any, as may be set out in the resolution or any subsequent directors' resolution.

19.2 Appointment and Powers of Other Committees

(1) appoint one or more committees (other than the executive committee) consisting of the director or directors that they consider appropriate;

(2) delegate to a committee appointed under paragraph (1) any of the directors' powers, except:

(a) the power to fill vacancies in the board of directors;

(b) the power to remove a director;

(c) the power to change the membership of, or fill vacancies in, any committee of the directors; and

(d) the power to appoint or remove officers appointed by the directors; and

(3) make any delegation referred to in paragraph (2) subject to the conditions set out in the resolution or any subsequent directors' resolution.

19.3 Obligations of Committees

Any committee appointed under Parts 19.1 or 19.2, in the exercise of the powers delegated to it, must:

(1) conform to any rules that may from time to time be imposed on it by the directors; and

(2) report every act or thing done in exercise of those powers at such times as the directors may require.

19.4 Powers of Board

The directors may, at any time, with respect to a committee appointed under Parts 19.1 or 19.2:

(1) revoke or alter the authority given to the committee, or override a decision made by the committee, except as to acts done before such revocation, alteration or overriding;

(2) terminate the appointment of, or change the membership of, the committee; and

(3) fill vacancies in the committee.

19.5 Committee Meetings

Subject to Part 19.3(1) and unless the directors otherwise provide in the resolution appointing the committee or in any subsequent resolution, with respect to a committee appointed under Parts 19.1 or 19.2:

(1) the committee may meet and adjourn as it thinks proper;

(2) the committee may elect a chair of its meetings but, if no chair of a meeting is elected, or if at a meeting the chair of the meeting is not present within 15 minutes after the time set for holding the

meeting, the directors present who are members of the committee may choose one of their number to chair the meeting;

(3) a majority of the members of the committee constitutes a quorum of the committee; and

(4) questions arising at any meeting of the committee are determined by a majority of votes of the members present, and in case of an equality of votes, the chair of the meeting does not have a second or casting vote.

PART 20, OFFICERS

20.1 Directors May Appoint Officers

The directors may, from time to time, appoint such officers, if any, as the directors determine and the directors may, at any time, terminate any such appointment.

20.2 Functions, Duties and Powers of Officers

The directors may, for each officer:

(1) determine the functions and duties of the officer;

(2) entrust to and confer on the officer any of the powers exercisable by the directors on such terms and conditions and with such restrictions as the directors think fit; and

(3) revoke, withdraw, alter or vary all or any of the functions, duties and powers of the officer.

20.3 Qualifications

No officer may be appointed unless that officer is qualified in accordance with the *Business Corporations Act*. One person may hold more than one position as an officer of the Company. Any person appointed as the chair of the board or as the managing director must be a director. Any other officer need not be a director.

20.4 Remuneration and Terms of Appointment

All appointments of officers are to be made on the terms and conditions and at the remuneration (whether by way of salary, fee, commission, participation in profits or otherwise) that the directors thinks fit and are subject to termination at the pleasure of the directors, and an officer may in addition to such remuneration be entitled to receive, after he or she ceases to hold such office or leaves the employment of the Company, a pension or gratuity.

PART 21, INDEMNIFICATION

21.1 Definitions

In this Part 21:

(1) "eligible penalty" means a judgment, penalty or fine awarded or imposed in, or an amount paid in settlement of, an eligible proceeding;

(2) "eligible proceeding" means a legal proceeding or investigative action, whether current, threatened, pending or completed, in which a director, former director or alternate director of the Company (an "eligible party") or any of the heirs and legal personal representatives of the eligible party, by reason of the eligible party being or having been a director or alternate director of the Company:

(a) is or may be joined as a party; or

(b) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding;

(3) "expenses" has the meaning set out in the *Business Corporations Act*.

21.2 Mandatory Indemnification of Directors, Former Directors, Alternate Directors and Senior Officers

Subject to the *Business Corporations Act*, the Company must indemnify a director, former director, alternate director or senior officer of the Company and his or her heirs and legal personal representatives against all eligible penalties to which such person is or may be liable, and the Company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by such person in respect of that proceeding. Each director, former director, alternate director and senior officer is deemed to have contracted with the Company on the terms of the indemnity contained in this Part 21.2.

21.3 Indemnification of Other Persons

Subject to any restrictions in the *Business Corporations Act*, the Company may indemnify any person.

21.4 Non-Compliance with *Business Corporations Act*

The failure of a director, alternate director or officer of the Company to comply with the *Business Corporations Act* or these Articles does not invalidate any indemnity to which he or she is entitled under this Part.

21.5 Company May Purchase Insurance

The Company may purchase and maintain insurance for the benefit of any person (or his or her heirs or legal personal representatives) who:

(1) is or was a director, alternate director, officer, employee or agent of the Company;

(2) is or was a director, alternate director, officer, employee or agent of a corporation at a time when the corporation is or was an affiliate of the Company;

(3) at the request of the Company, is or was a director, alternate director, officer, employee or agent of a corporation or of a partnership, trust, joint venture or other unincorporated entity;

(4) at the request of the Company, holds or held a position equivalent to that of a director, alternate director or officer of a partnership, trust, joint venture or other unincorporated entity;

against any liability incurred by him or her as such director, alternate director, officer, employee or agent or person who holds or held such equivalent position.

PART 22, DIVIDENDS

22.1 Payment of Dividends Subject to Special Rights

The provisions of this Part 22 are subject to the rights, if any, of shareholders holding shares with special rights as to dividends.

22.2 Declaration of Dividends

Subject to the *Business Corporations Act*, the directors may from time to time declare and authorize payment of such dividends as they may deem advisable.

22.3 No Notice Required

The directors need not give notice to any shareholder of any declaration under Part 22.2.

22.4 Record Date

The directors may set a date as the record date for the purpose of determining shareholders entitled to receive payment of a dividend. The record date must not precede the date on which the dividend is to be paid by more than two months. If no record date is set, the record date is 5 p.m. on the date on which the directors pass the resolution declaring the dividend.

22.5 Manner of Paying Dividend

A resolution declaring a dividend may direct payment of the dividend wholly or partly by the distribution of specific assets or of fully paid shares or of bonds, debentures or other securities of the Company, or in any one or more of those ways.

22.6 Settlement of Difficulties

If any difficulty arises in regard to a distribution under Part 22.5, the directors may settle the difficulty as they deem advisable, and, in particular, may:

(1) set the value for distribution of specific assets;

(2) determine that cash payments in substitution for all or any part of the specific assets to which any shareholders are entitled may be made to any shareholders on the basis of the value so fixed in order to adjust the rights of all parties; and

(3) vest any such specific assets in trustees for the persons entitled to the dividend.

22.7 When Dividend Payable

Any dividend may be made payable on such date as is fixed by the directors.

22.8 Dividends to be Paid in Accordance with Number of Shares

All dividends on shares of any class or series of shares must be declared and paid according to the number of such shares held.

22.9 Receipt by Joint Shareholders

If several persons are joint shareholders of any share, any one of them may give an effective receipt for any dividend, bonus or other money payable in respect of the share.

22.10 Dividend Bears No Interest

No dividend bears interest against the Company.

22.11 Fractional Dividends

If a dividend to which a shareholder is entitled includes a fraction of the smallest monetary unit of the currency of the dividend, that fraction may be disregarded in making payment of the dividend and that payment represents full payment of the dividend.

22.12 Payment of Dividends

Any dividend or other distribution payable in cash in respect of shares may be paid by cheque, made payable to the order of the person to whom it is sent, and mailed to the address of the shareholder, or in the case of joint shareholders, to the address of the joint shareholder who is first named on the central securities register, or to the person and to the address the shareholder or joint shareholders may direct in writing. The mailing of such cheque will, to the extent of the sum represented by the cheque (plus the amount of the tax required by law to be deducted), discharge all liability for the dividend unless such cheque is not paid on presentation or the amount of tax so deducted is not paid to the appropriate taxing authority.

22.13 Capitalization of Surplus

(as approved by the shareholders of the Company at an Annual and Extraordinary General Meeting held on May 28, 2004)

1. Purpose

1.01 The purpose of the Incentive Stock Option Plan (the **"Plan"**) is to promote the profitability and growth of **Polymet Mining Corp.** (the **"Company"**) or a subsidiary thereof by facilitating the efforts of the Company and its subsidiaries to obtain and retain key individuals. The Plan provides an incentive for and encourages ownership of the Company's shares by its key individuals so that they may increase their stake in the Company and benefit from increases in the value of the Company's shares.

1.02 The term "subsidiaries" for the purpose of the Plan will include **Polymet Mining Inc.**, which definition may be varied by the Committee to conform with the changing interests of the Company.

2. Administration

2.01 The Plan will be administered by a committee (the **"Committee"**) of the Company's Board of Directors (the **"Board"**).

2.02 The Committee will be authorized, subject to the provisions of the Plan, to adopt such rules and regulations as it deems consistent with the Plan's provisions and, in its sole discretion, to designate options (**"Options"**) to purchase shares of the Company pursuant to the Plan. The Committee may authorize one or more individuals of the Company to execute, deliver and receive documents on behalf of the Committee.

3. Eligibility

3.01 Each person (an **"Optionee"**) who is a "Consultant", a "Director", an "Employee" or a "Management Company Employee" in relation to the Company (as those terms are defined in Policy 4.4, "Incentive Stock Options", of the TSX Venture Exchange (the **"Exchange"**)) is eligible to be granted one or more Options.

3.02 Nothing in the Plan or in any Option shall confer any right on any individual to continue in the employ of or association with the Company or its subsidiaries or will interfere in any way with the right of the Company or subsidiaries to terminate at any time the employment of a person who is an Optionee.

3.03 The Committee may from time to time at its discretion, subject to the provisions of the Plan, determine those eligible individuals to whom Options will be granted, the number of

Shares subject to such Options, the dates on which such Options are to be granted and the term of such Options.

3.04 The Committee may, at its discretion, with respect to any Option, impose additional terms and conditions which are more restrictive on the Optionee than those provided for in the Plan.

4. General Provisions

4.01 The shares to be optioned under the Plan will be authorized but unissued Common Shares without par value (**"Shares"**) of the Company.

4.02 The aggregate number of Shares for which Options may be granted will not exceed 10% of the issued and outstanding common share capital at the time that an Option is granted, subject to adjustment under Section 11 below.

4.03 Shares subject to but not issued or delivered under an Option which expires or terminates shall again be available for option under the Plan.

4.04 The number of Shares under option to any one individual in any 12-month period shall not exceed 5% of the issued and outstanding common share capital of the Company, as calculated on the date that the Option is granted; however, any one optionee may hold one or more options to acquire more than 5% of the issued share capital of the Company, PROVIDED disinterested shareholder approval is obtained.

4.05 The number of Shares under Option to any one Consultant or any one Consultant Company in any 12 month period shall not exceed 2% of the issued and outstanding common share capital of the Company, as calculated on the date that the Option is granted.

4.06 The number of Shares under Option to Employees conducting Investor Relations Activities (as defined in the applicable policies of the Exchange) in any 12 month period shall not exceed an aggregate of 2% of the issued and outstanding common share capital of the Company, as calculated on the date that the Option is granted.

4.07 The number of Shares under Option to Consultants conducting Investor Relations Activities must vest in stages over a 12 month period, with no more than 25% of the Shares vesting in any three month period. Trading of the aforesaid Shares will be monitored by the Company's Board of Directors.

4.08 Each Option will be evidenced by:

(a) a written agreement between, and executed by, the Company and the individual containing terms and conditions established by the Committee with respect to such Option and which will be consistent with the provisions of the Plan; or

(b) a certificate executed by the Company and delivered to the Optionee setting out the material terms of the Option, with a copy of this Plan attached thereto.

4.09 An Option may not be assigned or transferred. During the lifetime of an Optionee, the Option may be exercised only by the Optionee.

5. Term of Option

5.01 The maximum term of any Option, for so long as the Company is a Tier 1 issuer, will be 10 years

5.03 The Company shall be under no obligation to give an Optionee notice of termination of an Option.

5.04 A change of employment shall not be considered a termination so long as the Optionee continues to be employed by the Company or its subsidiaries, if any.

6. Option Price

6.01 The price per Share at which Shares may be purchased upon the exercise of an Option (the **"Option Price"**) must not be less than the **"Discounted Market Price"** (as defined in the policies of the Exchange, provided that the Option Price shall not be less that $0.10 per Share).

6.02 The Option Price must be paid in full at the time of exercise of the Option and no Shares will be issued and delivered until full payment is made.

6.03 An Optionee will not be deemed the holder of any Shares subject to his Option until the Shares are delivered to him.

7. Death

7.01 Notwithstanding any other provision of this Plan, if any Optionee shall die holding an Option which has not been fully exercised, his personal representative, heirs or legatees may, at any time within one year after the date of such death (notwithstanding the normal expiry date of the Option under the provisions of Section 5 hereof) exercise the Option with respect to the unexercised balance of the Shares subject to the Option.

8. Changes in Shares

8.01 In the event the authorized common share capital of the Company as constituted on the date that this Plan comes into effect is consolidated into a lesser number of Shares or subdivided into a greater number of Shares, the number of Shares for which Options are outstanding will be decreased or increased proportionately as the case may be and the Option Price will be adjusted accordingly and the Optionees will have the benefit of any stock dividend declared during the period within which the said Optionee held his Option. Should the Company amalgamate or merge with any other company or companies (the right to do so being hereby expressly reserved) whether by way of arrangement, sale of assets and undertakings or otherwise, then and in each such case the number of shares of the resulting corporation to which an Option relates will be

determined as if the Option had been fully exercised prior to the effective date of the amalgamation or merger and the Option Price will be correspondingly increased or decreased, as applicable.

9. Cancellation of Options

9.01 The Committee may, with the consent of the Optionee, cancel an existing Option, in accordance with the policies of the Exchange.

10. Amendment or Discontinuance

10.01 The Board may alter, suspend or discontinue the Plan, but may not, without the approval of the shareholders of the Company, make any alteration which would:

(a) increase the aggregate number of Shares subject to Option under the Plan except as provided in Section 8; or

(b) decrease the Option Price except as provided in Section 8. Notwithstanding the foregoing, the terms of an existing Option may not be altered, suspended or discontinued without the consent in writing of the Optionee.

11. Disinterested Shareholder Approval

11.01 The approval of the disinterested shareholders of the Company must be obtained for the reduction in the exercise price per share of options previously granted to Insiders.

12. Interpretation

12.01 The Plan will be construed according to the laws of the Province of British Columbia.

13. Liability

13.01 No member of the Committee or any director, officer or employee of the Company will be personally liable for any act taken or omitted in good faith in connection with the Plan.

14. Hold Period

14.01 A four-month hold period on all stock options is imposed by the Exchange from the date of grant.

14.02 No hold period will be imposed by the Exchange if the exercise price of the options is not less than the Market Price (as defined in the policies of the Exchange).

THE RIGHTS

> "Until the Separation Time (as such term is defined in the Shareholder Rights Agreement referred to below), this certificate also evidences and entitles the holder hereof to certain rights as set forth in the shareholder rights agreement (the "Shareholder Rights Agreement") dated as of December 4, 2003 between Polymet Mining Corp. (the "Corporation") and Pacific Corporate Trust Company, as Rights Agent, the terms of which are hereby incorporated herein by reference and a copy of which is on file and may be inspected during normal business hours at the principal executive office of the Corporation. Under certain circumstances as set forth in the Shareholder Rights Agreement, such Rights may be amended, redeemed or exchanged, may expire, may lapse, may become void (if, in certain circumstances, they are "Beneficially Owned" by a person who is or becomes an "Acquiring Person", as such terms are defined in the Shareholder Rights Agreement, or a transferee thereof) or may be evidenced by separate certificates and may no longer be evidenced by this certificate. The Corporation will mail or arrange for the mailing of a copy of the Shareholder Rights Agreement to the holder of this certificate without charge as soon as practicable after the receipt of a written request therefor."

Certificates representing Common Shares that are issued and outstanding at the Record Time will also evidence one Right for each one Common Share evidenced thereby, notwithstanding the absence of the foregoing legend, until the close of business on the earlier of the Separation Time and the Expiration Time.

2.2 Initial Exercise Price; Exercise of Rights; Detachment of Rights:

(a) Exercise Terms: Subject to adjustment as herein set forth, each Right will entitle the holder thereof, from and after the Separation Time and prior to the Expiration Time, to purchase one Common Share for the Exercise Price. Notwithstanding any other provision of this Agreement, any Rights held by the Corporation or any of its Subsidiaries will be void.

(b) No Exercise Prior to Separation Time: Until the Separation Time:

(i) the Rights will not be exercisable and no Right may be exercised; and

(ii) each Right shall be evidenced by the certificate for the associated Common Share registered in the name of the holder thereof (which certificate shall also be deemed to represent a Rights Certificate) and shall be transferable only together with, and shall be transferred by a transfer of, such associated Common Share.

(c) Exercise After Separation Time: From and after the Separation Time and prior to the Expiration Time:

(i) the Rights are exercisable; and

(ii) the registration and transfer of Rights will be separate from and independent of Common Shares.

Promptly following the Separation Time, the Corporation will prepare and the Rights Agent will mail to each holder of record of Common Shares as of the Separation Time (other than an Acquiring Person and, in respect of any Rights Beneficially Owned by such Acquiring Person which are not held of record by such Acquiring Person, the holder of such Rights (a **"Nominee"**)), at such holder's address as shown by the records of the Corporation (the Corporation hereby agreeing to furnish copies of such records to the Rights Agent for this purpose):

(iii) a Rights Certificate appropriately completed, representing the number of Rights held by such holder at the Separation Time and having such marks of identification or designation and such legends, summaries or endorsements printed thereon as the Corporation may deem appropriate and as are not inconsistent with the provisions of this Agreement, or as may be required to comply with any law, rule or regulation or with any rule or regulation of any self-regulatory organization, stock exchange or "system" on which the Rights may from time to time be listed or traded, or to conform to usage; and

(iv) a disclosure statement describing the Rights;

provided that a Nominee shall be sent the materials provided for in (iii) and (iv) in respect of all Common Shares of the Corporation held of record by it which are not Beneficially Owned by an Acquiring Person.

(d) Manner of Exercise: Rights may be exercised, in whole or in part, on any Business Day after the Separation Time and prior to the Expiration Time by submitting to the Rights Agent:

(I) the Rights Certificate evidencing such Right;

(ii) an election to exercise such Rights (an **"Election to Exercise"**) substantially in the form attached to the Rights Certificate appropriately completed and executed by the holder or his executors or administrators or other personal representatives or his or their legal attorney duly appointed by instrument in writing in form and executed in a manner satisfactory to the Rights Agent; and

(iii) payment by certified cheque, banker's draft or money order payable to the order of the Corporation, in a sum equal to the Exercise Price multiplied by the number of Rights being exercised and a sum sufficient to cover any transfer tax or charge which may be payable in respect of any transfer involved and the transfer or delivery of Rights Certificates or the issuance or delivery of certificates of Common Shares in a name other than that of the holder of the Rights being exercised.

(e) Issue of Common Shares: Upon receipt of a Rights Certificate, together with a completed Election to Exercise executed in accordance with Subsection 2.2(d)(ii) which does not indicate that such Right is null and void as provided by Subsection 3.1(b), and payment as set forth in Section 2.2(d)(iii), the Rights Agent (unless otherwise instructed by the Corporation in the event that the Corporation is of the opinion that the Rights cannot be exercised in accordance with this Agreement) will thereupon promptly:

(i) requisition from the transfer agent certificates representing the number of Common Shares to be purchased (the Corporation hereby irrevocably authorizing its transfer agent to comply with all such requisitions);

(ii) when appropriate, requisition from the Corporation the amount of cash to be paid in lieu of issuing fractional Common Shares;

(iii) after receipt of the certificates referred to in Section 2.2(e)(i), deliver the same to or upon the order of the registered holder of such Rights Certificates, registered in such name or names as may be designated by such holder; and

(iv) when appropriate, after receipt, deliver the cash referred to in clause 2.2(e)(ii) to or to the order of the registered holder of such Rights Certificate.

(f) Partial Exercise: In case the holder of any Rights shall exercise less than all of the Rights evidenced by the Rights Certificate of such holder, a new Rights Certificate evidencing the Rights remaining unexercised (subject to the provisions of Subsection 5.5(a)) will be issued by the Rights Agent to such holder or to such holder's authorized assigns.

(g) Covenants: The Corporation covenants and agrees to:

(i) take all such action as may be necessary on its part and within its powers to ensure that all Common Shares delivered upon exercise of Rights shall, at the time of delivery of the certificates evidencing such Common Shares (subject to payment of the Exercise Price), be validly authorized, executed, issued and delivered and be fully paid and non-assessable;

(ii) take all such action as may be necessary and within its power to comply with any applicable requirements of the Company Act, the Securities Act (Ontario), the Securities Act (British Columbia), and the Securities Act (Alberta), and the securities laws or comparable legislation of each of the other provinces and territories of Canada, and any other applicable law, rule or regulation thereof, in connection with the issue and delivery of the Rights Certificates and the issuance of the Common Shares upon exercise of Rights;

(iii) use reasonable efforts to cause all Common Shares issued upon exercise of Rights to be listed upon the stock exchanges upon which the Common Shares were traded immediately prior to the Share Acquisition Date;

(iv) cause to be reserved and kept available out of the authorized and unissued Common Shares, the number of Common Shares that, as provided in this Agreement, will from time to time be sufficient to permit the exercise in full of all outstanding Rights;

(v) pay when due and payable, if applicable, any and all federal, provincial and municipal transfer taxes and charges (not including any income or capital taxes of the holder or exercising holder or any liability of the Corporation to withhold tax) which may be payable in respect of the original issuance or delivery of the Rights Certificates, or certificates for the Common Shares to be issued upon exercise of any Rights, provided that the Corporation shall not be required to pay any transfer tax or charge which may be payable in respect of any transfer involved in the transfer or delivery of Rights Certificates or the issuance or delivery of certificates for Common Shares in a name other than that of the holder of the Rights being transferred or exercised; and

(vi) after the Separation Time, except as permitted by Section 5.1, not take (or permit any subsidiary to take) any action if at the time such action is taken it is reasonably foreseeable that such action will diminish substantially or otherwise eliminate the benefits intended to be afforded by the Rights.

(h) Authorized Capital: If the number of Common Shares which are not issued or reserved for issue is insufficient to permit the exercise in full of the Rights in accordance with this Section 2.2, then each Right, when such Right is aggregated with a sufficient number of Rights to acquire a whole number of Common Shares, will entitle the holder thereof, after the Separation Time, to purchase that number of Common Shares at the Exercise Price per Common Share equal to the quotient determined by dividing the difference between the number of authorized Common Shares and the number of Common Shares then issued or allotted or reserved for issuance by the Corporation, by the number of Rights then outstanding.

2.3 Adjustments to Exercise Price; Number of Rights:

The Exercise Price, the number and kind of securities subject to purchase upon exercise of each Right and the number of Rights outstanding are subject to adjustment from time to time as provided in this Section 2.3.

(a) Share Reorganization: If the Corporation shall at any time after the date of this Agreement:

(i) declare or pay a dividend on Common Shares payable in Common Shares (or other securities exchangeable for or convertible into or giving a right to acquire Common Shares or other securities of the Corporation) other than pursuant to any optional stock dividend program;

(ii) subdivide or change the then outstanding Common Shares into a greater number of Common Shares;

(iii) consolidate or change the then outstanding Common Shares into a smaller number of Common Shares; or

(iv) issue any Common Shares for other securities exchangeable for or convertible into or giving a right to acquire Common Shares or other securities of the Corporation or in respect of, in lieu of or in exchange for existing Common Shares, except as otherwise provided in this Section 2.3,

the Exercise Price and the number of Rights outstanding, or, if the payment or effective date therefor shall occur after the Separation Time, the securities purchasable upon exercise of Rights shall be adjusted as of the payment or effective date in the manner set forth below.

If the Exercise Price and number of Rights outstanding are to be adjusted:

(1) the Exercise Price in effect after such adjustment will be equal to the Exercise Price in effect immediately prior to such adjustment divided by the number of Common Shares (or other capital stock) (the **"Expansion Factor"**) that a holder of one Common Share immediately prior to such dividend, subdivision, change, consolidation or issuance would hold thereafter as a result thereof; and

(2) each Right held prior to such adjustment will become that number of Rights as results from the application of the Expansion Factor,

and the adjusted number of Rights will be deemed to be distributed among the Common Shares with respect to which the original Rights were associated (if they remain outstanding) and the shares issued in respect of such dividend, subdivision, change, consolidation or issuance, so that each such Common Share (or other capital stock) will have exactly one Right associated with it in effect following the payment or effective date of the event referred to in Clause 2.3(a)(i), (ii), (iii) or (iv), as the case may be.

For greater certainty, if the securities purchasable upon exercise of Rights are to be adjusted, the securities purchasable upon exercise of each Right after such adjustment will be the securities that a holder of the securities purchasable upon exercise of one Right immediately prior to such dividend, subdivision, change, consolidation or issuance would hold thereafter as a result of such dividend, subdivision, change, consolidation or issuance.

If, after the Record Time and prior to the Expiration Time, the Corporation shall issue any shares of capital stock other than Common Shares in a transaction of a type described in Clause 2.3(a)(i) or (iv), shares of such capital stock shall be treated herein as nearly equivalent to Common Shares as may be practicable and appropriate under the circumstances and the Corporation and the Rights Agent agree to amend this Agreement in order to effect such treatment.

In the event the Corporation shall at any time after the Record Time and prior to the Separation Time issue any Common Shares otherwise than in a transaction referred to in this Subsection 2.3(a), each such Common Share so issued shall automatically have one new Right associated with it, which Right shall be evidenced by the certificate representing such associated Common Share.

(b) Rights Offering: If the Corporation shall at any time after the Record Time and prior to the Separation Time fix a record date for the issuance of rights, options or warrants to all holders of Common Shares entitling them (for a period expiring within 21 calendar days after such record date) to subscribe for or purchase Common Shares (or securities convertible into or exchangeable for or carrying a right to purchase Common Shares) at a price per Common Share (or, if a security convertible into or exchangeable for or carrying a right to purchase or subscribe for Common Shares, having a conversion, exchange or exercise price, including the price required to be paid to purchase such convertible or exchangeable security or right per share) less than the Market Price per Common Share on such record date, the Exercise Price to be in effect after such record date shall be determined by multiplying the Exercise Price in effect immediately prior to such record date by a fraction:

(i) the numerator of which shall be the number of Common Shares outstanding on such record date, plus the number of Common Shares that the aggregate offering price of the total number of Common Shares so to be offered (and/or the aggregate initial conversion, exchange or exercise price of the convertible or exchangeable securities or rights so to be offered, including the price required to be paid to purchase such convertible or exchangeable securities or rights) would purchase at such Market Price per Common Share; and

(ii) the denominator of which shall be the number of Common Shares outstanding on such record date, plus the number of additional Common Shares to be offered for subscription or purchase (or into which the convertible or exchangeable securities or rights so to be offered are initially convertible, exchangeable or exercisable).

In case such subscription price may be paid by delivery of consideration, part or all of which may be in a form other than cash, the value of such consideration shall be as determined in good faith by the Board of Directors, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent and the holders of Rights. Such adjustment shall be made successively whenever such a record date is fixed, and in the event that such rights, options or warrants are not so issued, or if issued, are not exercised prior to the expiration thereof, the Exercise Price shall be readjusted to the Exercise Price which would then be in effect if such record date had not been fixed, or to the Exercise Price which would be in effect based upon the number of Common Shares (or securities convertible into, or exchangeable or exercisable for Common Shares) actually issued upon the exercise of such rights, options or warrants, as the case may be.

For purposes of this Agreement, the granting of the right to purchase Common Shares (whether from treasury or otherwise) pursuant to the Dividend Reinvestment Plan or any employee benefit stock option or similar plans shall be deemed not to constitute an issue of rights, options or warrants by the Corporation; provided, however, that, in all such cases, the right to purchase Common Shares is at a price per share of not less than 95% of the current market price per share (determined as provided in such plans) of the Common Shares.

(c) Special Distribution: If the Corporation shall at any time after the Record Time and prior to the Separation Time fix a record date for the making of a distribution to all holders of Common Shares (including any such distribution made in connection with a merger or amalgamation) of evidences of indebtedness, cash (other than an annual cash dividend or a dividend paid in Common Shares, but including any dividend payable in securities other than Common Shares), assets or rights, options or warrants (excluding those referred to in Subsection 2.3(b)), the Exercise Price to be in effect after such record date shall be determined by multiplying the Exercise Price in effect immediately prior to such record date by a fraction:

(i) the numerator of which shall be the Market Price per Common Share on such record date, less the fair market value (as determined in good faith by the Board of Directors, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent and the holders of Rights), on a per share basis, of the portion of the cash, assets, evidences of indebtedness, rights, options or warrants so to be distributed; and

(ii) the denominator of which shall be such Market Price per Common Share.

Such adjustments shall be made successively whenever such a record date is fixed, and in the event that such a distribution is not so made, the Exercise Price shall be adjusted to be the Exercise Price which would have been in effect if such record date had not been fixed.

(d) Minimum Adjustments: Notwithstanding anything herein to the contrary, no adjustment in the Exercise Price shall be required unless such adjustment would require an increase or decrease of at least one per cent in the Exercise Price; provided, however, that any adjustments which by reason of this Subsection 2.3(d) are not required to be made shall be carried forward and taken into account in many subsequent adjustment. All calculations under Section 2.3 shall be made to the nearest cent or to the nearest tenthousandth of a share. Notwithstanding the first sentence of this Subsection 2.3(d), any adjustment required by Section 2.3 shall be made no later than the earlier of:

(i) three years from the date of the transaction which gives rise to such adjustment; or

(ii) the Expiration Date.

(e) Discretionary Adjustment: If the Corporation shall at any time after the Record Time and prior to the Separation Time issue any shares of capital stock (other than Common Shares), or rights, options or warrants to subscribe for or purchase any such capital stock, or securities convertible into or exchangeable for any such capital stock, in a transaction referred to in Clause 2.3(a)(i) or (iv), if the Board of Directors acting in good faith determines that the adjustments contemplated by Subsections 2.3(a), (b) and (c) in connection with such transaction will not appropriately protect the interests of the holders of Rights, the Board of Directors may determine what other adjustments to the Exercise Price, number of Rights and/or securities purchasable upon exercise of Rights would be appropriate and, notwithstanding Subsections 2.3(a), (b)and (c), such adjustments, rather than the adjustments contemplated by Subsections 2.3 (a), (b)and (c), shall be made. The Corporation and the Rights Agent shall have authority without the approval of the holders of the Common Shares or the holders of Rights to amend this Agreement as appropriate to provide for such adjustments.

(f) Benefit of Adjustments: Each Right originally issued by the Corporation subsequent to any adjustment made to the Exercise Price hereunder shall evidence the right to purchase, at the adjusted Exercise Price, the number of Common Shares purchasable from time to time hereunder upon exercise of a Right immediately prior to such issue, all subject to further adjustment as provided herein.

(g) No Change of Certificates: Irrespective of any adjustment or change in the Exercise Price or the number of Common Shares issuable upon the exercise of the Rights, the Rights Certificates theretofore and thereafter issued may continue to express the Exercise Price per Common Share and the number of Common Shares which were expressed in the initial Rights Certificates issued hereunder.

(h) Timing of Issuance: In any case in which this Section 2.3 shall require that an adjustment in the Exercise Price be made effective as of a record date for a specified event, the Corporation may elect to defer until the occurrence of such event the issuance to the holder of any Right exercised after such record date the number of Common Shares and other securities of the Corporation, if any, issuable upon such exercise over and above the number of Common Shares and other securities of the Corporation, if any, issuable upon such exercise on the basis of the Exercise Price in effect prior to such adjustment;

(i) Adjustments Regarding Tax: Notwithstanding anything contained in this Section 2.3 to the contrary, the Corporation shall be entitled to make such reductions in the Exercise Price, in addition to those adjustments expressly required by this Section 2.3, as and to the extent that in their good faith judgment the Board of Directors shall determine to be advisable, in order that any:

(i) consolidation or subdivision of Common Shares;

(ii) issuance (wholly or in part for cash) of Common Shares or securities that by their terms are convertible into or exchangeable for Common Shares;

(iii) stock dividends; or

(iv) issuance of rights, options or warrants referred to in this Section 2.3,

hereafter made by the Corporation to holders of its Common Shares, shall not be taxable to such shareholders.

2.4 Date on Which Exercise is Effective:

Each Person in whose name any certificate for Common Shares or other securities, if applicable, is issued upon the exercise of Rights shall for all purposes be deemed to have become the holder of record of the Common Shares or other securities, if applicable, represented thereon, and such certificate shall be dated the date upon which the Rights Certificate evidencing such Rights was duly surrendered in accordance with Subsection 2.2(d) (together with a duly completed Election to Exercise) and payment of the Exercise Price for such Rights (and any applicable transfer taxes and other governmental charges payable by the exercising holder hereunder) was made; provided, however, that if the date of such surrender and payment is a date upon which the transfer books of the Common Shares of the Corporation are closed, such Person shall be deemed to have become the holder of record of such Common Shares on, and such certificate shall be dated, the next succeeding Business Day on which the transfer books of the Common Shares are open.

2.5 Execution, Authentication, Delivery and Dating of Rights Certificates:

(a) Execution: The Rights Certificates shall be executed on behalf of the Corporation, under its corporate seal reproduced thereon, by any one of its Chairman, President, Chief Executive Officer or a Vice-President or Secretary. The signature of any of these officers on the Rights Certificates may be manual or facsimile.

(b) Valid Signatures: Rights Certificates bearing the manual or facsimile signatures of individuals who were at any time the proper officers of the Corporation shall bind the Corporation, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the countersignature and delivery of such Rights Certificates.

(c) Delivery: Promptly after the Corporation learns of the Separation Time, the Corporation shall notify the Rights Agent of such Separation Time and shall deliver Rights Certificates executed by the Corporation to the Rights Agent for countersignature, and the Rights Agent shall countersign (manually or by facsimile signature in a manner satisfactory to the Corporation) and send such Rights Certificates to the holders of the Rights pursuant to Subsection 2.2(c) hereof. No Rights Certificate shall be valid for any purpose until countersigned by the Rights Agent in the manner described above.

(d) Date: Each Rights Certificate shall be dated the date of countersignature thereof.

2.6 Registration, Transfer and Exchange:

(a) Maintaining of Register: The Corporation shall cause to be kept a register (the "Rights Register") in which, subject to such reasonable regulations as it may prescribe, the Corporation shall provide for the registration and transfer of Rights. The Rights Agent is hereby appointed registrar for the Rights ("Rights Registrar") for the purpose of maintaining the Rights Register for the Corporation and registering Rights and transfers of Rights as herein provided and the Rights Agent hereby accepts such appointment. If the Rights Agent shall cease to be the Rights Registrar, the Rights Agent shall have the right to examine such register at all reasonable times. After the Separation Time and prior to the Expiration Time, upon surrender for registration of transfer or exchange of any Rights Certificate, and subject to the provisions of Subsection 2.6(c) below, the Corporation shall execute, and the Rights Agent shall countersign and deliver, in the name of the holder or the designated transferee or transferees, as required pursuant to the holder's instructions, one or more new Rights Certificates evidencing the same aggregate number of Rights as did the Rights Certificate so surrendered.

(b) Effect of Transfer or Exchange: All Rights issued upon any registration of a transfer or exchange of Rights Certificates shall be valid obligations of the Corporation, and such Rights shall be entitled to the same benefits under this Agreement as the Rights surrendered upon such registration of transfer or exchange.

(c) Transfer or Exchange of Rights: Every Rights Certificate surrendered for registration of transfer or exchange shall have the form of assignment thereon completed and executed, or be accompanied by a written instrument of transfer in form satisfactory to the Corporation or the Rights Agent, as the case may be, executed by the holder thereof or the attorney of such holder duly authorized in writing. As a condition to the issue of any new Rights Certificate under this Section 2.6, the Corporation may require the payment of an amount sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and other expenses, including the reasonable fees and expenses of its Rights Agent, connected therewith.

(d) No Transfer or Exchange After Termination: The Corporation shall not be required to register the transfer or exchange of any Rights after the Rights have been terminated under Section 5.1(e) hereof.

2.7 Mutilated, Destroyed, Lost and Stolen Rights Certificates:

(a) Mutilation: If there shall be delivered to the Corporation and the Rights Agent prior to the Expiration Time, evidence to their satisfaction of the mutilation or defacing of any Rights Certificate, the Corporation shall execute and the Rights Agent shall countersign and deliver a new Rights Certificate upon surrender and cancellation of the mutilated or defaced Rights Certificate.

(b) Destruction, Loss: If there shall be delivered to the Corporation and the Rights Agent prior to the Expiration Time:

(i) evidence to their satisfaction of the destruction, loss or theft of any Rights Certificate; and

(ii) such security or indemnity as may be required by them to save each of them and their respective agents harmless, then, in the absence of notice to the Corporation or the Rights Agent that such Rights Certificate has been acquired by a bona fide purchaser, the Corporation shall execute and the Rights Agent shall countersign and deliver, in lieu of any such destroyed, lost or stolen Rights Certificate, a new Rights Certificate evidencing the same number of Rights as did the Rights Certificate so destroyed, lost or stolen.

(c) Taxes: As a condition to the issue of any new Rights Certificate under this Section 2.7, the Corporation may require the payment of an amount sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses, including the reasonable fees and expenses of the Rights Agent, connected therewith.

(d) Original Obligation: Every new Rights Certificate issued pursuant to this Section 2.7 in lieu of any mutilated, destroyed, lost or stolen Rights Certificate shall evidence an original additional contractual obligation of the Corporation, whether or not the mutilated, destroyed, lost or stolen Rights Certificate shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Agreement equally and proportionately with any and all other Rights issued hereunder.

2.8 Persons Deemed Owners:

The Corporation, the Rights Agent and any agent of the Corporation or the Rights Agent may deem and treat the person in whose name such Rights Certificate (or, prior to the Separation Time, the associated Common Share certificate) is registered as the absolute owner thereof and of the Rights evidenced thereby for all purposes whatsoever. As used in this Agreement, unless the context otherwise requires, the term "holder" of any Right shall mean the registered holder of such Right (or, prior to the Separation Time of the associated Common Share).

2.9 Delivery and Cancellation of Certificates:

All Rights Certificates surrendered upon exercise or for redemption, registration of transfer or exchange shall, if surrendered to any person other than the Rights Agent, be delivered to the Rights Agent and, in any case, shall be promptly cancelled by the Rights Agent. The Corporation may at any time deliver to the Rights Agent for cancellation any Rights Certificates previously countersigned and delivered hereunder which the Corporation may have acquired in any manner whatsoever, and all Rights Certificates so delivered shall be promptly cancelled by the Rights Agent. No Rights Certificates shall be countersigned in lieu of or in exchange for any Rights Certificates cancelled as provided in this Section 2.9, except as expressly permitted by this Agreement. The Rights Agent shall destroy all cancelled Rights Certificates and deliver a certificate of destruction to the Corporation.

2.10 Agreement of Rights Holders:

Every holder of Rights by accepting the same consents and agrees with the Corporation and the Rights Agent and with every other holder of Rights that:

(a) such holder is bound by and subject to the provisions of this Agreement, as amended from time to time in accordance with the terms hereof, in respect of all Rights held;

(b) prior to the Separation Time, each Right shall be transferable only together with, and shall be transferred by a transfer of, the associated Common Share certificate representing such Right;

(c) after the Separation Time, the Rights Certificates shall be transferable only on the Rights Register as provided herein;

(d) prior to due presentment of a Rights Certificate (or, prior to the Separation Time, the certificate evidencing the associated Common Shares certificate) for registration of transfer, the Corporation, the Rights Agent and any agent of the Corporation or the Rights Agent may deem and treat the Person in whose name the Rights Certificate (or, prior to the Separation Time, the certificate evidencing the associated Common Shares certificate) is registered as the absolute owner thereof and of the Rights evidenced thereby (notwithstanding any notations of ownership or writing on such Rights Certificate or the certificate evidencing the associated Common Shares made by anyone other than the Corporation or the Rights Agent) for all purposes whatsoever, and neither the Corporation nor the Rights Agent shall be affected by any notice to the contrary;

(e) such holder has waived all rights to receive any fractional Right or any fractional Common Share or other securities upon exercise of a Right (except as provided herein); and

(f) that, subject to the provisions of Section 5.4, without the approval of any holder of Rights or Voting Shares and upon the sole authority of the Board of Directors, acting in good faith, this Agreement may be supplemented or amended from time to time to cure any ambiguity or to correct or supplement any provision contained herein which may be inconsistent with the intent of this Agreement or is otherwise defective, as provided herein.

2.11 Rights Certificate Holder Not Deemed a Shareholder:

No holder, as such, of any Rights or Rights Certificate shall be entitled to vote, receive dividends or be deemed for any purpose whatsoever the holder of any Common Share or any other share or security of the Corporation which may at any time be issuable on the exercise of the Rights represented thereby, nor shall anything contained herein or in any Rights Certificate be construed or deemed or confer upon the holder of any Right or Rights Certificate, as such, any right, title, benefit or privilege of a holder of Common Shares or any other shares or securities of the Corporation or any right to vote at any meeting of shareholders of the Corporation whether for the election of directors or otherwise or upon any matter submitted to the holders of Common Shares or any other shares of the Corporation at any meeting thereof, or to give or withhold consent to any action of the Corporation, or to receive notice of any meeting or other action affecting any holder of Common Shares or any other shares of the Corporation except as expressly provided herein, or to receive dividends, distributions or subscription rights, or otherwise, until the Rights or Rights evidenced by the Rights Certificates shall have been duly exercised in accordance with the terms and the provisions hereof.

ARTICLE 3
ADJUSTMENTS TO THE RIGHTS

3.1 Flip-in Event:

(a) Flip-In: Subject to the provisions of Sections 3.1(b), 3.2 and Section 5.1, if prior to the Expiration Time a Flip-in Event shall occur, each Right shall constitute, effective at the close of business on the tenth Trading Day after the Share Acquisition Date, the right to purchase from the Corporation, upon exercise thereof in accordance with the terms hereof, that number of Common Shares as have an aggregate Market Price on the date of consummation or occurrence of such Flip-in Event equal to twice the Exercise Price for an amount in cash equal to the Exercise Price (such right to be appropriately adjusted in a manner analogous to the applicable adjustment provided for in Section 2.3 hereof in the event that, after such date of consummation or occurrence, an event of a type analogous to any of the events described in Section 2.3 hereof shall have occurred).

(b) Certain Rights Void: Notwithstanding anything in this Agreement to the contrary, upon the occurrence of any Flip-in Event, any Rights that are or were Beneficially Owned on or after the earlier of the Separation Time and the Share Acquisition Date by:

(i) an Acquiring Person (or any Affiliate or Associate of an Acquiring Person or any Person acting jointly or in concert with an Acquiring Person or any Affiliate or Associate of an Acquiring Person); or

(ii) a transferee of Rights, directly or indirectly, of an Acquiring Person (or any Affiliate or Associate of an Acquiring Person or any Person acting jointly or in concert with an Acquiring Person or an Affiliate or Associate of an Acquiring Person), where such transferee becomes a transferee concurrently with or subsequent to the Acquiring Person becoming such in a transfer that the Board of Directors has determined is part of a plan, arrangement or scheme of an Acquiring Person (or any affiliate or associate of an Acquiring Person or any person acting jointly or in concert with an Acquiring Person or any affiliate or associate of an Acquiring Person), that has the purpose or effect of avoiding Section 3.1(b)(i),

shall become null and void without any further action and any holder of such Rights, including transferees, shall thereafter have no right to exercise such Rights under any provision of this Agreement and further shall thereafter not have any other rights whatsoever with respect to such Rights, whether under any provision of this Agreement or otherwise.

(c) Compliance with Laws: From and after the Separation Time, the Corporation shall do all acts and things as shall be necessary and within its power to ensure compliance with the provisions of this Section 3.1, including without limitation, all such acts and things that may be required to satisfy the requirements of the Securities Act (British Columbia) and the securities laws or comparable legislation of each of the Provinces of Canada in respect of the issue of Common Shares on the exercise of Rights in accordance with this Agreement.

(d) Legend: Any Rights Certificate that represents Rights Beneficially Owned by a Person described in either Section 3.1(b)(i) or (ii) or transferred to any Nominee of any such Person, and any Rights Certificate issued upon the transfer, exchange or replacement of any other Rights Certificate referred to in this sentence shall contain and be deemed to contain the following legend:

"The Rights represented by this Rights Certificate were issued to a Person who was an Acquiring Person or an Affiliate or an Associate of an Acquiring Person (as such terms are defined in the Shareholder Rights Agreement) or a Person who was acting jointly or in concert with an Acquiring Person or an Affiliate or Associate of an Acquiring Person. This Rights Certificate and the Rights represented hereby shall become void in the circumstances specified in Subsection 3.1(b) of the Shareholder Rights Agreement."

provided, however, that the Rights Agent shall not be under any responsibility to ascertain the existence of facts that would require the imposition of such legend but shall be required to impose such legend only if instructed to do so by the Corporation or if a holder fails to certify upon transfer or exchange in the space provided on the Rights Certificate that such holder is not a Person described in such legend.

3.2 Exchange Option:

(a) Optional Exchange: In the event that the Board of Directors acting in good faith shall determine that conditions exist which would eliminate or otherwise materially diminish in any respect the benefits intended to be afforded to the holders of Rights pursuant to this Agreement, the Board of Directors may at its option and without seeking the approval of holders of Common Shares or Rights at any time after a Flip-in Event has occurred, authorize the Corporation to issue and deliver in respect of each Right which is not void pursuant to Section 3.1(b) either:

(i) in return for the Exercise Price and Right, cash, debt, equity or other securities or other property or assets (or a combination thereof) having a value equal to twice the Exercise Price; or

(ii) in return for the Right and without further charge, subject to any amounts that may be required to be paid under applicable law, cash, debt, equity or other securities or other property or assets (or a combination thereof), having a value equal to the Exercise Price;

in full and final settlement of all rights attaching to the Rights; provided that the value of any such debt, equity or other securities or other property or assets shall be determined by the Board of Directors who may rely for that purpose on the advice of a nationally recognized Canadian firm of investment dealers or investment bankers selected by the Board of Directors. To the extent that the Board of Directors determines in good faith that any action need be taken pursuant to this Section 3.2, the Board of Directors may suspend the exercisability of the Rights for a period up to 60 days following the date of the occurrence of the relevant Flip-in Event in order to determine the appropriate form and value of cash, debt, equity or other securities or other property or assets (or a combination thereof) to be issued or delivered on such exchange for Rights. In the event of any such suspension, the Corporation shall notify the Rights Agent and issue as promptly as practicable a public announcement stating that the exercisability of the Rights has been temporarily suspended.

(b) Termination of Right to Exercise: If the Board of Directors authorizes and directs the exchange of cash, debt, equity or other securities or other property or assets (or a combination thereof) for Rights pursuant to Subsection 3.2(a) hereof, then without any further action or notice the right to exercise the Rights will terminate and the only right thereafter of a holder of Rights shall be to receive such cash, debt, equity or other securities or other property or assets (or a combination thereof) in accordance with the determination of the Board of Directors made pursuant to Section 3.2(a). Within 10 Business Days of the Board of Directors authorizing and directing any such exchange, the Corporation shall give notice of such exchange to the holders of such Rights in accordance with Section 5.9. Each such notice of exchange shall state the method by which the exchange of cash, debt, equity or other securities or other property or assets (or a combination thereof) for Rights will be effected.

(c) Additional Securities: If there shall not be sufficient securities authorized but unissued to permit the exchange in full of Rights pursuant to this Section 3.2, the Corporation will take all such action as may be necessary to authorize additional securities for issuance upon the exchange of Rights provided however, that the Corporation shall not be required to issue fractions of securities or to distribute certificates evidencing fractional securities. In lieu of issuing such fractional securities, subject to Section 5.5(b), there shall be paid to the registered holders of Rights to whom such fractional securities would otherwise be issuable, an amount in cash equal to the same fraction of the market price of a whole such security.

ARTICLE 4
THE RIGHTS AGENT

4.1 General:

(a) Appointment of Rights Agent: The Corporation hereby appoints the Rights Agent to act as agent for the Corporation and the holders of Rights in accordance with the terms and conditions hereof and the Rights Agent hereby accepts such appointment. The Corporation may from time to time appoint one or more Co-Rights Agents as it may deem necessary or desirable. In such event, the respective duties of the Rights Agent and any Co-Rights Agent shall be as the Corporation may determine. The Corporation agrees to pay to the Rights Agent reasonable compensation for all services rendered by it hereunder and, from time to time on demand of the Rights Agent, its reasonable expenses and counsel fees and other disbursements incurred in the administration and execution of this Agreement and the exercise and performance of its duties hereunder. The Corporation also agrees to indemnify the Rights Agent for, and to hold it harmless against, any loss, liability or expense, incurred without negligence, bad faith or wilful misconduct on the part of the Rights Agent, for anything done or omitted by the Rights Agent in connection with the acceptance and performance of this Agreement, including the costs and expenses of defending against any claim of liability, which right to indemnification shall survive the termination of this Agreement.

(b) Protection of Rights Agent: The Rights Agent shall be protected from, and shall incur no liability for or in respect of, any action taken, suffered or omitted by it in connection with its performance of this Agreement in reliance upon any certificate for Common Shares, or any Rights Certificate, certificate for other securities of the Corporation, instrument of assignment or transfer, power of attorney, endorsement, affidavit, letter, notice, direction, consent, certificate, statement or other paper or document believed by it to be genuine and to be signed, executed and, where necessary, verified or acknowledged, by the proper Person or Persons.

4.2 Merger or Amalgamation or Change of Name of Rights Agent:

(a) Merger: Any corporation into which the Rights Agent or any successor Rights Agent may be merged or amalgamated with or into, or any corporation succeeding to the shareholder services business of the Rights Agent or any successor Rights Agent, shall be the successor to the Rights Agent under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties hereto, provided that such corporation would be eligible for appointment as a successor Rights Agent under the provisions of Section 4.4 hereof. In case at the time such successor Rights Agent succeeds to the agency created by this Agreement any of the Rights Certificates have been countersigned but not delivered, any such successor Rights Agent may adopt the countersignature of the predecessor Rights Agent and deliver such Rights Certificates so countersigned, and in case at that time any of the Rights Certificates have not been countersigned, any successor Rights Agent may countersign such Rights Certificates either in the name of the predecessor Rights Agent or in the name of the successor Rights Agent, and in all such cases such Rights Certificates shall have the full force and effect provided in the Rights Certificates and in this Agreement.

(b) Chance of Name: In case at any time the name of the Rights Agent is changed and at such time any of the Rights Certificates shall have been countersigned but not delivered, the Rights Agent may adopt the countersignature under its prior name and deliver Rights Certificates so countersigned, and in case at that time any of the Rights Certificates shall not have been countersigned, the Rights Agent may countersign such Rights Certificates either in its prior name or in its changed name and in all such cases such Rights Certificates shall have the full force provided in the Rights Certificates and in this Agreement.

4.3 Duties of Rights Agent:

The Rights Agent undertakes the duties and obligations imposed by this Agreement upon the following terms and conditions, by all of which the Corporation and the holders of Rights Certificates, by their acceptance thereof, shall be bound:

(a) Legal Counsel: The Rights Agent may consult with legal counsel (who may be legal counsel for the Corporation), and the opinion of such counsel shall be full and complete authorization and protection to the Rights Agent as to any action taken or omitted to be taken by it in good faith and in accordance with such opinion.

(b) Satisfactory Proof: Whenever in the performance of its duties under this Agreement the Rights Agent deems it necessary or desirable that any fact or matter be proved or established by the Corporation prior to taking or suffering any action or omitting to take any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate signed by a person believed by the Rights Agent to be the Chairman, the President, the Chief Executive Officer or any Vice-President and by the Chief Financial Officer, the Treasurer, any Assistant Treasurer, the Secretary or any Assistant Secretary of the Corporation and delivered to the Rights Agent and such certificate shall be full authorization to the Rights Agent for any action taken, omitted or suffered in good faith by it under the provisions of this Agreement in reliance upon such certificate.

(c) Bad Faith: The Rights Agent shall be liable hereunder only for its own negligence, bad faith or wilful misconduct.

(d) Recitals: The Rights Agent shall not be liable for or by reason of any of the statements of fact or recitals contained in this Agreement or in the certificates representing Common Shares or the Rights Certificates (except its countersignature thereof) or be required to verify the same, but all such statements and recitals are and will be deemed to have been made only by the Corporation.

(e) No Responsibility: The Rights Agent shall not be under any responsibility in respect of the validity of this Agreement or the execution and delivery hereof (except the authorization, execution and delivery hereof by the Rights Agent) or in respect of the validity or execution of any certificate representing Common Shares or Rights Certificate (except its countersignature thereof), nor will it be responsible for any breach by the Corporation of any covenant or condition contained in this Agreement or in any Rights Certificate, any change in the exercisability of the Rights (including the Rights becoming void pursuant to Section 2.11 or Subsection 3.2(b) hereof) or any adjustment required under the provisions of Section 2.3 hereof or for the manner, method or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment (except with respect to the exercise of Rights after receipt of the certificate contemplated by Section 2.3 hereof describing any such adjustment) nor will it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Common Shares to be issued pursuant to this Agreement or any Rights or as to whether any Common Shares shall, when issued, be duly and validly authorized, executed, issued and delivered and be fully paid and non-assessable.

(f) Performance By Corporation: The Corporation agrees that it will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further and other acts, instruments and assurances as may reasonably be required by the Rights Agent for the carrying out or performing by the Rights Agent of the provisions of this Agreement.

(g) Persons To Give Instructions: The Rights Agent is hereby authorized to rely upon and directed to accept instructions with respect to the performance of its duties hereunder from any person believed by the Rights Agent to be the Chairman, the President, the Chief Executive Officer, any Vice-President, the Secretary, any Assistant Secretary, the Chief Financial Officer, the Treasurer or any Assistant Treasurer of the Corporation and to apply to such persons for advice or instructions in connection with its duties, and it shall not be liable for any action taken, omitted or suffered by it in good faith in accordance with the instructions of any such person.

(h) Ability To Deal: The Rights Agent and any shareholder, director, officer or employee of the Rights Agent may buy, sell or deal in Common Shares, Rights or other securities of the Corporation or become pecuniarily interested in any transaction in which the Corporation may be interested, or contract with or lend money to the Corporation or otherwise act as fully and freely as though it were not Rights Agent under this Agreement. Nothing herein shall preclude the Rights Agent from acting in any other capacity for the Corporation or for any other legal entity.

(i) No Liability: The Rights Agent may execute and exercise any of the rights or powers hereby vested in it or perform any duty hereunder either itself or by or through its attorneys or agents, and the Rights Agent shall not be answerable or accountable for any act, default, neglect or misconduct of any such attorneys or agents or for any loss to the Corporation resulting from any such act, omission, default, neglect or misconduct, provided reasonable care was exercised in the selection and continued employment thereof.

4.4 Change of Rights Agent:

The Rights Agent may resign and be discharged from its duties under this Agreement upon 90 days' notice (or such lesser notice as is acceptable to the Corporation) in writing delivered or mailed to the Corporation and to each transfer agent of Common Shares by first class or registered mail. The Corporation may remove the Rights Agent upon 60 days' notice in writing, mailed or delivered to the Rights Agent and to each transfer agent of Common Shares by first class or registered mail. If the Rights Agent should resign or be removed or otherwise become incapable of acting, the Corporation shall appoint a successor to the Rights Agent. If the Corporation fails to make such appointment within a period of 60 days after such removal or after it has been notified in writing of such resignation or incapacity by the resigning or incapacitated Rights Agent or by the holder of any Rights (which holder shall, with such notice, submit the Rights Certificate of such holder for inspection by the Corporation), then the holder of any Rights may apply to any court of competent jurisdiction for the appointment of a new Rights Agent. Any successor Rights Agent, whether appointed by the Corporation or by such a court, shall be a trust company incorporated under the laws of Canada or a province thereof authorized to carry on the business of a trust company as principal or through an agent in the Provinces of Ontario and British Columbia. After appointment, the successor Rights Agent shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named as Rights Agent without further act or deed; provided that the predecessor Rights Agent shall deliver and transfer to the successor Rights Agent any property at the time held by it hereunder, and execute and deliver any further assurance, conveyance, act or deed necessary for the purpose. Not later than the effective date of any such appointment, the Corporation shall file notice thereof in writing with the predecessor Rights Agent and the transfer agent of the Common Shares, and mail a notice thereof in writing to the holders of the Rights. Failure to give any notice provided for in this Section 4.4, however, or any defect therein, shall not affect the legality or validity of the resignation or removal of the Rights Agent or the appointment of the successor Rights Agent, as the case may be.

ARTICLE 5
MISCELLANEOUS

5.1 Redemption and Waiver:

(a) The Board of Directors acting in good faith may, until the occurrence of a Flip-in Event, upon prior written notice delivered to the Rights Agent, determine to waive the application of Section 3.1 to such particular Flip-in Event (which for greater certainty shall not include the circumstances described in Subsection 5.1(h)); provided that if the Board of Directors waives the application of Section 3.1 to a particular Flip-in Event pursuant to this Subsection 5.1(a), the Board of Directors shall be deemed to have waived the application of Section 3.1 to any other Flip-in Event which may arise in respect of any Take-Over Bid then in effect or made prior to the public announcement of the completion or termination of the transaction in respect of which the Board of Directors waived the application of Section 3.1.

(b) The Board of Directors acting in good faith may, at its option, at any time prior to the provisions of Section 3.1 becoming applicable as a result of the occurrence of a Flip-in Event, elect to redeem all but not less than all of the outstanding Rights at a redemption price of $0.0001 per Right appropriately adjusted in a manner analogous to the applicable adjustment provided for in Section 2.3 if an event of the type analogous to any of the events described in Section 2.3 shall have occurred (such redemption price being herein referred to as the **"Redemption Price"**). The redemption of the Rights by the Board of Directors may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish.

(c) In the event that prior to the occurrence of a Flip-in Event a Person acquires, pursuant to a Permitted Bid or a Competing Permitted Bid, not less than 90% of the outstanding Common Shares other than Common Shares Beneficially Owned at the date of the Permitted Bid or the Competing Permitted Bid by such Person, then the Board of Directors of the Corporation shall immediately upon the consummation of such acquisition without further formality be deemed to have elected to redeem the Rights at the Redemption Price.

(d) Where a Take-Over Bid that is not a Permitted Bid Acquisition is withdrawn or otherwise terminated after the Separation Time has occurred and prior to the occurrence of a Flip-in Event, the Board of Directors may elect to redeem all the outstanding Rights at the Redemption Price.

(e) If the Board of Directors is deemed under Subsection 5.1(c) to have elected, or elects under either of Subsection 5.1(b) or (d), to redeem the Rights, the right to exercise the Rights will thereupon, without further action and without notice, terminate and the only right thereafter of the holders of Rights shall be to receive the Redemption Price.

(f) Within 10 days after the Board of Directors is deemed under Subsection 5.1(c) to have elected, or elects under Subsection 5.1(b) or (d), to redeem the Rights, the Corporation shall give notice of redemption to the holders of the then outstanding Rights by mailing such notice to each such holder at his last address as it appears upon the registry books of the Rights Agent or, prior to the Separation Time, on the registry books of the transfer agent for the Common Shares. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of redemption will state the method by which the payment of the Redemption Price will be made.

(g) Upon the Rights being redeemed pursuant to Subsection 5.1(d), all the provisions of this Agreement shall continue to apply as if the Separation Time had not occurred and Rights Certificates representing the number of Rights held by each holder of record of Common Shares as of the Separation Time had not been mailed to each such holder and for all purposes of this Agreement the Separation Time shall be deemed not to have occurred.

(h) The Board of Directors may waive the application of Section 3.1 in respect of the occurrence of any Flip-in Event if the Board of Directors has determined within ten Trading Days following a Share Acquisition Date that a Person became an Acquiring Person by inadvertence and without any intention to become, or knowledge that it would become, an Acquiring Person under this Agreement and, in the event that such a waiver is granted by the Board of Directors, such Share Acquisition Date shall be deemed not to have occurred. Any such waiver pursuant to this Subsection 5.1(b) must be on the condition that such Person, within 14 days after the foregoing determination by the Board of Directors or such earlier or later date as the Board of Directors may determine (the **"Disposition Date"**), has reduced its Beneficial Ownership of Voting Shares such that the Person is no longer an Acquiring Person. If the Person remains an Acquiring Person at the close of business on the Disposition Date, the Disposition Date shall be deemed to be the date of occurrence of a further Share Acquisition Date and Section 3.1 shall apply thereto.

5.2 Expiration:

No Person shall have any rights pursuant to this Agreement or any Right after the Expiration Time, except as provided in Section 4.1 hereof.

5.3 Issue of New Rights Certificates:

Notwithstanding any of the provisions of this Agreement or of the Rights to the contrary, the Corporation may, at its option, issue new Rights Certificates evidencing Rights in such form as may be approved by the Board of Directors to reflect any adjustment or change in the number or kind of securities purchasable upon exercise of Rights made in accordance with the provisions of this Agreement.

5.4 Supplements and Amendments:

(a) The Corporation may make amendments to this Agreement to correct any clerical or typographical error or which are required to maintain the validity of this Agreement as a result of any change in any applicable legislation or regulations thereunder. The Corporation may, prior to the date of the shareholders' meeting referred to in Section 5.16, supplement or amend this Agreement without the approval of any holders of Rights or Voting Shares in order to make any changes which the Board of Directors acting in good faith may deem necessary or desirable. Notwithstanding anything in this Section 5.4 to the contrary, no such supplement or amendment shall be made to the provisions of Article 4 except with the written concurrence of the Rights Agent to such supplement or amendment.

(b) Subject to the Section 5.4(a), the Corporation may, with the prior consent of the holders of Voting Shares obtained as set forth below, at any time prior to the Separation Time, amend, vary or rescind any of the provisions of this Agreement and the Rights (whether or not such action would materially adversely affect the interests of the holders of Rights generally). Such consent shall be deemed to have been given if the action requiring such approval is authorized by the affirmative vote of a majority of the votes cast by Independent Shareholders present or represented at and entitled to be voted at a meeting of the holders of Voting Shares duly called and held in compliance with applicable laws and the constating documents of the Corporation.

(c) The Corporation may, with the prior consent of the holders of Rights, at any time on or after the Share Acquisition Date, vary or delete any of the provisions of this Agreement and the Rights (whether or not such action would materially adversely affect the interests of the holders of Rights generally), provided that no such amendment, variation or deletion shall be made to the provisions of Article 4 except with the written concurrence of the Rights Agent thereto. Such consent shall be deemed to have been given if such amendment, variation or deletion is authorized by the affirmative votes of the holders of Rights present or represented at and entitled to be voted at a meeting of the holders and representing 50% plus one of the votes cast in respect thereof.

(d) Any approval of the holders of Rights shall be deemed to have been given if the action requiring such approval is authorized by the affirmative votes of the holders of Rights present or represented at and entitled to be voted at a meeting of the holders of Rights and representing a majority of the votes cast in respect thereof. For the purposes hereof, each outstanding Right (other than Rights which are void pursuant to the provisions hereof) shall be entitled to one vote, and the procedures for the calling, holding and conduct of the meeting shall be those, as nearly as may be, which are provided in the Corporation's constating documents and the Company Act with respect to meetings of shareholders of the corporation.

(e) Any amendments made by the Corporation to this Agreement pursuant to Subsection 5.4(a) which are required to maintain the validity of this Agreement as a result of any change in any applicable legislation or regulation thereunder shall:

(i) if made before the Separation Time, he submitted to the shareholders of the Corporation at the next meeting of shareholders and the shareholders may, by the majority referred to in Subsection 5.4(b), confirm or reject such amendment;

(ii) if made after the Separation Time, be submitted to the holders of Rights at a meeting to be called for on a date not later than immediately following the next meeting of shareholders of the Corporation and the holders of Rights may, by resolution passed by the majority referred to in Subsection 5.4(c), confirm or reject such amendment.

Any such amendment shall be effective from the date of the resolution of the Board of Directors adopting such amendment, until it is confirmed or rejected or until it ceases to be effective (as described in the next sentence) and, where such amendment is confirmed, it continues in effect in the form so confirmed. If such amendment is rejected by the shareholders or the holders of Rights or is not submitted to the shareholders or holders of Rights as required, then such amendment shall cease to be effective from and after the termination of the meeting at which it was rejected or to which it should have been but was not submitted or from and after the date of the meeting of holders of Rights that should have been but was not held, and no subsequent resolution of the Board of Directors to amend this Agreement to substantially the same effect shall be effective until confirmed by the shareholders or holders of Rights as the case may be.

5.5 Fractional Rights and Fractional Common Shares:

(a) No Fractional Rights: The Corporation shall not be required to issue fractions of Rights or to distribute Right Certificates which evidence fractional Rights. After the Separation Time, in lieu of issuing fractional Rights the Corporation shall pay to the holders of record of the Right Certificates, at the time such fractional Rights would otherwise be issuable, an amount in cash equal to the same fraction of the Market Price of one whole Right that the fraction of a Right that would otherwise be issuable is of one whole Right.

(b) No Fractional Common Shares: The Corporation shall not be required to issue fractions of Common Shares upon exercise of the Rights or to distribute certificates which evidence fractional Common Shares. In lieu of issuing fractional Common Shares, the Corporation shall pay to the holders of record of Right Certificates at the time such Rights are exercised as herein provided, an amount in cash equal to the same fraction of the Market Price of one Common Share that the fraction of a Common Share that would otherwise be issuable upon the exercise of such Right is of a whole Common Share.

5.6 Rights of Action:

Subject to the terms of this Agreement, rights of action in respect of this Agreement, other than rights of action vested solely in the Rights Agent, are vested in the respective holders of the Rights, and any holder of any Rights, without the consent of the Rights Agent or of the holder of any other Rights may, on such holder's own behalf and for such holder's own benefit and the benefit of other holders of Rights, enforce, and may institute and maintain any suit, action or proceeding against the Corporation to enforce, or otherwise act in respect of, such holder's right to exercise the Rights of such holder in the manner provided in the Rights Certificate of such holder and in this Agreement. Without limiting the foregoing or any remedies available to the holders of Rights, it is specifically acknowledged that the holders of Rights would not have an adequate remedy at law for any breach of this Agreement and shall be entitled to specific performance of the obligations under, and injunctive relief against actual or threatened violations of the obligations of any Person subject to, this Agreement.

5.7 Regulatory Approvals:

Any obligation of the Corporation or action or event contemplated by this Agreement shall be subject to the receipt of any requisite approval or consent from any governmental or regulatory authority, and without limiting the generality of the foregoing, necessary approvals of the TSX Venture Exchange and other exchanges will be obtained, such as to the issuance of Common Shares upon the exercise of Rights under Section 2.2 (d) and the issuance of convertible debt, equity or other securities or other property or assets under section 3.2. Notwithstanding anything to the contrary in this Agreement, no supplement or amendment to this Agreement or to the terms of the Rights may be made without the prior consent of the TSX Venture Exchange.

5.8 Declaration as to Non-Canadian holders:

If in the opinion of the Board of Directors (who may rely upon the advice of counsel) any action or event contemplated by this Agreement would require compliance by the Corporation with the securities laws or comparable legislation of a jurisdiction outside Canada, the Board of Directors acting in good faith shall take such actions as it may deem appropriate to ensure such compliance. In no event shall the Corporation or the Rights Agent be required to issue or deliver Rights, or securities issuable on exercise of Rights to persons who are citizens, residents or nationals of any jurisdiction other than Canada, in which such issue or delivery would be unlawful without registration of the relevant persons or securities for such purposes.

5.9 Notices:

(a) Notices or demands authorized or required by this Agreement to be given or made by the Rights Agent or by the holder of any Rights to or on the Corporation shall be sufficiently given or made if delivered, sent by registered or certified mail, postage prepaid (until another address is filed in writing with the Rights Agent), or sent by facsimile or other form of recorded electronic communication, charges prepaid and confirmed in writing, as follows:

Each of the Corporation and the Rights Agent may from time to time change its address for notice to the other given in the manner aforesaid.

5. 10 Costs of Enforcement:

The Corporation agrees that if the Corporation or any other Person the securities of which are purchasable upon exercise of Rights, fails to fulfil any of its obligations pursuant to this Agreement, then the Corporation or such Person shall reimburse the holder of any Rights for the costs and expenses (including legal fees) incurred by such holder in actions to enforce his rights pursuant to any Rights or this Agreement.

5.11 Successors:

All of the covenants and provisions of this Agreement by or for the benefit of the Corporation or the Rights Agent shall bind their respective successors and assigns and shall enure to the benefit of their respective successors and permitted assigns hereunder.

5.12 Benefits of this Agreement:

Nothing in this Agreement shall be construed to give to any Person other than the Corporation, the Rights Agent and the holders of Rights any legal or equitable right, remedy or claim under this Agreement and this Agreement shall be for the sole and exclusive benefit of the Corporation, the Rights Agent and the holders of Rights.

5.13 Governing Law:

This Agreement and each Right issued hereunder shall be deemed to be a contract made under the laws of British Columbia and for all purposes shall be governed by and construed in accordance with such laws.

5.14 Severability:

If any term or provision hereof or the application thereof in any circumstance shall, in any jurisdiction and to any extent, be invalid or unenforceable, such term or provision shall be ineffective as to such jurisdiction to the extent of such invalidity or unenforceability without invalidating or rendering unenforceable the remaining terms and provisions hereof or the application of such term or provision in circumstances other than those as to which it is held invalid or unenforceable.

5.15 Effective Date:

This Agreement is effective and in full force and effect in accordance with its terms from and after the Effective Date, subject to confirmation pursuant to section 5.16.

5.16 Confirmation:

The Corporation shall request the confirmation of this Agreement at a general meeting of holders of Voting Shares to be held no later than six months from the date of this Agreement. If the Agreement is not confirmed at such meeting by a majority of the votes cast by holders of Voting Shares who vote in respect of the confirmation of this Agreement, this Agreement and all outstanding Rights shall terminate and be void and of no further force and effect on and from the close of business on the date of termination of such meeting; provided, that termination shall not occur if a Flip-in Event has occurred (other than a Flip-in Event which has been waived pursuant to Section 5.1(a) or (h) hereof) prior to the date upon which this Agreement would otherwise terminate pursuant to this Section 5.16.

5.17 Determinations and Actions by the Board of Directors:

The Board of Directors shall have the exclusive power and authority to administer and amend this Agreement and to exercise all rights and powers specifically granted to the Board of Directors or the Corporation, or as may be necessary or advisable in the administration of this Agreement, including, without limitation, the right and power to (a) interpret the provisions of this Agreement and (b) make all determinations deemed necessary or advisable for the administration of this Agreement (including a determination to terminate or redeem or not to terminate or redeem the Rights or to amend the Agreement). All such actions, calculations, interpretations and determinations (including, for purposes of the balance of this sentence, all omissions with respect to the foregoing) which are done or made by the Board of Directors shall be final, conclusive and binding on the Corporation, the Rights Agent, the holders of Rights and all other parties and shall not subject the Board of Directors to any liability to the holders of Rights.

5.18 Counterparts:

(the "**Corporation**"), a corporation incorporated under the Company Act (British Columbia), and PACIFIC CORPORATE TRUST COMPANY, a trust company incorporated under the laws of British Columbia, as Rights Agent under the Shareholder Rights Agreement, to purchase from the Corporation at any time after the Separation Time and prior to the Expiration Time (as such terms are defined in the Shareholder Rights Agreement), one common share of the Corporation (a "**Common Share**") (subject to adjustment as provided in the Shareholder Rights Agreement) at the Exercise Price referred to below, upon presentation and surrender of this Rights Certificate with a completed and executed Form of Election to Exercise at the principal office of the Rights Agent in Vancouver, Canada. The Exercise Price shall initially be $50 (Cdn.) per Common Share and shall be subject to adjustment in certain events as provided in the Shareholder Rights Agreement.

In certain circumstances described in the Shareholder Rights Agreement, the Rights evidenced hereby may entitle the holder of record thereof to purchase shares of an entity other than the Corporation or to purchase or receive in exchange for such Rights assets, securities or shares of the Corporation other than Common Shares or more or less than one Common Share, or some combination of the foregoing, all as provided in the Shareholder Rights Agreement.

If this Rights Certificate shall be exercised in part, the holder of record shall be entitled to receive, upon surrender hereof, another Rights Certificate or Rights Certificates for the number of whole Rights not exercised.

Subject to the provision of the Shareholder Rights Agreement, the Rights evidenced by this Certificate may be redeemed by the Corporation at a redemption price of $0.0001 per Right, subject to adjustment in certain events, under certain circumstances at the option of the Corporation.

Subject to the provisions of the Shareholder Rights Agreement, the Rights evidenced by this Certificate may be terminated or amended by the Corporation at its option without the consent of holders of Rights.

No fractional Common Shares will be issued upon the exercise of any Right or Rights evidenced hereby nor will Rights Certificates be issued for less than one whole Right. After the Separation Time, in lieu of issuing factional Rights a cash payment will be made as provided in the Shareholder Rights Agreement.

No holder of this Rights Certificate, as such, shall be entitled to vote or receive dividends or be deemed for any purpose the holder of Common Shares or of any other securities which may at any time be issuable on the exercise hereof, nor shall anything contained in the Shareholder Rights Agreement or herein be construed to confer upon the holder hereof, as such, any of the rights of a shareholder of the Corporation or any right to vote for the election of directors or upon any matter submitted to shareholders of the Corporation at any meeting, to give or withhold consent to any corporate action, to receive notice of meetings or other actions affecting shareholders of the Corporation (except as provided in the Shareholder Rights Agreement), to receive dividends or subscription rights or otherwise, until the Rights evidenced by this Rights Certificate shall have been exercised as provided in the Shareholder Rights Agreement.

This Rights Certificate shall not be valid or obligatory for any purpose until it shall have been countersigned by the Rights Agent.

TFR 191382

4. PURCHASE PRICE COMPONENTS. Purchaser shall provide to Seller, as the purchase price for the Premises and the Facilities and Permits: (i) the Cash Component as defined in paragraph 4.(a) below, (ii) the Stock Component as defined in paragraph 4.(b) below, and (iii) the Assumption of Liabilities Component as defined in paragraph 4.(c) below (collectively the "Purchase Price").

(a) CASH COMPONENT. Purchaser shall pay to Seller, by wire transfer, the sum of Three Million Four Hundred Thousand and no/100 Dollars ($3,400,000.00)(U.S.) (the "Cash Component"), payable as follows:

(i) One Million and no/100 Dollars ($1,000,000.00) (U.S.) which has been paid by the Purchaser to the Seller, receipt of which is hereby acknowledged by the Seller;

(ii) Two Million Four Hundred Thousand and no/100 Dollars ($2,400,000.00) (U.S.), the unpaid principal balance of the Cash Component hereunder, together with interest on the unpaid principal balance thereof from time to time remaining hereunder at the annual simple rate of four percent (4.0%) accruing on and after the date hereof, shall be paid by the Purchaser to the Seller in quarterly installments equal to Two Hundred Fifty Thousand and no/100 Dollars ($250,000.00)(U.S.) plus interest accrued and remaining unpaid on the unpaid principal balance of the Cash Component from time to time remaining, commencing with the last day of the first full calendar quarter after the date of this contract (e.g., if the date of this contract is September 15, 2005, the first installment shall be due on December 31, 2005), and continuing thereafter on the last day of successive calendar quarters until the earlier of (A) the date 90 days after the date that Purchaser obtains a Permit to Mine and Seller and Cleveland-Cliffs Inc. are released by the State of Minnesota from the CE Remediation Obligations (as defined below), or (B) the date the principal balance of the Cash Component remaining unpaid is less than Two Hundred Fifty Thousand and no/100 Dollars ($250,000.00)(U.S.), in which event the entire principal balance of the Cash Component and all accrued interest remaining unpaid shall be due and shall be paid to the Seller on the last day of the next succeeding full calendar quarter. All payments hereunder shall be made to the Seller by wire transfer, without deduction for any wire transfer fees, in accord with wire transfer instructions given to the Purchaser by the Seller. All payments shall first be applied to accrued late charges, then to accrued interest, then toward the reduction of the unpaid principal balance, and then to any other amounts due or becoming due to the Seller hereunder. Whenever any payment to be made hereunder shall be stated to be due on a Saturday, Sunday or a holiday under the laws of the State of Minnesota, such payment may be made on the next succeeding business day, and such extension of time shall in such case be included in the computation and payment of interest hereunder.

(b) STOCK COMPONENT. The Stock Component of the Purchase Price shall be 6,200,547 shares of the common stock of PolyMet Mining Corporation ("PolyMet Canada") at a deemed value of $0.90 per share in Canadian dollars (the "Stock Component"). PolyMet shall deliver or cause PolyMet Canada to deliver to CE at Closing a stock certificate for the Stock Component. The shares of common stock in PolyMet Canada issued or delivered to CE pursuant to this Section shall be duly authorized and shall be validly issued as fully paid and non-assessable shares of common stock in PolyMet Canada. It shall be a condition precedent to the issuance and delivery of the Stock Component that notice of this transaction shall have been accepted for filing by the TSX Venture Exchange. The parties agree that CE shall have the same preemptive rights as to the Stock Component as it has to the existing one million shares of PolyMet Canada as described in Section 1.7 of the Option Agreement.

(c) ASSUMPTION OF LIABILITIES COMPONENT. Purchaser hereby assumes all Environmental and Reclamation Liabilities associated with the Premises as defined in Section 2.2 of the Option Agreement, and covenants and agrees to indemnify the Seller and Cleveland-Cliffs Inc. for all damages, losses, costs, and expenses that result therefrom, and Purchaser shall obtain a Permit to Mine and all other environmental permits necessary to conduct its mining operations on or about the Premises, which permits shall assign to Purchaser full responsibility and liability for all Environmental and Reclamation Liabilities with respect to the Premises, including without limitation Environmental and Reclamation Liabilities created by reason of Purchaser operations, and the Environmental and Reclamation Liabilities already associated with the Premises which are being assumed by Purchaser pursuant to this contract and which are presently the responsibility of Seller and guaranteed by its parent corporation, Cleveland-Cliffs Inc., the CE Remediation Obligations as defined more fully below (the "Assumption of Liabilities Component"). Because Purchaser's permitting process is not complete on the date of this contract, Purchaser's obligations in connection with Environmental and Reclamation Liabilities are limited to an assumption of such liabilities and an indemnification of Seller from those liabilities pursuant to Section 8.2 of the Option Agreement. The assumption and indemnification herein provided shall survive performance or termination of this contract. In order for Purchaser to be deemed to have fully paid the Purchase Price and to have performed the Purchaser's obligations under this contract, Seller and Cleveland-Cliffs Inc. must first have been provided with a release from the State of Minnesota of the CE Remediation Obligations.

5. CE REMEDIATION OBLIGATIONS; MINING OPERATIONS. Seller has existing obligations to perform certain environmental remediation and reclamation activities on the Premises pursuant to Seller's

Permit to Mine, Mine Closure Plan and various other environmental permits relevant to the Premises as well pursuant to the State Master Agreement among Seller, the State of Minnesota, the Minnesota Iron Range esources and Rehabilitation, the Minnesota Department Of Natural Resources, Minnesota Pollution Control Agency, The Minnesota Department of Revenue, Cleveland-Cliffs Inc, Minnesota Power, Rainy River Energy Corporation Taconite Harbor, LTV Steel Mining Company, and LTV Steel Company, Inc. ("CE Remediation Obligations"). The Purchaser covenants and agrees that it shall not commence mining operations on the Premises, before it obtains a Permit to Mine and all other environmental permits necessary to conduct its mining operations, which permits shall assign to Purchaser full responsibility and liability for all Environmental and Reclamation Liabilities with respect to the Premises, including without limitation the CE Remediation Obligations.

6. LICENSES/EASEMENTS. The Purchaser is contemporaneously granting the Seller, and its sublicensees and successors and assigns, certain licenses identified as Permitted Encumbrances in Exhibit B attached hereto, and the rights to obtain easements pursuant thereto, over, across, and under the Premises for the use and purposes set forth in the licenses, and is reserving unto itself, and its successors and assigns, the easement for environmental remediation and reclamation set forth in Exhibit C attached hereto, which is also identified as a Permitted Encumbrance in Exhibit B attached hereto.

7. PREPAYMENT. Unless otherwise provided in this contract, Purchaser shall have the right to fully or partially prepay this contract at any time without penalty. Any partial prepayment shall be applied first to payment of amounts then due under this contract, including unpaid accrued interest, and the balance shall be applied to the principal installments to be paid in the inverse order of their maturity. Partial prepayment shall not postpone the due date of the installments to be paid pursuant to this contract or change the amount of such installments.

. REAL ESTATE TAXES AND ASSESSMENTS. Seller shall pay all real estate taxes and installments of special assessments assessed against the Premises which first became due and payable in calendar years prior to the calendar year containing the date of this contract, and any penalties and interest due with regard thereto. Real estate taxes and installments of special assessments first becoming due and payable during the calendar year containing the date of this contract shall be pro rated between the Seller and the Purchaser on a per diem basis, based on a 365 day year, the Seller being responsible for and obligated to pay those attributable (on the pro rated basis) to the number of days in the calendar year preceding and including the date of this contract, and the Purchaser being responsible for and obligated to pay those attributable (on the pro rated basis) to the number of days in the calendar year following the date of this contract. Purchaser shall pay, before penalty accrues, all real estate taxes and installments of special assessments assessed against the Premises which first become due and payable in the calendar year following the date of this contract, and which first become due and payable in all subsequent years.

9. PROPERTY INSURANCE.

(a) INSURED RISKS AND AMOUNT. Purchaser shall keep all buildings, improvements and fixtures now or later located on or a part of the Premises insured against loss by fire, extended coverage perils, vandalism, malicious mischief and, if applicable, steam boiler explosion for at least the amount of the full insurable value thereof. If any of the buildings, improvements or fixtures are located in a federally designated flood prone area, and if flood insurance is available for that area, Purchaser shall procure and maintain flood insurance in amounts reasonably satisfactory to Seller.

(b) OTHER TERMS. The insurance policy shall contain a loss payable clause in favor of Seller which provides that Seller's right to recover under the insurance shall not be impaired by any acts or omissions of Purchaser or Seller, and that Seller shall otherwise be afforded all rights and privileges customarily provided a mortgagee under the so-called standard mortgage clause.

(c) NOTICE OF DAMAGE. In the event of damage to the Premises by fire or other casualty, Purchaser shall promptly give notice of such damage to Seller and the insurance company.

10 DAMAGE TO THE PROPERTY.

(a) APPLICATION OF INSURANCE PROCEEDS. If the Premises is damaged by fire or other casualty, the insurance proceeds paid on account of such damage shall be applied to payment of the amounts payable by Purchaser under this contract, even if such amounts are not then due to be paid, unless Purchaser makes a permitted election described in the next paragraph. Such amounts shall be first applied to unpaid accrued interest and next to the installments to be paid as provided in this contract in the inverse order of their maturity. Such payment shall not postpone the due date of the installments to be paid pursuant to this contract or change the amount of such installments. The balance of insurance proceeds, if any, shall be the property of Purchaser. If Purchaser does not make a permitted election described in the next paragraph, then the unpaid principal balance, together with all accrued interest and other amounts due Seller shall be paid in full within

ninety days after the date of the damage to the Premises

(b) PURCHASER'S ELECTION TO REBUILD. If (i) Purchaser is not in default under this contract, or after curing any such default, (ii) the mortgagees in any prior mortgages and sellers in any prior contacts for deed do not require otherwise, (iii) the damage to the Premises occurs more than 240 days prior to the date the Purchaser's entire performance under this contract is due pursuant to paragraph 4. of this contract, and (iv) the Purchaser can complete the restoration, replacement, or repair of the damaged Premises within 120 days of the date of the damage, then Purchaser may elect to have that portion of such insurance proceeds necessary to repair, replace or restore the damaged Premises (the repair work) deposited in escrow with a bank or title insurance company qualified to do business in the State of Minnesota, or such other party as may be mutually agreeable to Seller and Purchaser. The election may only be made by written notice to Seller within sixty (60) days after the damage occurs. Also, the election will only be permitted if the plans and specifications, contracts, contractor and subcontractors for the repair work are approved by Seller, which approval Seller shall not unreasonably withhold or delay. If such a permitted election is made by Purchaser, Seller and Purchaser shall jointly deposit, when paid, such insurance proceeds into such escrow. If such insurance proceeds are insufficient for the repair work, Purchaser shall, before the commencement of the repair work, deposit into such escrow sufficient additional money to insure the full payment for the repair work. Even if the insurance proceeds are unavailable or are insufficient to pay the cost of the repair work, Purchaser shall at all times be responsible to pay the full cost of the repair work. All escrowed funds shall be held and disbursed by the escrowee in accordance with generally accepted sound construction escrow and disbursement procedures approved by the Seller, which approval shall not be unreasonably withheld, conditioned, or delayed. The cost incurred or to be incurred on account of such escrow shall be deposited by Purchaser into such escrow before the commencement of the repair work. Purchaser shall complete the repair work as soon as reasonably possible and in a good and workmanlike manner with new good quality materials, and in any event the repair work shall be completed by Purchaser within 120 days after the damage occurs. If, following the completion of and payment for the repair work, there remain any undisbursed escrow funds, such funds shall be applied to payment of the amounts payable by Purchaser under this contract in accordance with paragraph 10 (a) above.

11. INJURY OR DAMAGE OCCURING ON THE PROPERTY.

(a) LIABILITY. Seller shall be free from liability and claims for damages by reason of injuries occurring on or after the date of this contract to any person or persons or property while on or about the Premises. Purchaser shall defend and indemnify Seller from all liability, loss, costs and obligations, including reasonable attorneys' fees, on account of or arising out of any such injuries. However, Purchaser shall have no liability or obligation to Seller for such injuries which are caused by the negligence or intentional wrongful acts or omissions of Seller.

(b) LIABILITY INSURANCE. Purchaser shall, at Purchaser's own expense, procure and maintain liability insurance against claims for bodily injury, death and property damage occurring on or about the Premises in amounts reasonably satisfactory to Seller and naming Seller as an additional insured. The liability insurance to be maintained during the term of this contract shall not be less than Five Million and no/100 Dollars ($5,000,000.00)(U.S) per occurrence.

12. INSURANCE GENERALLY. The insurance which Purchaser is required to procure and maintain pursuant to paragraphs 9 and 11 of this contract shall be issued by an insurance company or companies licensed to do business in the State of Minnesota or which may issue policies pursuant to the Minnesota Surplus Lines Insurance Act and acceptable to Seller. The insurance shall be maintained by Purchaser at all times while any amount remains unpaid under this contract. The insurance policies shall provide for not less than 30 days written notice to Seller before cancellation, non-renewal, termination or change in coverage, and Purchaser shall deliver to Seller a duplicate original or certificate of such insurance policy or policies.

13. CONDEMNATION. If all or any part of the Premises is taken in condemnation proceedings instituted under power of eminent domain or is conveyed in lieu thereof under threat of condemnation, the money paid pursuant to such condemnation or conveyance in lieu thereof shall be applied to payment of the amounts payable by Purchaser under this contract, even if such amounts are not then due to be paid. Such amounts shall be applied first to unpaid accrued interest and next to the installments to be paid as provided in this contract in the inverse order of their maturity. Such payment shall not postpone the due date of the installments to be paid pursuant to this contract or change the amount of such installments. The balance, if any, shall be the property of Purchaser.

14. WASTE, REPAIR and LIENS. Purchaser shall not remove or demolish any buildings, improvements or fixtures now or later located on or a part of the Premises, nor shall Purchaser commit or allow waste of the Premises, except as provided in the Option Agreement and any amendments thereto. Purchaser shall maintain the Premises in good condition and repair. Purchaser shall not create or permit to accrue liens or adverse claims against the Premises which constitute a lien or claim against Seller's interest in the Premises. Purchaser shall pay to Seller all amounts, costs and expenses, including reasonable attorney's fees, incurred by Seller to remove

any such liens or adverse claims.

15. COMPLIANCE WITH LAWS. Purchaser shall comply or cause compliance with all laws and regulation of any governmental authority which affect the Premises or the manner of using or operating the same, and with all restrictive covenants, if any, affecting title to the Premises or the use thereof.

16. RECORDING OF CONTRACT; DEED TAX. Purchaser shall, at Purchaser's expense, record this contract in the office of the county recorder or registrar of titles in the county in which the Premises is located within four (4) months after the date hereof. Purchaser shall pay any penalty imposed under Minnesota Statutes Section 507.235 for failure to timely record the contract. Upon an agreed upon allocation of the Purchase Price between the Premises and the Facilities and Permits, Seller and Purchaser shall, upon Purchaser's full performance of this contract, equally divide and each pay one-half the deed tax due on the amount of the Purchase Price allocated to the Premises upon the recording of the deed to be delivered by Seller.

17. ASSIGNMENT.

(a) If Seller assigns its interest in the Premises or this contract, a copy of such assignment shall promptly be furnished to the non-assigning party.

(b) The Purchaser may assign its interests in the Premises and this contract to an entity owned, controlled, and managed by Purchaser (hereinafter the Purchaser's Permitted Assignee) without releasing or discharging the Purchaser from its obligations thereunder, in which event the performance by the Purchaser's Permitted Assignee of all the Purchaser's duties and obligations thereunder shall be substituted for the required performance of the Purchaser, until the Permitted Assignee defaults under this contract for deed, and upon the Purchaser's request the Seller shall execute and deliver its consent thereto in recordable form.

(c) If all or any part of the Premises or any interest in it is sold or transferred (or if the Purchaser is not a natural person and a beneficial interest in the Purchaser is sold or transferred) without Seller's prior written consent, the Seller may, at its option, require immediate payment in full of all amounts remaining unpaid hereunder, and immediate performance of all the Purchaser's obligations remaining to be performed hereunder. However, this option shall not be exercised by the Seller if exercise is prohibited by federal law as of the date of this contract.

(d) If Seller exercises this option, the Seller shall give the Purchaser notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Purchaser must pay all amounts remaining unpaid hereunder. If Purchaser fails to pay these amounts prior to expiration of this period, the Seller may invoke any remedies permitted by this contract or by law without any further notice or demand on the Purchaser.

18. PROTECTION OF INTERESTS. If Purchaser fails to pay any sum of money required under the terms of this contract or fails to perform any of Purchaser's obligations as set forth in this contract, Seller may, at Seller's option, pay the same or cause the same to be performed, or both, and the amounts so paid by Seller and the cost of such performance shall be payable at once, with interest at the rate stated in paragraph 4. of this contract, as an additional amount due Seller under this contract. If there now exists, or if Seller hereafter creates, suffers or permits to accrue, any mortgage, contract for deed, lien or encumbrance against the Premises which is not herein expressly assumed by Purchaser, and provided Purchaser is not in default under this contract, Seller shall timely pay all amounts due thereon, and if Seller fails to do so, Purchaser may, at Purchaser's option, pay any such delinquent amounts and deduct the amounts paid from the installment(s) next coming due under this contract.

19. DEFAULT. The time of performance by Purchaser of the terms of this contract is an essential part of this contract, and is "of the essence". Should Purchaser fail to timely perform any of the terms of this contract, Seller may, at Seller's option, elect to declare this contract cancelled and terminated by notice to Purchaser in accordance with applicable law. All right, title and interest acquired under this contract by Purchaser shall then cease and terminate, and all improvements made upon the Premises and all payments made by Purchaser pursuant to this contract shall belong to Seller as liquidated damages for breach of this contract. Neither the extension of the time for payment of any sum of money to be paid hereunder nor any waiver by Seller of Seller's rights to declare this contract forfeited by reason of any breach shall in any manner affect Seller's right to cancel this contract because of defaults subsequently occurring, and no extension of time shall be valid unless agreed to in writing. After service of notice of default and failure to cure such default within the period allowed by law, Purchaser shall, upon demand, surrender possession of the Premises to Seller, but Purchaser shall be entitled to possession of the Premises until the expiration of such period.

20. BINDING EFFECT. The terms of this contract shall run with the land and bind the parties hereto and their successors in interest.

21. HEADINGS. Headings of the paragraphs of this contract are for convenience only and do not define,

limit or construe the contents of such paragraphs.

22. NOTICES. Any notice required or permitted hereunder shall be given by personal delivery to an authorized representative of a party hereto, or mailed by United States registered or certified mail, return receipt requested, postage prepaid, or transmitted by facsimile copy followed by mailed notice, or deposited cost paid with a nationally recognized, reputable overnight courier. Notices mailed or transmitted by reputable overnight carrier shall be addressed as follows:

Purchaser:	Poly Met Mining, Inc 215 N-W 1st Avenue Grand Rapids, MN 55744-2702

23. DEVELOPMENT. Seller is the owner of certain real property located near Hoyt Lakes, Minnesota (the "Erie Site") on which are located various ore processing facilities formerly operated by LTV Steel Mining Company as part of that company's taconite mining and processing operations (the "Property") as well as certain other mining facilities to be relocated to the Property which facilities (the "Facilities") are presently located on property at the Erie Site to be retained by the Seller (the "Remaining Property"). Purchaser agrees, for itself and its permitted successors and assigns, that at no time shall it develop, use or improve the Premises in any manner which shall materially interfere with the development, improvement or use of the Remaining Property. Purchaser further agrees that the Limited Warranty Deed shall contain a restrictive covenant, in form and substance satisfactory to Seller which shall run with the land, prohibiting any development, improvement or use of the Premises which materially interferes with Seller's use of the Remaining Property.

(a) The Subscriber, and if applicable) each beneficial purchaser for whom it is acting, is a resident in the jurisdiction set out on the face page of this Subscription Agreement and the Subscriber and any such beneficial purchaser was solicited to purchase the Units solely in such jurisdiction. Such address was not created and is not used solely for the purpose of acquiring the Units and the Subscriber and any beneficial purchaser was solicited to purchase the Units solely in such jurisdiction.

(b) If the Subscriber, and (if applicable) any beneficial purchaser for whom it is acting, are resident in any of the provinces of Ontario, Alberta and British Columbia, or of a jurisdiction other than Canada or the United States or are otherwise subject to the securities laws of any of such provinces or jurisdictions, the Subscriber, on its own behalf and (if applicable) on behalf of any such beneficial purchaser, makes the representations, warranties and covenants set out in either Schedule "A", Schedule "B" or Schedule "C", as applicable, with the Corporation, and the Subscriber, and (if applicable) any such beneficial purchaser, may avail itself of one or more of the categories of prospectus exempt purchasers listed in one of Schedule "A", Schedule "B" or Schedule "C", as applicable.

(c) The Subscriber has properly completed, executed and delivered within applicable time periods to the Corporation the applicable certificate and form (dated as of the date hereof) set forth in either Schedule "A", Schedule "B" or Schedule "C" and (if applicable) Schedule "D" and the information contained therein is true and correct.

(d) The representations, warranties and covenants contained in the applicable Schedules will be true and correct both as of the date of execution of this Subscription Agreement and as of the Closing Time.

(e) The Subscriber or (if applicable) any beneficial purchaser for whom it is acting is neither a U.S. Purchaser nor subscribing for the Units for the account of a U.S. Purchaser or for resale in the United States and the Subscriber confirms that:

(i) the offer was not made to the Subscriber when the Subscriber was in the United States and, at the time the Subscriber's buy order was made, the Subscriber was outside the United States;

(v) the Subscriber has no intention to distribute either directly or indirectly any of the Securities in the United States, neither the Subscriber nor any beneficial purchaser for whom it is acting will offer, sell or otherwise dispose of the Common Shares, Warrants and Warrant Shares in the United States or to any person in the United States unless such offer, sale or disposition is made in accordance with an exemption from the

registration requirements under the U.S. Securities Act and the securities laws of all applicable states of the United States or the U.S. Securities and Exchange Commission has declared effective a registration statement in respect of such securities.

(f) If the Subscriber, or any beneficial purchaser for whom it is acting, is not a person resident in Canada, the subscription for the Units by the Subscriber, or such beneficial purchaser, does not contravene any of the applicable securities legislation in the jurisdiction in which the Subscriber or such beneficial purchaser resides and does not give rise to any obligation of the Corporation or the Agent to prepare and file a prospectus or similar document or to register the Units or to be registered with or to file any report or notice with any governmental or regulatory authority.

(g) The execution and delivery of this Subscription Agreement, the performance and compliance with the terms hereof, the subscription for the Units and the completion of the transactions described herein by the Subscriber will not result in any material breach of, or be in conflict with or constitute a material default under, or create a state of facts which, after notice or lapse of time, or both, would constitute a material default under any term or provision of the constating documents, by-laws or resolutions of the Subscriber, the Securities Laws or any other laws applicable to the Subscriber, any agreement to which the Subscriber is a party, or any judgment, decree, order, statute, rule or regulation applicable to the Subscriber.

(h) If the Subscriber is subscribing for the Units as principal, it is doing so for its own account and not for the benefit of any other person (within the meaning of applicable Securities Laws) and not with a view to the resale or distribution of all or any of the Units or if it is not subscribing as principal, it acknowledges that the Corporation may be required by law to disclose to certain regulatory authorities the identity of each beneficial purchaser of the Units for whom it is acting.

(i) In the case of a subscription for the Units by the Subscriber acting as trustee or agent (including, for greater certainty, a portfolio manager or comparable adviser) for a principal, the Subscriber is duly authorized to execute and deliver this Subscription Agreement and all other necessary documentation in connection with such subscription on behalf of each such beneficial purchaser, each of whom is subscribing as principal for its own account, not for the benefit of any other person and not with a view to the resale or distribution of the Common Shares and Warrants, and this Subscription Agreement has been duly authorized, executed and delivered by or on behalf of and constitutes a legal, valid and binding agreement of, such principal, and the Subscriber acknowledges that the Corporation and/or the Agent may be required by law to disclose the identity of each beneficial purchaser for whom the Subscriber is acting.

(j) In the case of a subscription for the Units by the Subscriber acting as principal, this Subscription Agreement has been duly authorized, executed and delivered by, and constitutes a legal, valid and binding agreement of, the Subscriber. If any person establishes a claim that any fee or other compensation is payable in connection with this subscription for the Units, the Subscriber covenants to indemnify and hold harmless the Corporation and the Agent with respect thereto and with respect to all costs reasonably incurred in the defence thereof.

(m) The Subscriber is not, with respect to the Corporation or any of its affiliates, a Control Person.

(n) If required by applicable Securities Laws or the Corporation, the Subscriber will execute, deliver and file or assist the Corporation in filing such reports, undertakings and other documents with respect to the issue of the Common Shares, Warrants or Warrant Shares as may be required by any securities commission, stock exchange or other regulatory authority.

(p) The Subscriber has not received or been provided with a prospectus, offering memorandum, within the meaning of the Securities Laws, or any sales or advertising literature in connection with the Offering and the Subscriber's decision to subscribe for the Units was not based upon, and the Subscriber has not relied upon, any oral or written representations as to facts made by or on behalf of the Corporation or the Agent. The Subscriber's decision to subscribe for the Units was based solely upon the Term Sheet attached hereto as Schedule "B" and information about the Corporation which is publicly available (any such information having been obtained by the Subscriber without independent investigation or verification by the Agent).

(q) The Subscriber is not purchasing Units with knowledge of material information concerning the Corporation which has not been generally disclosed on SEDAR.

(r) No person has made any written or oral representations:

The Subscriber further agrees that by accepting the Units, the Subscriber shall be representing and warranting that such representations, warranties, acknowledgements and covenants are true as at the Closing Time with the same force and effect as if they had been made by the Subscriber at the Closing Time and that they shall survive the purchase by the Subscriber of the Units and shall continue in full force and effect notwithstanding any subsequent disposition by the Subscriber of any of the Common Shares, Warrants or Warrant Shares.

USX and Lessee agree as follows:

Section 1 - Lease

1.1 USX does hereby let, lease and demise to Lessee all the right, title and interest now owned or hereafter acquired by USX during the term of this lease in certain lands consisting of approximately 4162.42 acres of land in Sections 1, 2, 3, 9, 10, 11, and 12, Township 59 North, Range ~~11~~ 13 West, St. Louis County, Minnesota, and more particularly described in Exhibit A attached hereto ("Premises") for the purposes hereinafter set forth.

1.2 The term of this lease shall be twenty (20) years and for such additional time as Lessee shall pay the rent required by Section 6 subject to earlier termination by Lessee pursuant to Section 22 or by USX pursuant to Section 20 or as otherwise provided in this lease.

1.3 The Premises are leased for the purpose of granting to Lessee, exclusively, the right to explore for, mine, remove, beneficiate or process and dispose of, for Lessee's own account and in any manner that Lessee may desire, but wholly at the risk of Lessee, all minerals owned by USX found therein or thereon. In connection therewith, but without in any way limiting the general rights incident to the estate granted, USX grants to Lessee, to the extent owned by USX, the right: to enter upon the Premises, and subject to all terms and provisions of this lease to occupy and use the same, and, in so doing, in, upon or under the Premises, as the case may be: to strip the surface thereof in connection with open pit mining operations; to cave and sink the surface of underlying strata; to sink drill holes, test pits and shafts; to make excavations and openings of all kinds, including underground openings; to construct and make drains, roads, railroads, tramways, conveyorways, power lines, pipe lines, and other structures, changes or improvements; to sink wells, and (subject to

the rights of the public and of the owners or occupants of other lands riparian thereto) to divert streams, ponds or lakes onto or from the Premises, and to construct new channels or beds therefor; to use the waters of any such streams, ponds or lakes, and to deposit tailings or waste products therein, subject to compliance with any applicable environmental statutes or regulations of federal, state or local governmental entitites, to deposit on the Premises earth, rock, tailings, waste products and minerals of all kinds encountered or produced by Lessee; and to erect any buildings or structures, including but not limited to mills, plants, store buildings and dwelling houses.

1.4 On or after execution of this lease, USX shall make a reasonable effort to locate and make available to Lessee for inspection and independent examination all reasonably available geologic and technical data, records, and samples in possession of USX with respect to the Premises. USX, however, makes no representations or warrantees regarding the accuracy of the information contained therein.

1.5 Unless lease is sooner terminated, Lessee shall on or before the seventh anniversary date of the lease complete a feasibility study to determine the economic viability of development. This study shall be updated each year thereafter, and the Premises shall be placed into commercial production by the end of the fourth year after demonstration of commercial feasibility.

Section 2 - After-Acquired Interest

Any right, title or interest in the Premises which may be acquired by USX during the term of this lease, or any improvement or perfection of USX's title, including the elimination of any adverse claims, to the Premises during the term of this lease, shall inure to the benefit of Lessee and become subject to all the provisions of this lease in the same manner and with the same effect as if such right, title or interest had been acquired or such improvement or perfection of title had been made prior to the execution of this lease.

Section 3 - Limitations

The rights and interests granted by this lease are granted subject to:

3.1 documents of record;

3.2 documents not of record of which USX will inform Lessee pursuant to the provisions of paragraph 4.4, and

3.3 the state of facts which a survey or inspection would disclose.

Section 4 - Title

4.1 Limited Warranties - USX claims that it is seized in fee simple only of a certain mineral estate in the Premises together with appurtenant rights and privileges to explore for, mine, and remove such minerals owned by USX. USX warrants that, if in fact said mineral estate in the Premises is owned by USX, said mineral estate is free from all encumbrances made by, through, or under USX and that so long as Lessee, its successors or assigns, keeps, performs, and observes each of the agreements and conditions to be kept, performed and observed by Lessee as herein provided or referred to, USX, its successors and assigns, shall warrant and defend Lessee, its successors and assigns, in the quiet and peaceable possession of the Premises for the uses and purposes herein provided or referred to, during the continuance of this lease, against all persons lawfully claiming or to claim the whole or any part of said owned mineral estate by, through or under USX.

4.2 Title Defects, Defense and Protection - If (a) in the opinion of Lessee's counsel, USX's title to any of the mineral estate in the Premises is defective or (b) USX's title is contested or questioned by any person, entity or governmental agency, and if USX is unable or unwilling to promptly correct the defects or alleged defects in title, Lessee may attempt to perfect, defend or initiate litigation to protect USX's title. In that event, USX shall execute all documents and shall take such other actions as are reasonably necessary to assist Lessee in its efforts to perfect, defend or protect USX's title.

4.3 Lesser Interests Provisions - Without impairment of the above warranties and representations, if USX owns a lesser interest, by quantity, in and to any one or more (or all) parts of the Premises than the entire and undivided mineral estate and interest therein, then (whether or not such lesser interest is referred to or described herein) all royalty to be paid for production derived from such parts, and all rental based on the net acreage contained in such parts, shall be reduced and shall be paid to USX only in the proportion that USX's mineral interest in such parts of the Premises bears to the entire, undivided mineral estate and interest therein. Without impairment of the above warranties and representations, if USX's mineral estate and interest in and to any one or more (or all) parts of the Premises does not include certain minerals included in the production derived

from the Premises, then (whether or not such lesser interest is referred to or described herein) all royalty to be paid USX for production derived from such parts shall be reduced by excluding from such payments to USX that part of the Net Smelter Returns that is attributable to those minerals not owned by USX.

4.4 USX shall at reasonable times allow Lessee at Lessee's own expense the right to examine at USX's Duluth, Minnesota, offices property cards (which purport to show interests acquired and rights and interests conveyed), abstracts, deeds, licenses and other documents available in said office pertaining to title to the Premises. Lessee may obtain a copy of said property cards but shall return all such abstracts, deeds, licenses and other documents to USX. USX will at Lessee's request provide Lessee with a photocopy of any such abstracts, deeds, licenses, or other documents at a reasonable charge for photocopying cost. Lessee shall hold confidentially all title data and other information of USX. Upon termination of this lease Lessee shall return to USX all copies of property cards, abstracts, deeds, licenses and other documents and all other information and material furnished by USX to Lessee and all Lessee's summaries and interpretations thereof.

Section 5 - Manner of Operations - Duties

Lessee shall have no duty or obligation, expressed or implied, to open or develop or continue in operation any mine on the Premises. Whenever Lessee deems it necessary or advisable during the term hereof, Lessee may discontinue or resume exploration, development, mining, and production operations from time to time. Nothing herein contained shall require Lessee to develop a separate shaft or shafts in the Premises nor to prevent Lessee from developing any mine or operation in the Premises solely through or in connection with Lessee's operations on or in adjoining or nearby land or lands.

Lessee's exploration, development and mining operations on the Premises and other operations on or off the Premises done pursuant to the provisions of this lease shall be conducted in a skillful and workmanlike manner and in accordance with generally accepted exploration and mining, milling, and metallurgical engineering methods, standards, and practices.

If Lessee conducts mining operations on the Premises, Lessee shall have no duty or obligation, expressed or implied, to mine, extract or remove

any ore that, in the sole judgment of Lessee, cannot be mined, milled, concentrated and further processed at a profit that Lessee considers reasonable at the time the ore will have been encountered in Lessee's operations, but in its operations Lessee shall use reasonable efforts, consistent with generally accepted mining practices, to protect and preserve such ore in a manner that will not unreasonably hinder or render dangerous or inconvenient the subsequent exploration and mining of such ore.

Section 6 - Payments

6.1 Unless sooner terminated, Lessee shall pay USX lease payments in accordance with the following schedule:

Lease Payments	Payable on or Before
$10,000	On signature of lease

6.2 The lease payments payable to USX pursuant to paragraph 6.1 above shall be considered advance royalty and shall be credited to and recoverable from production royalties as provided in Section 7 below. Said right of recovery shall apply to the first such production royalties and shall continue thereafter until Lessee has recovered the full amount of previously paid lease payments; provided, however, that USX shall not in any lease year be paid less than the amount of lease payment for that year as provided in Section 6.1 above, and also provided that in no event shall USX be liable to refund to Lessee any such advance royalty. All dollar amounts herein are expressed in U.S. dollars.

Section 7 - Production Royalty

Lessee, upon attaining commercial production, shall pay USX on or before the 30th day of April, July, October, and January (hereinafter

referred to as "quarter days") a production royalty based on the Net Smelter Returns paid or payable to Lessee for such production derived from ores from the Premises that will have been sold by Lessee during the three (3) calendar months preceding the first day of the month in which such royalty will be paid. Commercial production shall be deemed to have commenced on the day the first one thousand (1,000) tons of concentrates produced from the Premises is sold or delivered for further processing thereof to a smelter or other processing facility owned, operated, or controlled by Lessee or by a corporaton or partnership affiliated with Lessee. The production royalty shall be as follows:

b) If the net smelter return received by Lessee per ton of ore mined is $30.00 but less than $35.00, the production royalty shall be four percent (4%) of the revenue received.

c) If the net smelter return received by Lessee per ton of ore mined is $35.00 or more, the production royalty shall be five percent (5%) of the revenue received.

7.1 Net Smelter Returns shall mean the actual net proceeds received by Lessee from production sold by Lessee to a purchaser who deals at arm's length with Lessee, after deducting all treatment, processing, smelting, refining and other costs and penalties deducted or charged by the purchaser and all direct costs and expenses incurred by Lessee for transporting production from the Premises to the purchaser.

Whenever production is sold, or delivered for further processing thereof, to a smelter or other processing facility owned, operated or controlled by Lessee, or by a corporation or partnership affiliated with Lessee, such production shall be deemed sold when so delivered and the Net Smelter Return from such sale shall be computed from the metallic content of all salable metals in the production and the published wholesale price of such metals. Such prices shall be based on the average price for each such metal computed from the weekly prices published in Metals Week, published by McGraw-Hill, or any successor publication, as follows:

(a) Taconite pellets - Lower Lake Port prices;

(b) Copper - United States Producer price, f.o.b. refinery;

(c) Lead - United States Producer price;

(d) Zinc - United States Prime Western;

(e) Silver - Handy & Harman, NY, cents per troy ounce;

(f) Gold - Handy & Harman, NY;

(g) Platinum-group metals - Handy & Harman, NY;

(h) Other metals - price most representative of market in area of smelter or processing facility where Product is delivered. If such prices are not available, the prices shall be based on the average price for such metal based on the weekly prices published in Metals Week as aforesaid, less the customary toll charges for smelting and refining Product of the composition and quality sold or delivered and less the costs of transporting such Product to the smelter or other processing facility. USX shall have no right to object to any computation of Net Smelter Return after twelve months from the date of payment of the respective royalty based thereon.

7.2 The production royalty to be paid as provided in this Section 7 is the total royalty in payment for all ores and production mined, extracted, removed or produced from the Premises and sold during the term of this lease, and is subject to all the provisions of this lease, including, without limitation, the lesser interest provisions in paragraph 4.3.

7.3 All ore mined, extracted or recovered from the Premises remains owned by USX until royalty shall accrue thereon as provided in this Section 7.

7.4 Lessee shall keep complete records of all matters affecting the computation of royalties. USX shall always have the right to inspect and audit the books and accounts of Lessee used for the computation of said royalties, which right may be exercised at any reasonable time during a period of one (1) year from and after the date on which a payment of production royalty was made or a report thereon was delivered to USX.

Section 8 - Manner of Payment of Royalty

The several payments to be made to USX shall be made in lawful money of the United States of America or by checks delivered in the usual course of business to USX at such address, or at and to such bank, as USX may from time to time designate by written notice to Lessee. Any bank or banks so designated shall be deemed the agent of USX for the purpose of receiving, collecting, and receipting for such payments.

Section 9 - Quarterly Royalty Reports

At the time of making each quarterly payment of royalty pursuant to Section 7 of this lease, Lessee shall furnish to USX a written report, with respect to the period of three calendar months for which such royalty is being paid, that shall set forth in reasonable detail (a) all sales of production on which royalty is being paid, (b) the basis or respective bases upon which such royalty was computed for each such sale pursuant to Section 7, and (c) the amount of royalty being paid. Such report shall be certified by a representative of Lessee having knowledge of the facts stated therein.

Section 10 - Conduct of Operations - Restrictions and Requirements

In exercising the rights and privileges USX has granted to Lessee by this lease, exploration, development, mining, extracting, processing and other operations or activities hereunder shall be performed only to the extent Lessee in its sole discretion deems desirable, and at such times and location, and by or with such methods, as Lessee may deem desirable in its sole discretion, subject, however, to any duties provided in Section 5 and otherwise specifically provided in this lease and also to the following conditions which Lessee shall observe and comply with:

10.1 Placing of Stockpiles and Waste Dumps on Premises - Ores and waste materials produced by Lessee in its operations hereunder may be deposited upon mutually agreed-upon areas of the Premises in such manner only as not unreasonably to interfere with reasonably foreseeable operation of any mine or mines thereon, provided such future operations will be conducted in accordance with mining practice that was usual and customary at the time such ores or waste materials were deposited upon the Premises.

10.2 Treatment of Ores - Ores produced by Lessee in its operations hereunder may be concentrated or otherwise beneficiated or processed in preparation for sale at a concentration or processing plant on or off the Premises. Such concentration, beneficiation or processing shall be done with suitable and proper machinery and appliances and in a careful, good and workmanlike manner, according to good engineering and metallurgical practices and so as not to cause any greater waste of such ores than is necessary in order to produce salable production.

10.3 Residue - The tailings or residue material remaining after the processing of any ores produced by Lessee in its operations hereunder

shall belong to Lessee.

10.4 Commingling - Lessee may mix or commingle ore from the Premises with ores, materials or production from other lands provided such ore from the Premises has been sampled, analyzed, weighed and measured, in accordance with Lessee's usual and customary practice established for ores produced from the mine including the Premises, as necessary to ascertain within reasonable limits of error the allocation of production to ore from the Premises.

10.5 Use of Other Lands for Cross-Mining - Lessee may mine and remove all ores and other materials from the Premises over or across other lands or through a shaft, incline, openings, or pits sunk, driven, or made in or through other lands, and may stockpile any ores, and unsold concentrated products from ores, from the Premises upon stockpile grounds situated upon other lands. The respective rights and interests of USX and Lessee in and to any ores, and unsold concentrated products from ores, from the Premises so stockpiled upon other lands shall not be divested by the removal thereof from the Premises, and unless such other lands are owned by USX, Lessee shall first secure from the owner or owners of such other lands a written agreement properly recognizing and fully protecting and preserving the rights and interests of USX in and to such ores and unsold concentrated products; provided, that if Lessee is the owner of such other lands, such written agreement shall be granted by Lessee upon the termination, in any manner, of this lease as to such ores and unsold concentrated products then in stockpile on such other lands.

It is understood that the removal of any ores or unsold concentrated products from the Premises to other lands for stockpiling under the provisions of this paragraph 10.5 shall not be treated as a sale thereof so as to require the payment of royalty thereon, but royalty upon such ores and unsold concentrated products shall become payable only if and when the same will be sold.

Section 11 - Reports and Other Information

With respect to Lessee's exploration, mining, and processing operations in the Premises, Lessee shall furnish to USX the following periodic reports and other information:

11.1 Monthly Reports - On or before the 30th day of each calendar month, a report showing for the preceding calendar month the following, to

wit: (a) the estimated quantity and quality of all ore removed from and/or allocated to the Premises and fed directly to beneficiation or processing (separated as to respective quantities thereof for each plant and for each source of ore); (b) the estimated quantity and quality of all ore removed from and/or allocated to the Premises and placed in stockpile and not beneficiated or processed during said month (separated as to the respective quantities thereof for each stockpile); (c) the analyses and quantities of concentrate or production produced from and/or allocated to the Premises which is placed into stockpile and not sold therefrom during said month (separated as to the respective quantities thereof for each stockpile); and (d) the analyses of any tailings or residue materials resulting from the beneficiation or processing of ore (separated as to the respective quantities thereof for each place of deposition or stockpile), in accordance with Lessee's usual and customary practice for the mine and/or processing facility in question.

The monthly reports herein specified shall be required of Lessee only as to such items, if any, active during each calendar month.

In the event of commingling in accordance with the provisions hereinabove contained, such monthly reports shall reasonably disclose all relevant facts in connection with each such mixture and the determinations and allocations based thereon.

11.2 Other Information to be Furnished by Lessee - On or before the first day of March in each year, Lessee shall furnish (1) copies of Lessee's open pit and underground maps and sections (with results of any drilling shown) prepared with respect to the Premises as of the first of January in such year; and (2) a summary report of all exploration work done within the Premises by or for Lessee and such other information bearing upon the quality and quantity of the ores mined from the Premises or remaining therein.

11.3 Notwithstanding the foregoing requirements, prior to actual mining Lessee shall only be required to submit an annual report presenting a summary of exploration carried out on the Premises during the preceding year.

Section 12 - USX's Right to Enter and Inspect

USX shall be entitled through its authorized representative, duly authorized in writing, to inspect at reasonable times after reasonable prior notice and at its own risk and expense Lessee's exploration, mining and

metallurgical operations on or in the Premises, and off the Premises where involving ores mined from the Premises, and shall be entitled through such duly authorized representative to be satisfied in a reasonable manner that the obligations of Lessee are being complied with; provided, however, that the exercise of such right by USX shall not unreasonably delay or interfere with the normal progress of Lessee's mining or other operations.

Section 13 - Confidentiality of Information

Lessee shall not be required to disclose or to deliver to USX information concerning, or which might tend to reveal, processes, techniques or equipment that Lessee is under obligation to any other person not to reveal, or that is undergoing research investigation at Lessee's sole expense and risk.

USX shall maintain as confidential the information furnished USX by Lessee, or obtained by USX through inspection, relating to this lease, provided USX may disclose such information to USX's consultant and when required, in USX's opinion, by law or governmental regulations or rule; provided, however, that at least 30 days or such lesser notice if USX is required to respond in a shorter time prior to any such disclosure by USX, USX shall give notice to Lessee of the fact of the proposed disclosure and the content of the proposed disclosure.

Section 14 - Use of Premises for Cross Mining

To the extent owned by USX, Lessee is hereby granted, subject to all the terms and provisions of this lease, the rights and privileges during the continuance of this lease to use the Premises for any purpose auxiliary to Lessee's carrying on of any mining operations in any other lands and for the enjoyment of such other cross-mining rights and privileges as may be necessary or convenient from time to time in the conduct of any such mining operations; provided, that such use by Lessee of the Premises shall not, in Lessee's sole discretion, unreasonably interfere with the then reasonably foreseeable future operation of any mine or mines.

Without limiting the generality of the foregoing, it is understood that (a) any and all ore and waste materials from other lands may be mined, removed, and hoisted over or across the Premises or through a shaft, incline, openings, or pits in or upon the Premises, by any means whatsoever; (b) Lessee may construct and use in and upon the Premises all

such roads, railroad tracks, plants, structures, buildings, power lines, pipe lines, and other facilities and improvements and make all such excavations, pits, shafts, and openings therein as may be necessary or convenient for use in the conduct of any such mining operations; (c) ore and concentrates from other lands may be stockpiled upon the Premises, provided they are properly identified as to the owner thereof and provided that the same shall be removed from the Premises on or before the termination in any manner of this lease, USX hereby agreeing to recognize the rights and interests of the owners of such other lands in and to any such ore mined therefrom and concentrates derived therefrom and stockpiled upon the Premises.

Section 15 - Environmental Requirements

Lessee shall do and perform, or refrain from doing, with respect to the Premises, whatever may be reasonably required for compliance with all valid laws, ordinances, regulations, rules, orders, and requirements (now existing or hereafter enacted, adopted, or made) of any and all federal, state, county and municipal authorities having jurisdiction over the manner in which Lessee conducts its mining operations in, or use of, the Premises (including the use of other lands in connection therewith), including specifically, but not exclusively, mine land reclamation; control of stockpiling of surface overburden or ore, and of tailings basins (location, erosion, vegetation, terracing or other practical controls); stabilization of open pit embankments; solid waste disposal; and air and water pollution; and Lessee agrees to defend and save harmless USX from any cost, expense or liability arising out of the acts or omissions of Lessee regarding the same; provided, however, that Lessee shall not be required to indemnify nor defend USX for the acts or omissions of USX or its predecessors in interest, and Lessee shall not be required to perform any acts required for compliance with laws, ordinances, regulations, rules, orders and requirements of any and all federal, state, county and municipal authorities due to acts or omissions of USX or its predecessors in interest.

These obligations of Lessee shall continue indefinitely if the law so requires, shall commence when the law so requires even if it does not now do so, shall resume if the law so requires but did not do so at one time or from time to time. These obligations shall in any event continue

for so long as an uncorrected environmental condition exists after the termination of this lease up to a period of twenty-one (21) years except to the extent that USX may contribute to any environmental condition or alter the circumstances thereof by USX's mining operations on the Premises or by USX's actions in connection with any stockpiles or tailings basins on the Premises.

Section 16 - Protect Openings

Lessee shall at all times comply with all legal requirements for the fencing and other protection of pits or other excavations made by it in the conduct of its operations hereunder; and shall, upon the termination of this lease, release and surrender the Premises to USX with all pits, excavations or other openings made by Lessee thereon duly fenced and protected in such manner as will at the time fully comply with all statutory or legal requirements then in force and effect with respect thereto. Lessee's obligation to maintain fencing and other protection of pits or other excavations made by it in the conduct of its operations shall continue, commence or resume after termination of this lease if and whenever at any time or from time to time the laws impose such an obligation arising out of or resulting from activities conducted by Lessee under this lease.

Section 17 - Lessee Liability

In conducting its operations, Lessee shall fully comply with the terms and provisions of any applicable Workmen's Compensation and similar laws of the State of Minnesota and shall hold USX harmless against and from any and all loss, damage, or claims for death, personal injury, or property damage occasioned by or arising out of its operations under the terms and provisions of this lease unless same arises as a result of the gross negligence of USX committed during the term of this lease.

Section 18 - Lessee to Protect Title

Lessee shall at Lessee's sole expense protect USX's and Lessee's title to the Premises and to all buildings, equipment, improvements and other personal property placed by USX on the Premises and to all ores mined from the Premises or concentrates or unsold production derived therefrom against foreclosure of mechanics', materialmen's, laborers', or other similar liens and encumbrances arising in any manner whatsoever from or on account of Lessee's activities or operations under this lease.

Section 19 - Taxes

During the term of this lease, Lessee shall pay all taxes, assessments, fees, charges and impositions including, but not limited to, ad valorem taxes, occupation taxes, production taxes, severance taxes, franchise taxes or income taxes, levied on, assessed on, imposed on, or measured by, the minerals and ores and stockpiles of the same, concentrates derived from the minerals or ores and waste products or combinations of one or more of the foregoing in, on, under and within the Premises whether based on their value or otherwise; Lessee's improvements on the Premises; Lessee's mining, severance or production of the minerals or ores in, on, under and within the Premises and other activities or operations in or on the Premises; income resulting from mining, severing, or production of said minerals or ores; the existence of this lease or the rights and/or interests granted by this lease.

Lessee shall pay the royalty taxes assessed under the laws of the State of Minnesota against or on account of the amounts payable to USX under this lease; but Lessee shall not be required to pay any income or other taxes imposed on USX by reason of the receipt of such royalty, and Lessee shall have the right to deduct the amount of any such payments from production royalty owed to USX.

USX shall notify Lessee of, and provide Lessee with copies of, all notices of taxes, assessments, fees, charges and impositions for which Lessee shall be liable under this Section 19.

Section 20 - Default

If any taxes, assessments, rent, or royalty herein agreed to be paid by Lessee, or any part thereof, will remain unpaid after the times herein specified for the payment thereof (subject to Lessee's right to contest the validity or amount of such taxes and assessments or to take steps to secure a cancellation, reduction, readjustment, or equalization thereof), or if Lessee will fail to keep, observe, and perform any of the other covenants, agreements, and conditions in this lease expressed to be kept and performed by Lessee, and if such nonpayment or other default shall continue for thirty (30) days after receipt by Lessee of written notice from USX specifying the default complained of, then, unless the subject matter of the alleged default has been referred to arbitration as provided for in Section 31 of this lease or unless Lessee has undertaken to cure a

default which cannot reasonably be corrected within thirty (30) days and Lessee has begun correction within such thirty (30) days and continues corrective efforts with reasonable diligence until a cure is attained, then USX shall have the right, at its election, at any time thereafter while such default will continue, to declare this lease terminated and the rights and privileges of Lessee hereunder forfeited, and thereupon to take possession of the Premises, or any part thereof in the name of the whole, and without any process whatever to re-enter and repossess the same, as well as USX's and Lessee's interest in all unsold ore, concentrates, and production, and wholly to exclude from the Premises Lessee and all persons claiming under it, and all rights of Lessee in the Premises shall thereupon be terminated, subject, however, to the provisions of Section 23 hereof; and any such re-entry on the part of USX shall be without prejudice to any other remedy or proceedings that USX might have in law, equity, or otherwise by reason of any such default of Lessee for the recovery of damages, or for the recovery of possession of the Premises. Provided, however, that if Lessee will deny the default alleged by USX and will institute arbitration proceedings in the manner herein provided, the period required for the hearing and determination of such matters by arbitration shall not be deemed a part of said thirty (30) days hereinabove referred to; and if the contention of USX is sustained by the arbitration, Lessee shall have thirty (30) days after the final determination in which to correct the default so found.

The receipt by USX of any payment shall not be deemed a waiver of any of the obligations of Lessee under this Agreement.

Section 21 - Disputes or Differences Not to Interrupt Performance of Lease

Any such disagreement or controversy shall not interrupt the performance of this lease nor the continuation of operations hereunder; but such operations may be continued and settlements and payments may be made hereunder in the same manner as prior to the arising of such disagreement or controversy, until the matters in dispute will be finally determined by arbitration in the manner herein provided, and thereupon such payments or restitutions shall be made as may be required.

Section 22 - Termination by Lessee

22.1 Termination - Lessee shall have the right to terminate this

lease at any time by delivering or mailing to the address specified in accordance with Section 25 of this Agreement to USX written notice of such termination not less than ninety (90) days prior to the effective date thereof stating such intention to terminate. The termination shall take effect upon the date specified in such notice. Upon such termination, all right, title, interest and obligations of Lessee hereunder in and to the Premises shall terminate, except obligations which then have accrued under the express provisions of this lease and which then have not been paid or performed. Forthwith after delivery of the notice of termination, Lessee shall execute and record, or deliver to USX for recording, a formal release of this lease.

22.2 Delivery of Data - If Lessee terminates this lease, Lessee shall within 90 days after termination provide USX with detailed non-interpretative records of all geologic, geochemical, geophysical and drilling data collected during the course of its exploration of the Premises.

Section 23 - Lessee's Right to Remove Equipment Upon Termination of Lease - Lessee to Surrender Possession

Lessee shall have twelve (12) months after the termination of this lease during which to remove all pumps, engines, tools, machinery, rails, railway tracks, shaft headframes, structures of every kind and all other property, of every nature and description, erected or placed by Lessee in or upon the Premises, provided all taxes then due and payable and all royalties and other monies due to USX will have been paid and all other conditions, covenants, and agreements obligatory upon Lessee have been as fully performed; and on failure within said twelve (12) months to remove such property, all of the same not removed shall either (a) belong to and become the property of USX or its successors in interest, or (b) be removed by USX, in which event the cost of such removal shall be charged to Lessee and Lessee agrees to pay said cost. But Lessee shall not remove nor impair any supports placed in any underground mine in the Premises or any timber or framework necessary to the use or maintenance of any shaft or other approach to such mines or of any tramways therein; and Lessee shall not remove any fences then existing upon the Premises. Upon termination of this lease, Lessee shall not leave the Premises, as the result of its operations or business, in such condition as to constitute a continuing

menace to the lateral support of adjacent property that is not part of the Premises.

On or before the expiration of said period of twelve (12) months, Lessee shall quietly and peaceably surrender possession of the Premises to USX or its successors in interest.

Section 24 - Force Majeure

Lessee shall not be deemed to have been in default hereunder during any period of time during which mineral production is prevented by any cause reasonably beyond Lessee's control, each of which causes is called "force majeure." Force majeure shall include, without limitation, fire, flood, windstorms, other damage from the elements, strikes, labor disputes, war, insurrection, riot, plant breakdown or any other disabling cause, new statutes or new regulations or actions of government authority, court injunctions, acts of God, and acts of the public enemy. Force majeure shall not include economic factors such as loss of market or unprofitability. All periods of force majeure shall be deemed to begin at the time Lessee ceases mineral production hereunder by reason of force majeure, and Lessee shall notify USX of the beginning and ending of each such period.

Nothing in this section shall limit or defer Lessee's obligation to make payments to USX as provided in this lease.

Section 25 - Addresses

For the purposes hereof, the address of Lessee shall be:

Fleck Resources Ltd.
800-543 Granville Street
Vancouver, B.C.
Canada V6C 1X8

or such other place as Lessee will have last designated in writing to USX; and the address of USX shall be:

USX Corporation
600 Grant Street
Pittsburgh, Pennsylvania 15230
Attention: Director, Resource Management

and

USX Corporation
P. O. Box 510, M.S. 34
Provo, Utah 84603
Attention: Manager - Geology & Western Lands

or such other place as USX will have last designated in writing to Lessee.

Section 26 - Mailing of Payments, Reports, and Notices

Payments by check and routine or regular periodical reports and statements hereunder may be sent by regular mail so addressed; and if so addressed and mailed in due season, then if any of the same will not be received when due, the addressee shall notify the addressor of such failure of receipt and give the addressor a reasonable time to follow up and secure the delivery of the payment, report, or statement, or to send a duplicate thereof, before claiming any default on account of such failure of delivery. But as to any formal notices of cancellation, default, or termination, or as otherwise provided herein, the same shall be delivered to the party notified either personally or by certified mail to be effective hereunder and shall be effective upon receipt thereof by the addressee.

Section 27 - Assignment or Sublease

Lessee shall have the right to contract with others to mine the ore and to concentrate or beneficiate the ore from the Premises. Any subcontractor shall comply with all the terms and conditions of the Agreement. Lessee shall have the right to assign this lease or to sublease the same in whole or in part only with the written consent of USX, such consent wil not unreasonably be withheld. Any such contract or assignment or sublease of this lease shall not release or discharge Lessee from its obligations under this lease until and unless USX will in writing consent to such release or discharge; USX shall have the unilateral right to withhold its consent to such release or discharge. Lessee shall have the right without obtaining USX's prior written consent at any time or times to assign all or any part of its respective rights and interests hereunder to a wholly owned subsidiary or wholly owned affiliate of Lessee. Any such assignment shall not relieve or discharge Lessee from any of its obligations under this Agreement.

Section 28 - Construction

28.1 Governing Law - This lease shall be construed by the internal laws but not the conflict of laws of the State of Minnesota.

28.2 Headings - The headings used in this lease are for convenience only and shall not be deemed to be a part of this lease for purposes of construction.

28.3 Entire Agreement - All of the agreements and understandings

of the parties with reference to the Premises are embodied in this lease, and this lease supersedes all prior agreements or understandings between the parties.

28.4 Rule Against Perpetuities - Any right to acquire any interest in real or personal property under this lease must be exercised, if at all, so as to vest such interest in the acquirer within twenty-one (21) years after the effective date of this lease.

28.5 Interpretation - If any provision of this lease is determined by a court of competent jurisdiction to be in violation of law or public policy, such determination shall not affect the validity of this lease and such provision shall be interpreted or limited in such a way as to satisfy the applicable provisions of law or public policy.

Section 29 - Lease Runs With the Land and Binds Assignees

All of the covenants, conditions, and provisions of this lease shall run with the land and inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

Section 30 - Recording

Whenever requested to do so by the other party, each party during the term of this lease shall execute counterparts or a memorandum of this lease in order to place of record USX's and Lessee's rights and interests in the Premises hereunder. The recording counterparts or memorandum shall be prepared by the party making the request and shall contain or describe those terms and provisions of this lease that the party making the request deems necessary in order to comply with the applicable recording laws of the State of Minnesota. All statutory recording fees for recording the counterparts or memorandum shall be paid by the party making the request and recording the counterparts or memorandum.

Section 31 - Arbitration

Any controversy or claim arising out of or relating to this lease or the breach thereof shall be resolved in accordance with the Commercial Arbitration Rules of the American Arbitration Association in effect at the time of the arbitration. Each Party shall be responsible for its own costs, including attorney's fees, incurred in connection with the arbitration proceedings and shall share equally administrative fees and arbitrator's fees. The award shall be final and binding on the parties. Judgment or any award rendered pursuant to the arbitration proceedings may

be entered in any court with jurisdiction, on application made to any such court for judicial acceptance of the award and an order of enforcement.

WITNESS the due execution.

POLYMET MINING CORP.
(the "Company")

NOMINATING COMMITTEE CHARTER

Purpose

The function of the Nominating Committee (the "Committee") is to identify individuals qualified to become board members and to select, or to recommend that the Board of Directors select, the director nominees for the next annual meeting of stockholders, to oversee the selection and composition of committees of the Board of Directors and to oversee management continuity planning processes.

Composition

The Committee shall consist of two or more members of the Board of Directors, each of whom is determined by the Board of Directors to be "independent" in accordance with the various rules of the Toronto Stock Exchange, the B.C. and Ontario Securities Commissions, the American Stock Exchange and the U.S. Securities and Exchange Commission.

Appointment and Removal

The members of the Committee shall be appointed by the Board of Directors and shall serve until such member's successor is duly elected and qualified or until such member's earlier resignation or removal. The members of the Committee may be removed, with or without cause, by a majority vote of the Board of Directors.

Chairperson

Unless a Chairperson is elected by the full Board of Directors, the members of the Committee shall designate a Chairperson by majority vote of the full Committee membership. The Chairperson will chair all regular sessions of the Committee and set the agendas for Committee meetings.

Meetings

The Committee shall meet as frequently as circumstances dictate, but not less than once every fiscal quarter. The Chairman of the Board or any member of the Committee may call meetings of the Committee. The Committee may invite to its meetings any director, member of management of the Company, and such other persons as it deems appropriate in order to carry out its responsibilities.

Duties and Responsibilities

The Committee shall have the following duties and responsibilities:

- To establish criteria for the selection of new directors to serve on the Board of Directors, taking into account at a minimum all applicable laws, rules, regulations and listing standards, a potential candidate's experience, age, areas of expertise and other factors relative to the overall composition of the Board of Directors.

- To identify individuals believed to be qualified as candidates to serve on the Board of Directors and to select, or recommend that a majority of independent members of the Board of Directors select, the candidates for all directorships to be filled by the Board of Directors or by the shareholders at an annual or special meeting.

- To monitor the orientation and continuing education program for directors.

- To oversee and approve the management continuity planning process. Annually to review and evaluate the succession plans relating to the Chief Executive Officer and other executive officer positions and to make recommendations to the Board of Directors with respect to the selection of individuals to occupy these positions.

- Develop and recommend to the Board of Directors for its approval an annual self-evaluation process of the Board of Directors and its committees. Based on the results of the annual evaluation, as well as on any other matters the Committee shall deem relevant, the Committee shall make such recommendations to the Board of Directors regarding board processes and other items deemed appropriate to improve or ensure the effective functioning of the Board of Directors as the Committee shall from time to time deem advisable or appropriate.

- Perform any other activities consistent with this Charter, the Company's charter documents and governing law as the Committee or the Board of Directors deem appropriate.

Advisors

The Committee shall have the authority to retain a search firm to assist in identifying director candidates, and to retain outside counsel and other advisors as the Committee may deem appropriate in its sole discretion. The Committee shall have sole authority to approve related fees and retention terms.

Reports and Performance Review

The Committee shall report its actions and any recommendations to the Board of Directors after each Committee meeting and shall conduct and present to the Board of Directors an annual performance evaluation of the Committee. The Committee shall review at least annually the adequacy of this Charter and recommend any proposed changes to the Board of Directors for approval.

Disclosure of Charter

This Charter will be made available in accordance with applicable rules and regulations.
